Government of Maharashtra
on 01 February, 2020

Published by order of His Highness the Maharajah Gaekwar.

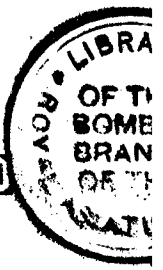
REPORT

ON

THE ADMINISTRATION

135066

THE BARODA STATE



For the Official Year ending

31st July 1895.

Baroda.

PRINTED AT THE "GOVERNMENT PRESS"

1898

00135066

HUZUR KUTCHERY,

Baroda, 1*st February* 1898.

MAY IT PLEASE YOUR HIGHNESS,

I beg to submit the accompanying report on the administration of Your Highness' State for the official year ending 31st July 1895.

I beg to remain,

Your Highness'

Most obedient and faithful Servant,

S. SRINVASA RAGHAVAIYANGAR,

Dewan.

MEMORANDUM.

Relations with the British Government.

Relations with the Residency.

The relations with the Residency and the neighbouring Native States were satisfactory.

Extradition of offenders.

2. Matters relating to the extradition of criminals between Baroda and the neighbouring British Districts and Native States continued satisfactory and will be found noticed in another part of the report. A revised arrangement relating to the conveyance and maintenance charges of extradited prisoners was made whereby the charges were required to be borne by the State demanding extradition, instead of by the State surrendering the prisoners as hitherto.

Service of Civil and Revenue notices.

3. During the year, an arrangement was made with the British Government in regard to the reciprocal free service of non-compulsory Civil and Revenue notices between the Courts in this State and those in British India.

Postal Service.

4. The working of the Post offices in these territories continued satisfactory. The changes made during the year in the number of Post offices and letter-boxes resulted in an increase of three Post offices and seventeen letter-boxes. The total number of Post offices and letter-boxes at the close of the year was, respectively, 80 and 273 as compared with 77 and 256 in the previous year. As in the four preceding years, no case of Mail robbery occurred in these territories during the year under review.

Telegraph.

5. The Indian Telegraph Act and the rules framed thereunder were made applicable by His Highness' Government to all present and future Telegraph lines in this State that have been or might be connected with the Imperial system or being isolated have been or might be thrown open to the public whose messages are charged for. The jurisdiction in respect of the special class of offences under the Act when committed in these territories is vested in His Highness' Government. It was decided to open Telegraph offices in the towns of Pattan, Visnagar, Sidhpur, Unjha, Mehsana, Vadnagar and Kheralu of the Kadi Division and to combine them with the Post offices already in existence in those places and consent was accorded to the following Telegraph lines being carried through the Baroda territory.

(1) From Petlad to Cambay.
(2) „ Agas to Baroda.
(3) „ Khijaria to Dhari via Amreli.

Giras Settlement.

Work done.

6. The Giras department investigated and decided 45 new claims to cash and land, 154 succession cases, 28 claims by co-sharers and 222 miscellaneous claims. It also attended to the representations made by the Political Agent of Rewa Kantha and the British Girassia Agent, about the awards made by the Special Settlement Officer and the claims preferred by Thakores and Bhayats. In about 300 Anghad cases, the question of guarantee was discussed and finally settled.

Amount of awards.

7. A sum of Rs. 31,889 was ordered to be paid from Government Treasuries in execution of the awards as against Rs. 15,659 paid during the previous year. In forty-four cases, claims to

cash Giras amounting to Rs. 154-8-0 per annum were purchased on payment of a lump sum of Rs. 2,631.

JUDICIAL DEPARTMENT.

Civil Justice.

Courts administering Civil Justice.

8. There were 4 new Mahal Judges' Courts established during the year at Padra, Sankheda, Kheralu and Dhari for the convenience of the puplic and the number of Courts which were at work during the year for the administration of civil justice were 32, *viz*, (1) 1 Varisht Court, (2) 4 Prant Courts, (3) 1 Sardar Court, (4) 2 Joint Judges' Courts, (5) 2 Assistant Judges' Courts and (6) 22 Mahal Courts. The Varisht Court, the four Prant Judges and the Baroda Joint Judge exercised appellate jurisdiction during the year.

Total litigation.

9. The number of original suits and the number of appeals instituted during the year in all the Courts were 21,285 and 1,003 against 19,499 and 1,176 in 1893-94. The increase in original litigation was mainly due to the additional facilities afforded by the establishment of the 4 new Courts mentioned above and to general causes.

Original litigation.

10. There were 10,366 original ordinary and 8,686 Small Cause suits in the Courts in the Mofussil against 8,016 and 8,798 in 1893-94. Except in the Baroda and the Navsari Prants where there was a fall in the number of Small Cause suits, the litigation increased in all the Prants. In the Baroda Division, the decrease in the number of Small Cause suits was more than counterbalanced by the increase in ordinary suits. In the Navsari division, however, there was a slight fall in litigation. In the Baroda City, the number of institutions was 512 original suits and 1,721 Small Cause suits against 562 and 2,123 in the preceding year.

11. The following statement shows the number of suits filed, their aggregate and average values, in the past two years in the several classes of Courts.

Description of Courts.	Number of suits instituted.		Aggregate value of suits.		Average value of suits.	
	1893-94	1894-95	1893-94	1894-95	1893-94	1894-95
Ordinary Suits.			Rs.	Rs.	Rs.	Rs.
Baroda City Courts.	562	512	3,64,698	3,17.560	649	622
Prant Judges' Courts	648	588	2,80,644	3,35,221	433	570
Mahal Judges' Courts	7,368	9,798	11,34,674	12,68,058	154	130
Total...	8,578	10,878	17,80,016	19,20,839	208	176
Small Cause Suits.						
Baroda City Courts.	2,123	1,721	1,70,419	1,46,600	80	85
Prant Judges' Courts	1,333	947	76,325	33,800	57	35
Mahal Judges' Courts	7,465	7,739	3,40,290	2,89,997	45	37
Total...	10,921	10,407	5,87,034	4,70,397	54	46

Appellate litigation.

12. The number of appeals filed in the Varisht Court and in the other appellate Courts was 395 and 608 against 462 and 714 respectively. There was a decline in the institutions in all Courts except the Amreli Prant Judge's Court.

Ordinary Civil Suits.

Ordinary suits instituted.

13. The number of ordinary suits filed rose from 8,578 to 10,878 in the year under report, shewing an increase of nearly 27 per cent. Of these, 512 or 5 per cent were filed in

the Baroda City Courts, *i. e.* the Sardar Court, Joint Judge and City Judges' Courts, 4,075 or 37 per cent in the Baroda, 4,202 or 40 per cent in the Kadi, 1,065 and 1,024 or 10 and 8 per cent in the Amreli and Nawsari Divisions. The number instituted in the Courts of the Mahal Judges (including the Baroda City Judge) was 10,196 or 9 per cent and the number filed in the Prant Judges' Courts and the Sardar Court was 682 or 6 per cent. The latter figure includes suits falling within the jurisdiction of Mahal Judges filed in the Sardar Court and in the Prant Courts of Navsari and Amreli, the Judges of which Courts try such suits. The number of suits falling exclusively within the jurisdiction of the Prant Judges *i. e.* suits of the value of over Rs. 5,000, was 22 against 23 in the preceding year.

Value and description of suits filed.

14. The value of the claims involved in the suits instituted during the year aggregated Rs. 19,20,839 against Rs. 17,80,016 in the previous year and the average value of each suit was Rs. 176 against Rs. 208. The values of the suits falling within the jurisdiction of Mahal and Prant Judges amounted to Rs. 16,66,525 and Rs. 2,54,314. 67 per cent of the suits filed were below Rs. 100 in value, 28 per cent were between Rs. 100 and Rs. 500, 3 per cent between Rs. 500 and Rs. 1000 and 2 per cent above Rs. 1000 in value. The corresponding percentages for the previous year were 59,34,5 and 2. Of the suits instituted, 9908 or 91 per cent related to money, 800 or about 8 per cent related to immoveable property and 170 or over 1 per cent to other matters. Of the money suits, about 46 per cent were based on bonds, 36 per cent on accounts stated and 18 on other khatas.

Number of suits disposed of.

15. Including the number of suits re-admitted on the file (220) and the number received by transfer or remand (521), the number for disposal during the year under report was 15,172 against 12,269. Of these, 11,102 were

disposed of against 8,716 in 1893-94, the increase in the number of disposals being 2,386 or 27 per cent; 669 suits were disposed of by the Prant Judges and 10,433 by the Mahal Judges against 724 and 7,992 respectively in the previous year.

Nature of disposals.

16. Of the number disposed of, 2,856 suits or 26 per cent were compromised or withdrawn by *Razinamas* or decreed on admission or on oath or by reference to arbitration; 1,731 or 15 per cent were struck off the file owing to plaintiff's non-appearance; 3,434 or 31 per cent were decided *exparte*; and 2,893 or 26 per cent were contested. The number disposed of in 1893-94 under the above heads was respectively 1,909, 1,443, 2,446 and 2,534, and the percentages were 22, 17, 28 and 29. One hundred eighty-eight suits or 2 per cent were transferred to other Courts against 384 or 4 per cent in the previous year.

The cause of increase in the number of suits disposed of *exparte* or by compromise, or Razinamas, and of the fall in the number of contested suits has been stated to be due to the institution of a larger number of suits of small values, many of which were such as could be disposed of *exparte* or by compromise. It is noteworthy that the percentage of suits dismissed for plaintiff's non-appearance declined in spite of an increase in the number of suits of Small Cause value filed. Of the contested suits disposed of, 84 per cent were decided in plaintiff's favor and 16 per cent in defendant's favor. The ratios in the preceding year were 83 and 17. In *exparte* disposals 98 per cent were for the plaintiff and 2 for the defendant as in the preceding year.

Average time taken in disposal of suits.

17. The average duration of each contested suit in all the Courts was 229 days and of other suits 92 days as against 255 and 89 days respectively in the preceding year. There was thus a decrease of 26 days in average duration

of contested suits and an increase of 3 days in that of other suits. The average duration in the Prant Judges' Courts for each contested suit was 340 and for other suits 112 as against 348 and 93 days respectively in the preceding year. In the Mahal Judges' Courts the average duration for each contested suit was 219 and for other suits 91 days against 242 and 89 days respectively in the previous year.

Number of witnesses.

18. On an average two witnesses were examined in each suit as in the previous year.

Number of pending suits.

19. The number of original suits pending at the end of the year was 4,070 against 3,553 in the preceding year. The increase was due to an increase in the number of suits filed and as there was an increase of 2,400 in the number of suits disposed of, the increase in the number pending disposal does not call for remark. Of the suits pending, 3,294 were of a duration not exceeding one year and 776 were more than one year old, as against 3,121 and 432 suits respectively in the previous year. The increase of 344 in the number of suits pending for more than one year has been attributed to the transfer of 521 suits from the file of Small Cause suits to that of ordinary suits, and to the duration of such suits having been calculated from the dates on which they were originally instituted.

Darkhasts for execution of decrees.

20. The number of new durkhasts or applications for execution of decrees filed in the year was 13,933 against 12,023 in the previous year; 1,321 darkhasts were filed in the District Judges' Courts and 12,612 in the Courts of the Mahal Judges, the corresponding figures in the previous year being 1,533 and 10,490. Ten darkhasts were received by transfer from other Courts against 6 in the previous year, and 5,549 were pending disposal at the commencement of the year against 5,711 in 1893-94. The number

for disposal was thus 19,492 against 17,740. The aggregate value of decree amounts, whose recovery was sought by means of new darkhasts received in the year, was Rs. 30,74,676 against Rs. 22,28,439.

Number of darkhasts disposed of.

21. The number of darkhasts disposed of during the year was 13,514 against 12,191 in the previous year. 1,363 were disposed of by District Judges and 12,151 by the Mahal Judges. The corresponding figures for the previous year were 1,555 and 10,636.

Value of property realised through darkhasts disposed of.

22. The total value realised by means of the darkhasts disposed of was Rs. 15,18,353 as against Rs. 12,13,736 in the previous year. The proportion of the total value realized to the aggregate value of the decrees for whose execution the darkhasts were made, was 30 per cent against 26 in the previous year.

The value realised in the District Judges' Courts was 13 per cent and in the Mahal Judges' Courts 45 per cent against 15 and 37 per cent respectively in the previous year.

Classification of darkhasts.

23. Of the number of darkhasts disposed of, 96 per cent related to money decrees, 3 per cent to decrees in respect of immoveable property and 1 per cent to decrees on other matters, as against 96,2 and 2 per cent respectively in the previous year.

Nature of disposals.

24. In 4,401 or 32 per cent of Darkhasts, the execution proceedings were stayed at the request of the applicants, 4,945 or 36 per cent were struck off the file; 1,780 *i. e.* 13 per cent were disposed of by means of compromise or Razinamas, &c.; and 2,382 cases *i. e.* 18 per cent ended in the execution of decrees with the aid of the Courts. The cor-

responding ratios in the preceding year were 33,38,12 and 17. The percentage of the darkhasts struck off the file fell by 2, while that of those disposed of by execution increased by 1. Of the darkhasts disposed of by way of execution with the aid of the Courts, in 1,238 cases or 52 per cent money payments were made, in 157 cases or 7 per cent possession of property was given, in 24 cases or 1 per cent the judgment-debtors were committed to the Civil Jail, in 715 cases or 30 per cent immoveable property and in 176 cases or 8 per cent moveable property was sold. The corresponding ratios in the previous year were 56, 7, 1, 29 and 5. In 72 against 15 cases the decree amounts were ordered to be paid in instalments. The value realised at the auction sales of the moveable and immoveable property sold was 74 and 71 per cent of that estimated at the time of attachment against 64 and 90 per cent respectively in 1893-94.

Average duration taken in the disposal of darkhasts.

25. The average time taken for the disposal of each darkhast was 201 days as against 217 in the previous year. It is satisfactory to note that the average duration declined in spite of the increase in the number of darkhasts disposed of.

Number pending.

26. The number of darkhasts pending at the close of the year was 5,978 against 5,549 in the previous year. Of these, 4,309 were less than one year old and 1,669 more than one year old. The corresponding figures in the previous year were 3,800 and 1,669.

Small Cause Suits.

Number of suits.

27. The number of Small Cause suits pending at the beginning of the year was 1,797 against 1,326 last year. The number filed during the year was 10,407 against 10,921 last year. The number re-admitted on the file was 149 and

that received by transfer 106, against 117 and 335 respectively in 1893-94. The total number for disposal was thus 12,459 against 12,699 in the previous year.

28. The following statement shews the number of suits filed in each Prant.

Number of suits in each division.

Baroda City.	1,721
Baroda District.	2,667
Kadi District.	3,932
Navsari Do.	1,158
Amreli Do.	929
	10,407

29. The aggregate value of Small Cause suits filed was Rs. 4,70,397 against Rs. 5,87,034 in the previous year. In regard to value of suits filed, the Baroda city stood first, the Kadi Division second, Baroda Division third, Navsari Division fourth and Amreli Division last. The average value of each Small Cause suit was Rs. 46 against Rs. 54 in the previous year. The number of suits filed classified according to their value is:—

Aggregate value of suits filed.

Suits not exceeding Rs. 25	4,790
„ exceeding Rs. 25 but not xeceeding Rs. 50	3,601
„ 50 75	653
„ 75 100	492
„ 100 150	472
„ 150 250	200
„ 250 300	46
„ 300 750	153

It will be seen from the above that 92 per cent of the suits were under Rs. 100 in value, 7 per cent were above Rs. 100 but not exceeding Rs. 250 in value, and in one per cent of the suits the value was above Rs. 250 but not more than Rs. 750.

Pecuniary Jurisdiction.

30. The pecuniary jurisdiction of a Bench of judges as to Small Cause suits has been fixed at Rs. 750. The Baroda District judge alone has been vested with the power to decide singly suits of that value. No suit involving a claim exceeding that amount can be admitted as a Small Cause suit. The courts, however, have been empowered under the Small Cause Nibandh to dispose of as Small Cause suits, suits falling within their ordinary pecuniary jurisdiction, if the parties concerned file an agreement with the plaint that the suits may be disposed of under the Small Cause Nibandh. But no suits of this kind were instituted since this Nibandh came into force.

Nature of suits.

31. Of the suits filed, 10,306 or 99 per cent were based on contracts, 17 or 0·2 per cent involved claims for damages and 84 or 0·8 per cent related to the recovery of possession or value of moveable property. Of the suits based on contract, 99·6 per cent related to recovery of money lent and 4 per cent to other matters. Of the suits relating to loan transactions, 34 per cent were based on bonds, 58 per cent on running accounts and 8 per cent on other grounds.

Number of suits disposed of.

32. The total number of suits disposed of was 11,077 against 10,902 in the previous year showing an increase of 175. 1,480 suits were disposed of by the District Judges and Joint Judges and 9163 by the Mahal Judges; and 434 suits were transferred to other Courts.

33. Of the suits disposed of by the District Judges and Joint Judges, 1,442 were decided by a Judge sitting alone and 38 by a bench of two Judges. Of those disposed of by the Mahal Judges, 7,635 were decided by a Judge sitting alone and 1,528 by a bench of two Mahal Judges. No cases requiring disposal by Judges and Arbitrators sitting as a bench were filed in the year under report; there was only one such case in the previous year.

Number disposed of by a single Judge and by Bench of Judges.

34. 2,348 suits or 21 per cent were either compromised or withdrawn by Razinamahs or decrees were passed on admission of claims or by administration of oath to the litigants or by reference to arbitration; 2,154 or 20 per cent were struck off the file owing to the absence of the plaintiffs; 4,104 or 37 per cent were decided *exparte*; and 2,029 or 18 per cent were disposed of after contest. The corresponding ratios for the preceding year were 22, 22, 37 and 17. The ratios in the two years are nearly the same. Of the contested and *exparte* decrees, 5,898 were in favour of the plaintiffs and 235 in favour of the defendants. The percentages of the above figures for the years 1893-94 and 1894-95 were respectively 96·4 and 95·5. Of the contested suits, 91 per cent were decided in favour of plaintiffs and 9 per cent in favour of defendants, the percentages in the previous year being the same. In suits decided *exparte*, 99 per cent of the decrees were for the plaintiffs and 1 per cent for the defendants against 97 and 3 per cent in the previous year.

Mode of disposal.

35. The average duration for contested suits was 119 days and for other suits 55 days against 103 and 50 days respectively in the preceding year. The Varisht Court states that the increase in the duration was due to the disposal in

Average duration.

the year under report of long standing suits. The average number of witnesses examined in each suit was one as in 1893-94.

Arrears.

36. The number of Small Cause suits pending at the close of the year was 1,382 against 1,797 in the year previous. Of this number, 1,167 suits were less than 3 months old, 114 were more than 3 but less than 6 months old, 83 were more than 6 but less than 12 months old, and 18 more than one but less than 2 years old. The corresponding figures in the previous year were 1408, 235, 143 and 11. The reduction in the number of old suits is satisfactory.

Applications for execution of decrees.

37. The number of applications for execution of decrees in Small Cause suits pending at the commencement of the year under review, was 2,700 against 2,312 in the previous year. The number of new applications received in the year was 7,432 against 6,958 in the previous year, and 4 applications were received by way of transfer from other Courts. The total number of darkhasts for disposal was thus 10,136 against 9,270.

Value of darkhasts filed.

38. The total unrealised value of the decrees for whose recovery darkhasts were filed during the year was Rs. 3,98,118 against Rs. 3,96,068 in the previous year.

Number of darkhasts disposed of.

39. The number of darkhasts disposed of was 7,381 against 6,570 or 811 more than the number disposed of in 1893-94. The amount realised in execution proceedings taken on darkhasts disposed of was Rs. 3,05,836 against Rs. 2,24,709.

Mode of disposal.

40. 2,393 darkhasts or 32 per cent were taken off the file at the request of the applicants; 2,757 or 37 per cent were struck off the file; 1,295 or 18 per cent were compromised or disposed of under Razinamahs; and in 932 or 13 per cent of the cases the decrees were executed with the aid of the Courts. The corresponding percentages in the preceding year were 35, 37, 15 and 13. Of the darkhasts in which decrees were executed with the aid of Courts, in 782 cases satisfaction was obtained by payment of money, in 1 case possession of moveable property was given, in 18 cases the judgment debtors agreed to pay the decree amounts in instalments; in 7 cases the judgment debtors were sent to the Civil jail; in 2 immoveable property and in 123 moveable property was attached and sold.

Average duration.

41. The average duration for the disposal of each darkhast was 154 days against 136 in the previous year. With regard to the increase in the average duration, the Varisht Court remarks as follows:—

"It appears that the increase of 18 days in the average duration in the year under report is probably due to the fact that nearly 800 darkhasts more have been disposed of and that certain darkhasts for which periodical payments, either by instalments or from the pay of the debtor, are received remain longer on the file."

Arrears.

42. The number of darkhasts pending at the close of the year was 2,755 against 2,700 in the year previous. On an analysis of the pending darkhasts, it is found that 1,101 were less than 3 months old, 486 were more than 3 but less than 6 months old, 467 were more than 6 months but less than 1 year old, 1,388 more than one year but less that 2 years old, 215 more than 2 years but less that 3 years

old, 87 more than 3 but less than 4 years old; and 11 more than 4 but less than 5 years old. The number of darkhasts of more than one year's standing was 701 against 573 in the previous year.

Appeals.

Number of appeals.

43. The number of appeals (including registration appeals) pending at the beginning of the year was 1,021, the number filed during the year was 1,003 against 1,176 in the previous year and the number re-admitted on the file and received by way of transfer was 25. The total number of appeals for disposal was thus 2,049 against 2,099 in the previous year, shewing a decrease of 50 appeals. Of the new appeals filed, 676 were regular, 321 special and 6 registration appeals against 818, 352 and 6 respectively. The number filed in the Varisht Court was 395, and the number (regular appeals) in the District Judges' Courts was 608, the corresponding figures in the previous year being 462 and 714. The number filed in the several District Courts was, 256 in the Baroda District Judge's Court, 57 in the Baroda Joint Judge's Court, 160 in the Kadi, 96 in the Amreli and 39 in the Navsari District Judges' Courts, against 283, 89, 201, 55 and 86 respectively in 1893-94. There was thus a fall in all the Courts except in the Amreli District Judge's Court.

Ratio of appeals to contested decrees, &ca.

44. The proportion of regular appeals against the decisions of the Mahal Judges in cases decided after hearing the parties to the total number of such cases decided by them was 10 per cent against 16 last year. The proprotion of such appeals to the decisions in constested suits was 23 per cent against 32. The ratio of regular appeals presented to the Varisht Court against the decisions of District Judges in cases decided after hearing the parties to the total number

of such cases disposed of by them was 16 per cent. The proportion of such appeals to the number of decisions in contested suits only was 27 per cent. The proportion of special appeals to the Varisht Court to the regular appeals disposed of by the District Judges was 42 per cent against 43 in the previous year.

Number of appeals disposed of.

45. The total number of appeals disposed of was 1,126 against 1,078 in the previous year, shewing an increase of 48. The number of appeals, regular, special and registration, disposed of by the Varisht Court was 379 against 255 in the year previous and the number disposed of by the District and Joint District Judges was 747 against 823 in the previous year. In the District Courts, the largest number of appeals was disposed of by the Judges of the Baroda District Court (389); the City Joint Judge's Court comes second with 122, the Kadi District third (107), Amreli fourth (82), and Navsari last (47).

Mode of disposal.

46. 48 appeals or 4 per cent were struck off the file; 16 or one per cent were either compromised or otherwise settled amicably; 76 appeals or 7 per cent were disposed of *exparte* and 984 or 87 per cent were contested. The corresponding percentages in the previous year were 5, 1, 4 and 89. Two appeals were transferred to other Courts against one in the preceding year.

Nature of disposal of appeals.

47. Of the total number of appeals disposed of by the District Judges, in 319 cases or 46 per cent the decisions of the lower Courts were confirmed, in 102 or 15 per cent they were modified, in 82 or 11 per cent the cases were remanded for re-trial after reversing the judgments of the lower Courts and in 194 or 28 per cent the decisions of the lower Courts were reversed. The proportion of cases

reversed and remanded to the total number of disposals was 39 per cent as against 30 in the previous year. Of the appeals in which the decisions of the lower Courts were either reversed or remanded for re-trial, 7 per cent were decided *exparte* and 93 were contested.

Regular appeals.

48. In 48 per cent of the regular appeals, the decisions of the lower Courts were confirmed, in 14 per cent they were modified and in 38 per cent they were either totally reversed or the cases were remanded for re-trial. The corresponding percentages in the preceding year were 55, 15 and 30 respectively.

Specials appeals.

49. As regards special appeals, the decisions of the lower Courts were confirmed in 73 per cent of the cases, modified in 8 per cent and in the remaining 19 per cent the decisions were either reversed or the cases were remanded for re-trial. In the previous year the corresponding percentages were 62, 8 and 30.

Average duration.

50. The average duration of contested appeals disposed of by the Varisht Court was 431 days and that of other appeals 340, against 357 and 350 days in the previous year respectively. The average duration of contested appeals in the District Judges' Courts was 247 days and that of other appeals 168 as against 293 and 176 respectively in the year previous. The average duration in all the appellate courts was 310 days in the case of contested and 218 in other appeals against 307 and 230 days respectively. The Varisht Court states that the increase in the average duration of

contested appeals in their Court was due to the increase of 50 in the number of appeals disposed of during the year under report.

Number of appeals pending.

51. The number of appeals pending at the close of the year was 923 against 1,021 in the previous year, shewing a decrease of 98. Of this number, 549 (123 regular and 426 special) were pending in the Varisht Court and 374 in the District Judges' Courts. 659 appeals were less than one year old, 226 were more than one but less than two years old; 22 were more than two but less than three years old; 2 were more than three but less than 4 years old; one was more than four but less than five years old, and 3 were pending for more than five years. Of the appeals pening for more than one year, 168 were pending in the Varisht Court and 96 in the City and District Judges' Courts.

Miscellaneous appeals.

52. The number of miscellaneous appeals filed was 809 against 731 in the previous year. The number disposed of during the year was 622 against 708. 298 appeals were disposed of by the Varisht Court and 324 by the District Judges. The number of appeals pending at the close of the year was 473 against 286.

Work done by the Civil Courts.

53. The subjoined statement presents in one view the total civil work done by the various tribunals.

Name of the Court.	Original Suits.			Appeals.		Darkhasts for the execution of the decrees of original and Small Cause suits.	Nondhani Cases.	Total.

Criminal Justice.

Courts administering criminal justice.

54. The number of Courts administering criminal justice during the year under report was 150. In the Baroda City, there were six tribunals, *viz*, the Varisht Court, the Sardars' Court, the Joint Judges' Court, two 1st class

‡ This includes Regular and Special appeals. If the Nondhani cases are added the total comes to 379. Besides 140 references about the Stamp Law and 14 other references in Civil law were disposed of during the year by the Varisht Court.

† This includes the number of cases transferred to other courts.

Magistrates' Courts, and the City Judge 3rd class Magistrate's Court. In the mofussil, there were 144 Courts, *viz*, 4 Prant Judges, 4 Prant Magistrates, 11 Magistrates of the 1st class, 42 Magistrates of the 2nd class, 33 of the 3rd class, 28 Judicial Magistrates, 19 third class Mahal Munsiff Magistrates, and two Town Magistrates. In addition to the above, 28 Inamdars were invested with Magisterial powers, of whom only 9 exercised them during the year. At 30 stations there were Benches of Magistrates for the trial summarily of criminal cases. There were only 3 Magistrates who had power to try offences summarily without forming a bench.

Number of cases instituted.

55. The number of cases of offences instituted in the year was 11,691, of which 20 were filed in the Sardars' Court, 2 in the Prant Judges' Courts, 1,702, 1,280 and 75 respectively in 1st, 2nd, and 3rd class Magistrates' Courts, 847 in the Town Magistrate's Courts, 7,732 in the Judicial Magistrates' and 33 in the Mahal Munsiff Magistrate's Courts. Of the above, 12 were referred to the Varisht Court and 166 were committed to the Prant Judge's Courts for trial. The bulk of the criminal work, it will be seen, fell on the Judicial Magistrates and the 1st, and 2nd class Magistrates.

Distribution of cases in the several divisions.

56. The number of cases filed in the Courts of the several divisions and the number of persons concerned in them are shown below.

	Number of cases.	Number of persons accused.
Baroda City.	1,549	3,887
Baroda Division.	2,614	5,742
Kadi ,,	5,386	15,237
Navsari ,,	1,100	2,162
Amreli ,,	1,042	2,239
Total.	11,691	29,267

Over 46 per cent of the institutions were in the Kadi division against 41 per cent in 1893-94; Baroda City and division accounted for 36 per cent against 39 per cent; the Navsari and the Amreli divisions contributed about 9 per cent each towards the total institutions.

The number of accused persons concerned in the cases was 29,267 against 25,878, and the ratio to the total population was as in previous years one per cent.

Number of cases for disposal, &c.

57. Inclusive of the cases pending at the commencement of the year, the number of cases for disposal was 12,546 against 11,595 in 1893-94 and the number of persons concerned in them was 31,229 against 27,523. Of this number, 12,134 cases against 30,014 persons were disposed of during the year, leaving a balance of 412 cases at the end of the year against 396 in 1893-94.

Nature of disposal.

58. Ninety-six per cent of the cases were disposed of by the Courts in which they were filed, and the remaining 4 per cent were either transferred, referred or committed to other Courts for trial. The Varisht Court disposed of 11 cases, the Sardars' Court 22, the District or Prant Judges 149. The remaining 11,952 cases were disposed of by the Magistrates.

Classification of cases according to offences.

59. Of the cases disposed of, 39 per cent related to offences against property; 33 per cent to offences against the human body; 2 per cent to offences against public justice; 2 per cent each to offences against public peace and marriage; one per cent to offences by or against public servants; and 21 per cent to miscellaneous offences. As compared with the figures for 1893-94 there was an increase of 2 and 1 per cent under offences against property

and human body and a decline of 4 and 1 per cent respectively under miscellaneous offences, and offences against public justice.

Heinous offences.

60. There were during the year 41 cases of murder, 16 cases of culpable homicide not amounting to murder, 146 of grievous hurt, 6 of rape, 168 of robbery, 35 of dacoity, 155 of house-breaking, and 30 of forgery, making up a total of 597 against 564 and 530 in the preceding two years.

Number of persons for trial &ca.

61. The number of accused persons for trial was 31,229 of whom 28,712 or 92 per cent were dealt with during the year, the corresponding figures for the previous two years being 27,523 and 25,657 respectively. Of those dealt with, 8,197 persons or 29 per cent were discharged off on account of withdrawal of prosecution against them, or on account of their death or escape; 9,258 or 32 per cent were discharged on razinamas; 7,200 or 25 per cent were discharged or acquitted after trial and 4,057 persons or 14 per cent were convicted. The corresponding proportions in 1893–94 were 23, 33, 27, and 17 per cent. There was an increase of 6 per cent in the number of persons against whom prosecutions were withdrawn and this increase, the Varisht Court states, was due to the fact that in cases of ordinary assault and abusive language and petty cases of mischief, the parties made amicable arrangements and absented themselves and that consequently the cases were struck off the file. Excluding the number of persons against whom the prosecution was dropped either owing to default in the appearance of the complainants or under razinamahs, the number of persons actually tried was 11,257 or 44 per cent of the total number, of whom 7,200 or 64 per cent were discharged or acquitted, and 4,057 or 36 per cent were convicted; the corresponding percentages in 1893-94 were 61 and 39.

62. In offences relating to property, the proportion of convictions was 16 against 20 per cent in 1893-94, and in offences against the human body, the ratio was 6 against 7 per cent.

Ratio of convictions.

63. The average duration of a criminal case was 19 days against 18 days last year. The average duration in the Varisht Court was 62 against 87 days including the period taken by the Huzur in cases of capital punishment submitted to it for confirmation. In the Courts of the Prant Judges, the average duration was 54 days against 44 and in the Sardar Court and in Courts of the Magistrates, the average duration was 96 and 18 days against 52 and 18 days respectively in 1893-94. The shortest average duration shown was 16 days in the Courts of the Naib Mahal Magistrates. There was an increase of 10 days in the time taken up by the Prant Judges for the disposal of cases, and of 44 days in the Sardar Court. The increase in the Prant Judges' Courts is stated to be due to the disposal of a larger number of cases in the year under report than in the previous year and the increase in the Sardar Court has been accounted for by a larger number of disposals and by a portion of the Sardar Court Judge's time having been occupied in attending to the Court Martial cases.

Average duration of trials.

64. The total number of witnesses examined was 23,318 or about 2 per case. About nine per cent of the witnesses were examined in the District Courts and the Sardar Court and the rest in the magistrates' Courts.

Number of witnesses examined.

65. The number of miscellaneous cases filed in the year under report was 3,696 against 4,746 in the previous year; of these 17 were filed in the courts of District Judges and the Sardar Court and the remainder in the Courts of

Miscellaneous cases.

Magistrates. Including the arrears, &ca., of the previous year, the number of cases for disposal in the year was 4,191 against 5,216. Of these 3,819 were disposed of against 4,809, leaving a balance at the close of the year of 372 cases against 407. The number of witnesses examined in these cases was 4,569 or on an average one per case, and the time taken up for the disposal of each case was 29 days against 28 days last year.

Summary trials.

66. The number of cases disposed of under the rules for summary trials was 4,921 against 4,686. The average number of witnesses examined was 1 per case and the average time taken for disposal was 12 against the same number of days in 1893-94 and 15 days in 1892-93.

Punishments.

67. The subjoined abstract shows the nature of the punishments awarded to the persons convicted.

Nature of punishment.	Number of persons convicted. 1893-94.	1894-95.
Death or capital sentence	2	1
Imprisonment only	505	620
Fine only	2,375	2,231
Whipping only	72	67
Imprisonment and fine	1,447	1,109
Imprisonment and whipping	6	12
Imprisonment, fine and whipping	5	17
Ordered to give security	9	9
	4,421	4,066

Of the number of persons sentenced to imprisonment, 6 were sentenced for life; of the remaining 1,752 prisoners, 45 were sentenced to imprisonment for terms exceeding 2 but not exceeding 7 years; 110 to imprisonment for terms exceed-

ing 1 year but not exceeding 2 years; 163 to imprisonment for terms exceeding 6 months but not exceeding 1 year; 581 to imprisonment for terms exceeding one month but not exceeding 6 months; 266 to imprisonment for terms exceeding 15 days but not exceeding one month and 587 for terms not exceeding 15 days. 150 persons were sentenced to simple imprisonment and the others to rigorous imprisonment. The proportion of persons sentenced to simple imprisonment to the total number was 9 per cent against 12 per cent in the previous year.

The total number of persons sentenced to fine was 3,357; of whom 2,212 were fined in a sum of Rs. 5 and under; 483 in sums exceeding Rs. 5 but not exceeding Rs. 10; 460 in sums exceeding Rs. 10 but not exceeding Rs. 25; 143 in sums exceeding Rs. 25 but not exceeding Rs. 50; 37 in sums exceeding Rs. 50 but not exceeding Rs. 100; 19 in sums exceeding Rs. 100 but not exceeding Rs. 500, and 3 persons in sums exceeding Rs. 500 but not exceeding Rs. 1000.

The aggregate amount of fines imposed was Rs. 34,424 against Rs. 41,659 in 1893-94 and the decrease was due to the orders issued by the Varisht Court during the year under report enjoining the imposition of fines in proportion to the circumstances of the accused.

The amount of fines collected including the arrears outstanding at the end of the previous year was Rs. 22,855 against Rs. 29,433 in 1893-94. The realizations for the year under report was 55 per cent against 59 per cent in the previous year. The amount refunded under the orders of appellate courts was Rs. 2,141 against Rs. 2,540, A sum of Rs. 1,565 was paid by way of compensation to aggrieved parties against Rs. 2,245, and Rs. 27,700 were written off as irrecoverable during the year against Rs. 16,795 in 1893-94. As usual a large portion of the fines imposed by the District judges and the First class magistrates remained unrealized.

Ninety-six persons were sentenced to whipping, of whom 71 were ordered to receive stripes not exceeding 10, 22 to receive stripes exceeding 10 but not exceeding 20, and 3 to receive stripes exceeding 20 but not exceeding 30.

Convictions according to sex.

68. Of the number of persons convicted, 3,763 were males and 303 were females; this shows that for every 12 males convicted, there was one female convicted. The proportion last year was 10 to 1.

Appeals.

69. The number of appeals filed during the year in the several appellate courts was 525 against 555 in the previous year, and the number pending at the beginning of the year was 62. Thus the total number for disposal was 587 and the number of persons concerned was 1,238 against 615 appeals affecting 1,137 persons in 1893-94. Of the number filed, 272 were regular appeals against the decisions of original Courts affecting 489 persons, 23 were special appeals affecting 45 persons, 61 were appeals against acquittals concerning 129 persons, 8 were appeals for enhancement of sentences against 24 persons and 161 were appeals against discharges concerning 438 persons.

Of the 272 regular appeals, 28 were filed in the Varisht Court against the convictions and sentences of the District Judges, and 244 were filed in the District Judges' Courts against the decisions of the Magistrates. The number of special appeals preferred to the Varisht Court against the appellate decisions of the District Judges was 23 or 9 per cent as compared with 14 percent in the previous year. The appeals against acquittals and for enhancement of sentences were all filed in the Varisht Court, and all the appeals against discharges were filed in the District Judges' Courts.

70. Of the 587 appeals for disposal, 479 were disposed of in the year against 553 in the previous year, leaving a balance of 108 against 62. Of these, the Varisht Court disposed of 29 regular appeals, 23 special appeals, 57 appeals against acquittals and 6 appeals for enhanced punishment—in all 115 appeals—against 30, 41, 54 and 15 respectively or 140 in the aggregate in 1893-94. The Prant Judges disposed of 229 regular appeals and 135 appeals against discharges, the corresponding figures for 1893-94 being 270 and 143.

Disposals.

71. The number of persons concerned in the appeals disposed of was 1,001 against 1,024 in 1893-94; the decisions of the lower Courts were confirmed in the case of 669 persons or 67 per cent, modified in the case of 39 persons or 4 per cent and reversed in respect of 293 persons or 29 per cent. The corresponding percentages in the previous year were 72, 8 and 20. The decisions of the lower Courts were reversed in a larger number of cases in 1894-95 than in 1893-94. The percentage of reversals was, however, about the same as in 1892-93.

Nature of disposals.

The number of convicted persons whose appeals were dealt with by the District Judges was 766; the decisions were confirmed, modified and reversed in respect of 481, 37 and 248 persons. The proportion of reversals was 32 per cent against 25 per cent in 1893-94 and 37 per cent in 1892-93.

The number of persons concerned in the regular appeals disposed of by the Varisht Court was 52; the sentences were confirmed against 22 persons and reversed in the case of 30 persons. The number of persons involved in the special appeals was 45. In 37 or 82 per cent of the cases, the sentences were confirmed and in 8 or 18 per cent of the cases, the decisions were reversed. The corresponding

ratios in 1893-94 were 89 and 11. In the appeals against acquittals, the decisions of the lower Courts were confirmed in respect of 105 out of 112 persons concerned and reversed in 7 cases. In the case of appeals for enhancement of sentences, the sentences were enhanced in the case of 2 out of the 26 persons concerned.

Average duration of appeals.

72. The average duration of an appeal in the District Judges' Courts was 66 days against 54 1893-94; in the Varisht Court it was 36 25, 52 and 88 days in respect of, respectively, regular and special appeals and of appeals against acquittals and for enhancement of sentences. The corresponding figures for 1893-94 were 34, 34, 56, and 42 days.

Revision cases.

73. In the exercise of its powers of revision, the Varisht Court received 225 cases in the year under report and 4 cases were pending at the commencement of the year. The total number of cases to be dealt with was thus 229 against 248 in 1893-94 and the number of persons concerned was 425 against 560. The original decisions were confirmed in respect of 267 persons, modified as regards 46 and reversed in respect of 66 persons and fresh trials were ordered in the case of 15 persons. In all 214 cases were disposed of leaving a balance of 15 cases. The average time taken for disposal was 47 days.

Miscellaneous criminal appeals.

74. In addition to the criminal appeals and cases of revision above referred to, 435 miscellaneous appeals and revision cases were filed in the year under report, 61 in the Varisht Court, 146 in the Courts of the District Judges and 228 in the Courts of the District Magistrates, against 503 in 1893-94 and the number pending at the commencement of the year was 62 against 60. The Varisht Court disposed of 62 out of 71 cases, the District Judges 138 out of 173, and District Magistrates 240 out of 253 appeals. The

total number disposed of in all the Courts was thus 440 out of 497, against 501 appeals disposed of in 1893-94, and the balance at the end of the year was 57 against 62. The average duration of each miscellaneous appeal disposed of was 70 days against 79 days in the preceding year.

Criminal work.

75. The following statement shows in one view the quantity of criminal work done during the year.

Name of the Court.	Filed.				Disposed of.				Remaining undisposed of.				Remarks.
	Original cases.		Appeals, Revision &ca., cases.		Original cases.		Appeals, Revision and cases.		Original cases.		Appeals, Revision and cases.		
	Offence cases.	Miscellaneous case.	In offence cases.	In miscellaneous cases.	Offences cases.	Miscellaneous cases.	In offence cases.	In miscellaneous cases.	Offence cases.	Miscellaneous cases.	In offence cases.	In miscellaneous cases.

Result for the year 1893-94.	11,273	4,872	775	503	11,195	4,809	801	501	396	407	66	62	

Inamdar Magistrates.

76. The number of Inamdars invested with magisterial powers was 28 of whom 9 exercised their powers in the year under report. 47 complaints were filed before them against 75 persons. They tried 45 cases under the powers

vested in them and sent the other 2 cases to the proper Magistrates. Of the persons dealt with by them, 37 were either discharged under razinamahs or acquitted and 28 were convicted. No complaints were received against these Inamdars of abuse of the powers conferred on them.

Receipts and expenditure.

77. The total receipts of the civil and criminal Courts from stamps, court fees, fines and other items amounted to Rs. 4,19,441 against Rs. 4,40,159 in the preceding year, and the expenditure was 4,30,261 against Rs. 4,15,333. There was thus in the year under report an excess of expenditure over income to the amount of Rs. 10,820 against a surplus of Rs. 24,826 in 1893-94. The increase of expenditure in the year under report was mainly due to the establishment of 4 new Courts.

The receipts of the Civil Courts amounted to Rs. 3,69,461 against Rs. 3,74,602, and the expenditure was Rs. 3,35,718 against Rs. 3,12,936. The income of the criminal Courts amounted to Rs. 49,980 against Rs. 65,557 and the expenditure was Rs. 94,543 against Rs. 1,02,397; of the expenditure a sum of Rs. 5,023 was incurred on account of public prosecutors against Rs. 4,949 in 1893-94 and Rs. 1,563 were paid to the counsel engaged for the defence of poor persons tried for murder and other similar offences.

Registration.

Number of offices.

78. The number of Registration offices at the end of the year was 47 the same as that in the year previous, 24 of which were in charge of full timed Special Kamdars (Sub Registrars.)

Total number of documents received.

79. The total number of documents presented for registration to Nondhani Kamdars and Sar Kamdars was 14,302 against 14,044 in the previous year. In addition to the above, 495 documents were received in Courts under section

18 of the *Nondhani Nibhandh* as against 501 in the previous year. Thus the total number of documents received for registration was 14,797 against 14,545 in the year 1893-94.

Number of documents received in each division.

80. The following statement shews the number of the documents received in each of the four divisions.

Division.	1893-94.	1894-95.
Baroda...	6,758	7,528
Kadi.	3,433	3,505
Nawsari.	2,514	2,040
Amreli.	1,339	1,229
Total.... ...	14,044	14,302

In the Baroda and Kadi Divisions there was an increase of 770 and 72, respectively, in the number of documents received. In the Navsari and Amreli Divisions, there was a decrease of 474 and 110 respectively, as compared with the figures of the previous year. The decrease has been attributed to deficiency in the produce of cotton and damages to crops caused by excessive rain-fall, which led to a dimunition in the monetary transactions of saukars.

Documents relating to moveable and immoveable property.

81. Of the 14,302 documents received, 13,556 or 94·78 per cent related to immoveable property and 472 or 3.33 per cent to moveable property as against 95·2 per cent and 2·5 per cent respectively in the year previous. There were 273 wills and one "authority to adopt"

against 321 wills in the previous year. In 1893-94 no "authority to adopt" was presented for registration.

Compulsorily and optional registration.

82. Of the total number of documents received for registration, 12,446 or 87 per cent were compulsorily registrable and the proportion was the same in the preceding year. Of these, 42 or ·3 per cent were Karaj Khats (Money bonds) of upwards of Rs. 1000 each and the remaining 12,404 documents or 86·72 per cent related to immoveable property. The number of documents optionally registrable was 1,856 or nearly 13 per cent; of this number 1,152 documents related to immoveable property, 430 to moveable property, 273 were wills and one was an "authority to adopt". The percentage of optionally registrable documents in the previous year was 13·5.

Details of documents presented for registration.

83. Of the 14,302 documents presented for registration, 13,985 were presented only once and directly to the registering officers, 63 were re-presented after the Sar Kamdars or the Varisht Court had reversed the orders of the Nondhani Kamdars refusing registration, 39 were presented under section 21 of the Nondhani Nibandhi, that is, after the return of the documents to parties by Government officers who had admitted them in evidence in miscellaneous matters on payment of fees and penalties and the remaining 215 were sent by Civil Courts under section 23 for being copied in the registration books after their execution had been proved in the said courts. The corresponding figures in the preceding year were 13,721,71,23 and 229.

Classification of documents.

84. The following statement shows the several classes of instruments presented for registration during the years 1893-94 and 1894-95:—

Instruments relating to immoveable property.

	1893-94.	1894-95.
Instruments of Gift	90	80
Sale-deeds	3,658	3,877
Mortgages with possession ...	5,806	5,572
Mortgages without possession ...	2,836	3,135
Releases or Partition deeds ...	126	144
Leases for terms exceeding three years	363	295
Leases for terms not exceeding three years	355	274
Other instruments...	137	179
Total...	13,371	13,556

Instruments relating to moveable property and miscellaneous transactions.

Karaj Khats (Money Bonds) ...	156	206
Instruments of pledges with possession	8	14
Instruments of pledges without possession	47	72
Instruments of divorce... ...	15	20
Other instruments...	126	160
Total...	352	472
Wills...	321	273
Authorities to adopt.		1
Total...	321	274
Grand Total...	14,044	14,302

As usual mortgages with possession and sale-deeds formed the largest classes of documents relating to immoveable property. Mortgages with possession and mortgages without possession formed 64·2 per cent of the total number of registrations relating to immoveable property against 64·5 in the previous year. The introduction of the new Stamp Act by which the stamp duty on sale-deeds has been reduced from 5 to 2 per cent, has led to the increase in the number of sale-deeds. The number of documents relating to moveable property was 120 more than in the previous year.

Documents classified according to value.

85. The aggregate value of property affected by the documents registered in the year under report amounted to Rs. 81,05,606 as against Rs. 79,10,309 in the previous year. Of the above sum, Rs. 26,89,444 represented the value of mortgages of immoveable property with possession and Rs. 15,45,555 represented the value of mortgages of property without possession. Thus the aggregate value of mortgages amounted to 52·25 per cent of the total value of the registered transactions as against 55·75 per cent in the previous year and 55 per cent in 1892-93. The value of immoveable property transferred by sale amounted to Rs. 20,40,797 or 25·2 per cent of the total value as against 25 per cent in the previous year and 22 per cent in 1892-93. The value of property disposed of by wills was Rs 7,58,969 as against Rs. 5,61,928 in the previous year. The value of money bonds was Rs. 1,13,721 as against Rs. 1,55,551 in the previous year.

Value according to Districts.

86. As regards the value of property affected by documents presented for registration, the Baroda Division comes first, the Kadi Division second, the Navsari Division third and Amreli last as shewn below:—

	Rs.
Baroda Division.	45,30,922
Kadi ,,	17,58,869
Navsari ,,	11,03,377
Amreli ,,	7,12,438
Total	81,05,606

Classification of documents according to value.

87. Out of 14,302 documents the number not exceeding Rs. 200 in value was 5,172 as against 5,064 in the previous year; the number exceeding Rs. 200 but not exceeding Rs. 1,000 in value was 7,596 as against 7,415 and the number whose value exceeded Rs. 1,000 was 1,282 against 1,324. As usual the majority of documents received for registration were of values between Rs. 200 and Rs. 1000. The average value per document amounted to Rs. 566 against Rs. 563 in 1893-94 and Rs. 571 in 1892-93.

Miscellaneous operations.

88. The miscellaneous operations of the department are shewn below:—

Miscellaneous operations.	1893-94.	1894-95.
Registrations on payment of fine under section 28 of the Nibandh...	79	85
Registrations on payment of fine under section 29 of the Nibandh.	176	130
Visits paid by the Nondhani Kamdars at private residences &c., ...	285	239
Copies filed, the originals being written in incorrect orthography.	307	289

Miscellaneous operations.	1893-94.	1894-95.
Applications for copies of registered documents	310	243
Applications for searches ...	151	162
Documents returned on payment of fine because the parties did not take them away in time..	50	59
Copies filed of documents of Takavi advances made by Revenue Officers to ryots	55	43
Copies of Court-sale certificates.	428	612
Special powers of attorney filed.	169	217
Copies of general powers of attorney...	267	244
Documents in respect of which summonses were issued ...	714	830
Documents in respect of which warrants were issued	189	175
Cases in which refunds were ordered	30	27

The decrease in the number of registrations on payment of fine under section 29 of the Nibandh, in the number of cases in which copies of documents were filed as the originals were written in incorrect orthography, in the number of cases in which warrants were issued and in cases in which refunds were ordered indicates that people are becoming acquainted with the provisions of the Nondhani Nibandh.

There was an increase in the number of applications made for searches in order to obtain copies of documents registered.

Number of documents impounded.

89. The number of documents impounded under section 31 of the new Stamp Nibandh was 52 against 55 in the previous year. Of these, 3 were declared by the Subhas to be duly stamped, in 23 cases the decisions of the impounding officers were upheld and the remaining 26 were pending at the end of the year.

Work done by Sar Kamdars.

90. 21 appeals and 76 applications were presented to the Sar Kamdars against the orders of the Nondhani Kamdars refusing registration, as against 22 appeals and 54 applications in the previous year. The number of appeals and applications pending at the close of the previous year was 5 and 9 respectively. The total number of appeals and applications for disposal during the year under report was thus 26 and 95. Of these 121 appeals and applications, 77 were disposed of during the year leaving a balance of 44 at the end of the year. The average duration for the disposal of each case was 94 days as against 137 days in the previous year. The number of witnesses examined was 151, which gives an average of 2 witnesses per case. Of the appeals and applications disposed of during the year, in 12 appeals and 53 applications registration was ordered, in 3 applications registration was refused and 3 appeals and 6 applications were struck off the file.

Appeals to the Varisht Court.

91. Against the decisions of the Sar Kamdars 6 appeals were preferred to the Varisht Court as in the previous year. Of these, documents in 3 appeals were ordered to be registered and those in the other three were refused registration. The average duration of each appeal disposed of was 93 days against 56 in the previous year.

92. 30 candidates appeared for the departmental examination and 10 were declared to have passed, the corresponding figures in the previous year being 30 and 1.

Departmental examination.

93. The income and expenditure of the Department are shewn below:—

Receipts and expenditure.

Receipts.

	Rs.
Ordinary registration fees....	25,981
Copying fees.	8,088
Fines under sections 28 and 29 of the Nibandh.	2,819
Other receipts.	2,263
Fees and Fines on documents received in courts under section 18 of the Nibandh.	9,953
Total...	49,104
Process fees...	350
Court fee Stamps.	273
Grand total... ...	49,727

Expenditure.

Fixed salaries.	7,462
Percentage paid to Nondhani Kamdars.	12,556
Amount paid to Nondhani Kamdars to make up the minimum sum of Rs. 20 per mensem	362

Other charges	3,803
Total...	24,183
Process fees	350
Postage Service Stamps	307
Grand Total... ...	24,840

94. The surplus of income over expenditure amounted to Rs. 24,887 against 24,743 in the previous year.

Surplus.

95. No offences against the Nondhani Nibandh were committed during the year. In 4 cases persons were prosecuted for disobedience of summonses issued for their appearance in registration offices.

Offences against the Nibandh Act.

96. The average fee for a document registered was Rs. 2-6-2, of which Rs. 1-13-0 were advalorem fees and 0-9-2 copying fees. The average fee per document in the preceding year was Rs. 2-7-8. The average charge per document compulsorily registrable amounted to Rs. 2-7-6 and that per document of the optionally registrable class to 1-12-7, the corresponding figures for the previous year being Rs. 2-8-9 and 2-0-1.

Average fee per registration.

97. Detailed statistics of the Department are given in the appendices.

Statistics.

JAILS.

98. The number of jails and lock-ups was the same as in the previous year, *viz*, 1 Central Jail, 4 District jails, 2 subordinate jails and 36 lock-ups.

Number of Jails and Lock-ups.

Central Jail.

99. Khan Saheb Ratanji Nasarvanji in charge of this jail retired from service in April 1895 and was succeeded by Dr. M. M. Gimi.

Superintendence.

100. There were 611 prisoners at the beginning of 1894-95 (596 convicts, 2 under-trial prisoners and 13 lunatics) and the number of admissions during the year was 900 (677 convicts, 220 accused persons awaiting trial and 3 lunatics). Thus the total number in the Jail was 1,511 against 1,444 in the previous year.

Number of prisoners.

101. The total admissions during the year exceeded those of the previous year by 124 of which the increase in the number of convicts was 52.

Increas in admissions.

102. The daily average of prisoners was 651 as against 636 in the previous year.

Daily average.

103. The subjoined table furnishes the details under the several heads regarding the prisoners in the Central Jail.

Class of prisoners.	Number on 31st July 1894.			Number admitted during the year 1894-95			Total.			Number discharged.			Number remaining at the end of the year 1894-95.			Daily average of each class.			Total daily average of the Jail.		
	Males	Females.	Total.	Males	Females.	Total.	Males	Females.	Total.	Males	Females.	Total.	Males	Females.	Total.	Males	Females.	Total.	Males	Females.	Total.

Under trial. ...	2	...	2	216	4	220	218	4	222	199	4	203	19	...	19	15	1	16	612	39	651
Lunatics. ...	10	3	13	3	...	3	13	3	16	4	...	4	9	3	12	9	3	12			
Total...	571	40	611	870	30	900	1,441	70	1,511	838	30	868	603	40	643	612	39	651	612	39	651
1893-94	623	45	668	730	46	776	1,353	91	1,444	782	51	833	571	40	611	595	41	636	595	41	636

104. There were at the beginning of the year 596 convicts and 677 were admitted during the year. Of the total number, 661 were discharged, and the number at the end of the year was 612. Of the number discharged, 4 were transferred to other jails, 45 were released on appeal, 390 on the expiration of the period of sentence, 179 on payment of fine, and 13 on other grounds; 6* escaped and 24 died.

Convicts.

105. Two prisoners were awaiting trial at the beginning of the year and 220 were admitted during the year, and the number of under trial prisoners was thus 222. Of these, 21 were convicted and sentenced, 54 acquitted, 126 were transferred to other jails, 2 died and 19 remained at the end of the year awaiting trial.

Under-trial prisoners.

106. There were 13 lunatics at the beginning of the year and 3 were received during the year. Of these 16, one was released on recovery, 2 were handed over to relatives, 1 died and 12 remained in the jail.

Lunatics.

107. Among the convicts remaining in the jail at the commencement of the year, there were 35 re-convicted prisoners. Against 28 of them, there was one previous conviction, against 3 there were two and against the remaining 4 there were more than two convictions. Among the admissions during the year there were 42 re-convicted prisoners, of whom 35 had been previously once convicted, 5 twice and 2 more than twice. There were thus 77 re-convicted prisoners and their percentage to the daily average number of convicts in the jail was 12·36 or 2·32 per cent less than in the preceding year.

Old convicts.

---

4 were re-captured before the end of the year.

Breaches of jail discipline.

108. There were 139 cases of breaches of jail discipline committed by convicts against 185 in the previous year. The offences were chiefly refusal to work, using forbidden articles, disobedience of jail regulations and indecent or disorderly behaviour. The usual punishments, *viz*, solitary confinement, penal diet, confinement in the stocks, corporal punishment, stoppage or reduction of marks for good behaviour or satisfactory work, were inflicted on the offenders.

Ages of prisoners.

109. Of 677 prisoners admitted into the jail, 9 or 1·33 per cent were juveniles, *i. e.* below 16 years of age; 475 or 70·17 per cent were between 16 and 30 years of age; 177 or 26·14 per cent were between 30 and 50 years of age; and 16 or 2·36 per cent between 50 and 60 years of age. Thus the number of prisoners between the ages of 16 and 30 was as usual the largest. The corresponding percentages in the previous year were 4·48, 71·20, 21·76 and 2·56.

Religion, sex and previous occupation of prisoners.

110. 621 or 91·73 per cent of the convicts were Hindus and 56 or 8·27 per cent were Mahomedans; 651 were males and 26 females. 350 or 51·70 per cent of the convicts were agriculturists; 144 or 21·27 per cent were labourers; 82 or 12·11 per cent were Government servants; 31 or 4·58 per cent were propertied classes; 23 or 3·40 per cent were traders and 21 or 3·10 per cent had no definite occupation. The remaining 26 or 3·84 per cent were females and all of them were married.

Nature and term of sentences.

111. The following statement indicates the nature of sentences passed on the 677 convicts admitted into the jail during the year under report:—

Nature of sentence.	Number of convicts.	Percentage.
Life imprisonment...	8	1·18
Imprisonment for 7 but not exceeding 10 years.	2	0·30
Above 5 years but not exceeding 7 years...	4	0·59
Above 3 do. 5 years...	32	4·73
Above 1 do. 3 years...	182	26·88
Above 6 months do. 1 year ...	170	25·11
Above 1 month do. 6 months	180	26·59
Not exceeding 1 month	99	14·62
Total... ...	677	100

It will be seen from the above that 41 per cent of the total admissions were convicts undergoing sentences of imprisonment for periods not exceeding 6 months against 64 per cent in the previous year; 25·11 per cent for periods between 6 months and 1 year against 20 per cent; 31·61 per cent between one and five years against 12·16 per cent, and 0·89 per cent for periods ranging between 5 and 10 years against 3·04 per cent. 638 convicts were sentenced to hard labour and 39 to simple imprisonment.

Employment of convicts.

112. The following table indicates how the convicts were employed in the jail:—

Nature of employment.	1893-94 Daily average number.	1894-95. Daily average number
Menial service in the jail.	54	43
Jail garden.	28	19
Factory work	228	194
Grinding work....	23	26
Extra-mural labour.	219	245
Attendance upon the sick.	5	4
Convict warders.	9	10
Not working.		
Sick.	25	28
Infirm by reason of old age, blindness, &c.	15	49
Simple imprisonment.	7	5
Total...	613	623

70·47 per cent of the convicts were employed on factory and extra-mural work as against 73 per cent in the preceding year.

Mortality in the Jail.

113. The number of deaths in the jail was 27 against 11 in the preceding year. Of the persons who died 24 were convicts, 2 under-trial prisoners and 1 was a lunatic. Last year there were no deaths in the last two

classes. 26 were males and 1 was a female. Of the two under—trial prisoners who died, one committed suicide in the jail. On the day on which the suicide was committed there was heavy rain in the afternoon and the warder in conformity with the standing orders directed that the windows of all the sleeping wards be closed to prevent the rain water from getting into the rooms; this gave the deceased an opportunity to commit suicide. The room in which the prisoner was confined contained several beddings belonging to the prisoners who were then taken out for extra-mural work. The deceased appears to have placed the beddings against the wall of the ward and thus created for himself a pedestal from which he threw over a beam a sort of rope which he had made from the cords procured from the prisoners' trowsers which were left in the room to dry in the usual course and hanged himself.

During the year under report, as in previous years, the Central Jail was quite free from the visitation of any epidemics. This was due to the interior of the jail being kept scrupulously clean, to the abundant supply of pure water and to its general good sanitary condition.

The ratio of mortality to the daily average number of convicts was 3·85 against 1·79 in the preceding year and the ratio to the total daily average of inmates was 4·15 against 1·73.

Health of the prisoners.

114. The total number of patients treated in the Jail Hospital was 2,807, of whom 2,098 were out-door and 709 in-door patients. The daily average of sick prisoners was 65·2 against 41·2 in the previous year.

Earnings from convict labour.

115. The total earnings derived from convict labour during the year under report was Rs. 14,195-5-7 against Rs. 12,030-8-8 or Rs. 2,164-12-11 more than in the previous year. The increase was due to larger income from extra-mural

labour. In addition to the above a sum of Rs. 173-14-10 was realized from the jail garden and annas four from needle-work done by convicts. Including them the total receipts amounted to Rs. 14,369-8-5. The average earnings of a prisoner were Rs. 22-12-7 against Rs. 19-10-0 in 1893-94.

Expenditure on account of Central Jail.

•116. The total expenditure on account of the Central Jail was Rs. 43,357 against Rs. 44,246 in the previous year. There was thus a decrease of Rs. 889 in the actual cost. The details of expenditure are shown below:—

	1893-94 Rs.	1894-95 Rs.
1 Diet	20,793	20,554
2 Establishment.	14,951	14,436
3 Military Guard.	4,984	4,985
4 Hospital charges	563	601
5 Clothing	1,209	1,334
6 Contingent expenses. ...	1,386	1,265
7 Dead-stock.	360	182
	44,246	43,357

The increase under "hospital charges" and "clothing" was due to a larger number of patients treated in the hospital, and to the increase in the number of prisoners admitted in the year under review. The decrease under "diet" in spite of the increase in the number of prisoners was due to the cheaper rates at which the contracts for the different articles of provision were given; the decrease under "establishment" was due to the savings effected by the appointment on smaller pay of Dr. M. M. Gimi as Superin-

tendent of the jail in the place of Mr. Ratanji Nasarvanji retired.

Average cost per Prisoner.

117. The average cost per prisoner was Rs. 66-9-7 per year against Rs. 69-9-1 in 1893-94 as detailed below:—

	1893-94.	1894-95.
	Rs. As. P.	Rs. As. P.
Diet. ...	... 32-11- 1	31- 9- 2
Establishment.	... 23- 8- 1	22- 2-10
Guarding.	... 7-13- 5	7-10- 6
Clothing.	... 1-14- 5	2- 0- 9
Hospital charges	... 0-14- 2	0-14- 9
Dead-stock.	... 0- 9- 1	0- 4- 6
Contingencies.	... 2- 2-10	1-15- 1
	69- 9- 1	66- 9- 7

The average annual cost per prisoner was thus, it is satisfactory to note, reduced by about Rs. 3. The daily average cost per prisoner was As 2–11 against As 3–1 in the previous year.

District and Subordinate Jails and Lock-ups.

Number of prisoner.

118. The number of prisoners remaining in the District and Subordinate Jails and Lock-ups at the commencement of the year 1894-95 was 305 and the admissions during the year were 5,874. The total number of inmates was thus 6,179; of these 2,475 were convicts, 3,688 under—trial prisoners and 16 lunatics. The particulars of them are given in the subjoined table:—

Jails.	Class of prisoners.	Number at the commencement of the year.			Number admitted during the year.			Total.			Number discharged, &c.			Number remaining at the end of the year.			Daily average of each class.		
		Males.	Females.	Total.	Males.	Females.	Total.	Males.	Females.	Total.	Males.	Females.	Total.	Males.	Females.	Total.	Males.	Females.	Total.
District Jails.	Convicted	109	10	119	747	38	785	856	48	904	725	46	771	131	2	133	122	5	127

	Lunatics	2	...	2	9	2	11	11	2	13	10	2	12	1	...	1	...	...	...
	Total...	121	7	128	3,616	247	3,863	3,737	254	3,991	3,644	246	3,890	93	8	101	108	5	113
Total.	Convicted	190	15	205	2,157	113	2,270	2,347	128	2,475	2,182	123	2,305	165	5	170	163	7	170
	Under trial	87	9	96	3,342	250	3,592	3,429	259	3,688	3,311	249	3,560	118	10	128	123	6	129
	Lunatics	2	2	4	10	2	12	12	4	16	10	4	14	2	...	2	...	1	1
	Grand Total	279	26	305	5,509	365	5,874	5,788	391	6,179	5,503	376	5,879	285	15	300	286	14	300
	1893-94.	280	18	298	5,280	409	5,689	5,560	427	5,987	5,281	401	5,682	279	26	305	277	16	293

The total number of 5,874 admissions included 2,562 prisoners transferred to other jails before or after conviction and under trial prisoners entered as new admissions after conviction and the number of these prisoners was thus entered twice. The actual number of prisoners admitted during the year was, therefore, only 3,348 against 3,163 in the previous year.

Daily average.

119. The total daily average in all these classes of jails was 300 against 293 in the preceding year. Taking the different classes of jails separately, there was a decrease in the average number, of 2 in the District Jails, and an increase of 7 and 2 in the Subordinate Jails and Lock-ups respectively.

How disposed of.

120. The following table shows how the prisoners in the District and Subordinate Jails and Lock-ups were disposed of:—

Cause.	District Jails.	Subordinate Jails.	Lock-ups.	Total.
Convicts.				
Transferred to other jails ...	258	205	557	1,020
Released on appeal	45	17	30	92
Do. on expiry of sentence.	439	138	445	1,022
Do. on payment of fine...	23	1	137	161
Do. from other causes ...	...	...	2	2
Escaped.	1	...	1	‡2
Executed	1	...	...	1
Died	4	1	...	5
Total... ...	771	362	1,172	2,305

‡ Note.—They were re-captured and punished.

	District Jails.	Subordinate Jails.	Lock-ups	Total.
Under trial prisoners.				
Convicted and sentenced.	165	194	876	1,235
Released.	200	212	1,423	1,835
Transferred to other jails.	35	47	402	484
Escaped.	...	...	5	5
Died	1	...	...	1
Total...	401	453	2,706	3,560
Lunatics.				
Released after recovery...	...	1	6	7
Transferred to other jails.	...	...	1	1
Handed over to relatives...	...	...	5	5
Died	1	...	...	1
Total...	1	1	12	14

Mortality in District Jails.

121. There were in all 7 cases of deaths, 5 among convicts, 1 among under trial prisoners, and 1 among lunatics, against 5 in the previous year. The percentage of mortality to the total daily average number was 2·33 against 1·71 in 1893-94.

Expenditure.

122. The total expenditure incurred on account of the District and Subordinate Jails and Lockups was Rs. 32,201 distributed as under.:—

Class and name of Jail.	Total Expenditure		Increase or decrease.
	1893-94.	1894-95.	
District Jails.	Rs.	Rs.	Rs.
Kadi...	13,254	11,351	-1,903
Nowsari	3,059	3,356	+ 297
Amreli	4,489	4,793	+ 304
Okhamandal.	3,850	3,575	- 275
Total ...	24,652	23,075	-1,577
Subordinate Jails.			
Petlad	1,984	1,796	- 188
Visnagar	1,809	2,049	+ 240
Total ...	3,793	3,845	+ 52
Lock-ups	5,519	5,281	- 238
Grand Total...	33,964	32,201	-1,763

It will be seen from the above that there was a decrease in expenditure of Rs. 1,763 in the year under review as compared with that of the preceding year. The expenditure on District jails fell by Rs. 1,577 and that on Lock-ups by Rs. 238, but there was an increase of Rs. 52 on Subordinate jails. In the Nowsari and Amreli District jails there was an increase in expenditure, while in the Kadi and Okhamandal District jails there was a decrease. Similarly the expenditure in the Visnagar Subordinate jail rose while that of the Petlad Sub-jail declined.

Average cost per prisoner.

123. The average cost per prisoner per annum was Rs. 152-13-0 for District jails, Rs. 106-12-11 for Subordinate jails, and Rs. 46-11-9 for Lock-ups. The corresponding figures for the previous year were Rs 161-1-11, Rs. 130-12-10 and Rs. 49-11-6 respectively. There was thus a satisfactory decrease in the District jails and this

decline shows careful management on the part of the Jail authorities.

Earnings.

124. The total earnings from convict labour amounted to Rs. 2,076 against Rs. 2,201 in the preceding year.

125. The particulars regarding the inmates of all the jails including the Central jail are given below:—

Particulars.	Convicts.		Under-trial prisoners		Lunatics.		Total.	
	1893-94	1894-95	1893-94	1894-95	1893-94	1894-95	1893-94	1894-95
Number remaining at the commencement of the year. ...	835	801	115	98	16	17	966	916
Number admitted during the year. ...	3,006	2,947	3,429	3,812	30	15	6,465	6,774
Total...	3,841	3,748	3,544	3,910	46	32	7,431	7,690
Number disposed of during the year. ...	3,040	2,966	3,446	3,763	29	18	6,515	6,747
Number remaining at the end of the year....	801	782	98	147	17	14	916	943

Police.

Strength of the Police Force.

126. The sanctioned strength of the Police Force consisted of 4 Naib Subhas, 9 Sir Fouzdars, 46 Fouzdars, 4,737 subordinate officers and men (4,442 foot and 295 mounted), and 117 non-effectives. The actual strength of the Force exclusive of the non-effectives was, however, 4,304 or 609 less than the sanctioned strength. The Force employed in the several divisions is shown below:—

Baroda division including the City. ...	1,522
Kadi division.	1,431
Nowsari „	754
Amreli „	597
	4,304

Proportion of Police to population.

127. The proportion of the Police Force to the population was 1 police man for 547 persons against 1 for 556 in 1893-94.

Cost.

128. The grant for the year was Rs. 8,21,540 but the actual expenditure amounted only to Rs. 6,29,038 against Rs. 6,10,706 as shown below:—

	1893-94	1894-95
	Rs.	Rs.
Pay and allowances.	5,43,727	5,65,396
Clothing and accoutrements.	41,041	39,589
Miscellaneous.	25,938	24,053
	6,10,706	6,29,038

The expenditure on account of pay and allowances rose by Rs. 21,669, while there was a decline in the other two items. The increase under pay and allowances was due mainly (1) to the appointment of additional Police Staff for the Vaghodia Mahal in the Baroda division; (2) to the disbursement in the year under report of the salaries due for the preceding year; and (3) to the filling up of a number of vacancies.

Cost per head of the population.

129. The cost of the Police Force per head of the population amounted to As. 4-2 and the cost per Police man was Rs. 142-7-1. The corresponding figures in the preceding year were As. 4-1 and Rs. 140-15-1 respectively.

Distribution of Force according to religion.

130. The following statement shows the composition of the Force according to religion:—

Serial number.	Divisions.	Hindus.				Muhamadans.				Parsis, Jews and Christians.				Total strength of each Division.	
		1893-94.		1894-95.		1893-94.		1894-95.		1893-94.		1894-95.			
		Strength.	Percentage to the Force.	Strength.	Percentage to the Force.	Strength.	Percentage to the Force.	Strength.	Percentage to the Force.	Strength.	Percentage to the Force.	Strength.	Percentage to the Force.	1893-94.	1894-95.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
1	Baroda Division.	881	59·93	887	58·28	587	39·93	632	41·52	2	0·14	3	0·20	1,470	1,522
2	Nowsari Division	524	68·86	540	71·62	230	30·22	207	27·45	7	0·92	7	0·93	761	754
3	Kadi Division	543	38·54	533	37·25	860	61·04	895	62·54	6	0·42	3	0·21	1,409	1,431
4	Amreli Division.	360	62·07	374	62·65	220	37·93	221	37·02	...	.....	2	0·33	580	597
	Total...	2,308	54·69	2,334	54·23	1,897	44·95	1,955	45·42	15	0·36	15	0·35	4,220	4,304

The variations between the figures of the year under report and those of the previous year are very small, and do not call for remarks.

Hindus in the Force.

131. The following statement shows the number of the several classes of Hindus employed in the Force:—

	1893-94.	1894-95.
Brahmins.	577	591
Marathas.	477	595
Rajputs.	287	347
Parbhus and Senoys. ...	53	57
Kolis and Bhils. ...	216	237
Waghers.	24	21
Hindus of other castes...	674	486
	2,308	2,334

The number of Marathas in the Force rose in 1894-95 by 118, that of Rajputs by 60 and that of Kolis and Bhils by 21.

Executive duties.

132. The nature of the duties on which the Force was employed was as shown below:—

Divisions.	Jail, Treasury and other Guards.		Tainat duty.		General Police duty.		Total number of officers.	Total number of men.	Grand Total.
	Officers.	Men.	Officers.	Men.	Officers.	Men.			
Baroda Division. ...	16	63	18	130	295	1,000	329	1,193	1,522
Nowsari Division. ...	25	78	7	41	149	454	181	573	754
Kadi Division. ...	36	107	9	46	276	957	321	1,110	1,431
Amreli Division. ...	6	28	5	25	121	412	132	465	597
Total...	83	276	39	242	841	2,823	963	3,341	4,304

133. The following table shows the number of Police men able to read and write. The figures relate to effectives only.

Education.

Divisions.	1894-95.			Percentage for 1893-94.
	Actual effective strength.	Men able to read and write.	Percentage.	
Baroda Division ...	1,522	592	38·90	43·47
Nowsari Division. ...	754	242	32·10	25·10
Kadi Division ...	1,431	480	33·54	30·87
Amreli Division. ...	597	203	34·00	36·38
Total ...	4,304	1,517	35·24	34·98

The number of the literate in the Force was 1,517 against 1,476 in 1893-94. There were in addition 209 men under instruction in the year under report against 213 in the year previous.

134. The number of men punished for misconduct during the year under report was 150 (29 officers and 121 constables) against 112 men (32 officers and 80 constables) similarly dealt with in the previous year. The following statement exhibits the nature of the punishments awarded:—

Conduct of the Force.

Divisions.	Dismissed.		Reduced to lower grades.		Criminally punished.		Total number of officers punished.	Total number of men punished.
	Officers.	Men.	Officers.	Men.	Officers.	Men.		
Baroda Division. ...	...	25	12	9	...	7	12	41
Nowsari Division....	2	2	...	3	...	...	2	5
Kadi Division. ...	3	18	8	4	2	11	13	33
Amreli Division ...	...	34	2	...	...	8	2	42
Total ...	5	79	22	16	2	26	29	121

278 members of the Force (46 officers and 232 sepoys) received promotions and eleven (7 officers and 4 sepoys) received rewards in money, against 572 (90 officers and 482 sepoys) and 20 (7 officers and 13 sepoys) respectively in the previous year.

The Police Commissioner states that the increase in the number of men punished and a decline in the number of men promoted or rewarded shew that the conduct of the Police Force was not as satisfactory as desirable.

Casualities, resignations, &c.

135. 92 men died, 162 resigned their appointments, 280 deserted the Force and 54 were discharged during the year under report. The figures for the previous year under these heads were 71, 151,434 and 92 respectively. The fall in the number of desertions and discharges is satisfactory.

136. The number of offences reported to the Police which shewed a steady decline in the past quinquennium rose from 4,406 to 4,688 in the year under report. The following tabular statement gives the details of crimes reported in the four divisions of the State:—

Statistics of crime.

Nature of crime.	Baroda Division.		Nowsari Division.		Kadi Division.		Amreli Division.		Total.	
	1893-94	1894-95	1893-94	1894-95	1893-94	1894-95	1893-94	1894-95	1893-94	1894-95

Total...	1,773	1,950	415	386	1,841	2,009	377	343	4,406	4,688

137. Of the heinous offences against person, there was a decrease under murder and rape. Baroda division shewed the largest decrease under the head "murder" (from 19 to 12) and Kadi and Amreli Divisions each shewed a decrease of one. On the other hand there was an increase in the Nowsari division of 6 murders. In the Nowsari division there was no report of offences of rape; the number remained stationary in the Baroda Division and declined from 5 to 2 in the Amreli Division. In the Kadi Division alone there was an increase of one. There was an increase in the number of offences of culpable homicide and grievous hurt from

Heinous offences against persons.

24 and 144 in 1893-94 to 31 and 177 in 1894-95. The increase in the former was confined to the Baroda Division. Under grievous hurt there was an increase in all the divisions except Baroda where the number declined from 47 to 40.

Offences against property.

138. The number of cases of dacoity rose from 5 in 1893-94 to 11 in 1894-95. Amreli and Navsari in which there was no case in 1893-94, had 1 and 2 respectively in 1894-95. In Kadi the number increased from 4 to 7. Baroda remained stationary with one case in each of the two years. There was a fall in the number of offences of house-breaking and receiving stolen property from 456 to 433 in the former and from 74 to 64 in the latter. In all other classes of offences there was an increase.

Number of cases reported and disposed of.

139. There were 340 cases pending enquiry at the end of the previous year and 4,688 cases were reported during the year. The number for disposal was thus 5028. The following tabular statement shews the manner in which the cases reported to the Police were disposed of by them:—

Divisions.	Cases reported during the year.	Cases of previous years brought under enquiry during the year.	Total.	Cases struck off the Register of which.		Cases disposed of by Razinamas of which.		Remained on the dormant file by order of Magistrates.	Transferred.	Remained undetected with the Police.	Percentage of cases undetected to those reported to the Police.
				Reported to the Police.	Received by Magistrates direct.	Reported to the Police.	Received by Magistrates direct.				
Baroda Division ...	1,950	100	2,050	401	7	91	12	1	....	284	13·85
Nowsari Division ...	386	43	429	85	6	6	8	6	....	45	10·49
Kadi Division. ...	2,009	43	2,052	530	12	173	32	67	....	177	8·63
Amreli Division ...	343	154	497	86	7	18	3	27	....	143	28·77
Total... ...	4,688	340	5,028	1,102	32	288	55	101	....	649	12·91
1893-94	4,406	312	4,718	1,052	31	287	31	83	...	667	14

Of 5,028 cases, 1,134 or 22·55 per cent were struck off the registers; in 343 cases or 6·82 per cent Razinamas were tendered before enquiry; 101 cases or 2·01 per cent remained on the dormant file; 649 cases or 13·91 per cent remained undetected by the Police at the end of the year; and 2,801 cases or 55·71 per cent were sent to the Magistrates for disposal. The percentages under these heads for the previous year were 23, 6·75, 1·75, 14, and 54·5, respectively. There were no striking variations between the figures of the two years. The precentage of undetected crime was largest in the Amreli Division, being 28·77; in the Baroda Division it was 13·85; Kadi Division had the lowest percentage, *viz*, 8·63.

Cases sent for trial.

140. Of the 2,801 cases sent for disposal to Magistrates 90 were disposed of on Razinamas or compounded, and 209 were pending trial before them at the end of the year. The actual number of cases tried by the Magistrates was 2,502. Of this number 1,668 ended in convictions and the rest in acquittals. The following table shows the manner in which the Magistrates disposed of the cases submitted to them by the Police:—

Divisions.	Result of cases.					Percentage of convictions to cases sent to Magistrates for enquiry.	
	Acquitted.	Disposed of on Razinamas.	Convicted.	Remained pending at the end of the year.	Total.	1893-94.	1894-95.
Baroda Division ...	370	39	762	83	1,254	69·72	67·31
Nowsari Division ...	72	7	173	21	273	72·26	70·61
Kadi Division ...	346	38	602	75	1,061	68·22	63·39
Amreli Division ...	46	6	131	30	213	77·91	74·01
Total...	834	90	1,668	209	2,801	70·08	66·67

The precentage of cases which resulted in convictions to those sent to the Magistrates for disposal declined from 70 in the year 1893-94 to 66·67.

Amreli Division shows the highest percentage of convictions, Nowsari followed with 70·61, Baroda stood third with 67·31 and the Kadi Division had the lowest percentage of 63·32. These results do not compare favourably with those of the previous year, as in every division the percentage of convictions shewed a fall.

Persons arrested.

141. The total number of persons arrested by the Police in 1894-95 was 5,378 against 4,966 in 1893-94. Of the persons arrested, 2 escaped from custody before trial, 346 were released by the Police with the permission of the Magistrates, 78 were released by the Magistrates direct, 103 were released on Razinamas, 2 remained under Police custody and 80 were on bail at the end of the year. The remaining 4,767 persons were sent up for trial to the Magistrates.

Of the number sent for trial, 188 persons were released on Razinamas, 3 died before the termination of the trial, 4 escaped, and 518 awaited trial at the end of the year. Of the remaining 4,054 persons who were actually tried, 1,839 were acquitted and 2,215 were convicted. The proportion of persons convicted to those sent for trial was 54·64 against 59·22 in 1893-94. The following tabular statement contains particulars of the number of persons sent for trial to the Magistrates in each Division.

Divisions.	Disposal of persons sent to Magistrates for trial.							
	Released on Razinamas.	Convicted.	Acquitted.	Died after commencement of trial.	Escaped.	Pending trial at the end of the year.	Total.	Percentage of persons convicted to those sent for trial.
Baroda Division. ...	70	936	797	2	3	167	1,975	54·01
Nowsari Division. ...	17	226	135	...	...	45	423	62·60
Kadi Division. ...	88	873	802	1	1	232	1,997	52·12
Amreli Division. ...	13	180	105			74	372	63·16
Total...	188	2,215	1,839	3	4	518	4,767	54·64
1893-94.	114	2,252	1,551	6	1	275	4,199	59·22

The proportion of convictions was the highest in Amreli where it stood at 63·16 per cent, Nowsari stood second with 62·60, Baroda third with 54·01 and Kadi had the lowest percentage of 52·12. Compared with the results of the previous year Nowsari shewed an improvement and the other divisions exhibited a fall.

Religion and sex of persons convicted.

142. Of the total number of persons convicted and sentenced, 2082 were males and 133 females; of the former 1,942 were Hindus and 140 Mahomedans—of the latter 117 were Hindus, and 16 Mahomedans; of the 1,942 male Hindus convicted, 1,224 or 63 per cent were Kolis and Bhils.

Property stolen and recovered.

143. The total number of cases in which property was reported to have been lost was 1,756 and the value of property lost was Rs. 2,69,553, the corresponding figures for the previous year being 1,767 and Rs. 1,53,287 respectively. In 1,255 cases, property worth Rs. 2,05,726 was recovered against property worth Rs. 88,176 recovered in 1,288 cases in the previous year. The following statement shows their details:—

Divisions.	1893-94.				1894-95.				Percentage of the value of property recovered to the value of property stolen.		Percentage of cases in which property was recovered to those in which it was stolen.	
	Cases in which property was alleged to have been stolen.	Alleged value of property stolen.	Cases in which property was recovered.	Value of property recovered.	Cases in which property was alleged to have been stolen.	Alleged value of property stolen.	Cases in which property was recovered.	Value of property recovered.	1893-94.	1894-95.	1893-94.	1894-95.
		Rs		Rs.		Rs.		Rs.				
Baroda Division	694	68,873	473	35,477	659	1,23,312	461	88,530	51·51	71·79	68·15	69·95
Nowsari Division	99	4,452	86	2,325	125	5,572	95	3,535	52·22	63·44	86·87	76·00
Kadi Division ...	808	73,925	628	47,589	807	1,30,914	610	1,07,730	64·37	82·29	77·72	75·59
Amreli Division	166	6,037	101	2,785	165	9,755	89	5,931	46·13	60·80	60·84	53·94
Total...	1,767	1,53,287	1,288	88,176	1,756	2,69,553	1,255	2,05,726	57·52	76·32	72·89	71·47

With regard to the proportion of the value of property recovered to that reported to have been lost, the Kadi Division stood first with a percentage of 82·29, then followed the Baroda Division with 71·79; Nowsari stood third with 63·44 and Amreli last with 60·80. The percentage of the value of property recovered to the value of property lost in all the divisions was 76·32 against 57·52 in the previous year. The increase is satisfactory.

Extradition.

144. During the year under report the Baroda Government made extradition demands in 121 cases against 72 last year, and received similar demands in 100 cases from British Districts and Native States against 88 as shewn below:—

Number of demands.

Demands by Baroda.

On.	Number of demands made.		Number of demands withdrawn.	
	Cases.	Men.	Cases.	Men.
British Districts ...	66	160	2	3
Native States ...	55	184	1	15
Total....	121	344	3	18

	4	5	98	225	102	230	95	210	54	106	41	104	7	20

147. Certificates for trial in British India were issued in 7 cases against 26 men. In 3 cases with 11 men the offences were extraditable and in the remaining 4 cases against 15 men the offences were not extraditable.

Number of certificates issued.

148. No sentence of capital punishment or of imprisonment for life was awarded to any of the prisoners convicted during the year.

MILITARY.

149. The strength of the Regular Force at the end of the year under report as compared with the fixed strength was as follows:—

Regular Force.

	Fixed strength.			Actual strength.		
	Effectives.	Non-effectives.	Total.	Effectives.	Non-effectives.	Total.
Artillery.						
Light Field Battery including the Rumi gunners. ...	94	66	160	93	65	158
Cavalry.						
The Guards. ...	135	10	145	129	10	139
The Mothi Khas Paga. ...	455	24	479	438	16	454
The Choti Do. ...	455	24	479	455	24	479
The F. S. R. Regiment of Cavalry. ...	455	24	479	452	23	475
Total...	1,500	82	1,582	1,474	73	1,547
Infantry.						
1st Regiment. ...	698	29	727	682	29	711
2nd Do. ...	698	49	747	688	49	737
3rd Do. ...	698	29	727	681	29	710
4th Do. ...	514	27	541	504	26	530
Okha Battalion	461	14	475	461	14	475
Total...	3,069	148	3,217	3,016	147	3,163
Band	111	6	117	111	6	117
Senapati, General and Staff Officers.	6	2	8	6	2	8
Grand Total...	4,780	304	5,084	4,700	293	4,993

Total strength.

150. Thus the total strength of Artillery, Cavalry, and Infantry, &c., inclusive of non-effectives, was as under:—

	Number.
Artillery.	158
Cavalry.	1,547
Infantry.	3,163
Band.	117
Senapati, General and Staff Officers. ...	8
Total...	4,993

151. The Force (non-effectives excluded) was composed of 13 Europeans and Eurasians, 1,499 Marathas, 1,536 Pardeshis and Hindustanis, 67 Brahmins and Prabhus, 80 Guzratis, 1,137 Mahomedans and 368 men of other castes, making a total of 4,700.

Composition of the Force.

152. The cost of maintaining the above Force as compared with that of the preceding year was as follows:—

Cost.

	1893-94	1894-95	Increase or decrease
	Rs.	Rs.	Rs.
Artillery.	39,680	62,195	+ 22,515
Cavalry.	6,72,954	6,96,538	+ 23,584
Infantry.	5,39,558	5,47,489	+ 7,931
Band.	29,325	32,951	+ 3,626
Senapati, General and Staff Officers.	52,072	48,247	- 3,825
Military Medical Establishment.	20,329	23,400	+ 3,071
Total...	13,53,918	14,10,820	+56,902

The increase under "Artillery" was due to the purchase of regimental necessaries. The increase under "Cavalry" was due to the filling up of vacancies, to Nilgiry Swari ex-

penses, and to purchase of horses. The increased expenditure under "Infantry" and "Band" was due to the supply of uniforms and kit.

The increase under "Military Medical Establishment" was due to the investment of a large sum in the purchase of medicines in the Medical dispensaries.

The decrease under the head "Senapati and Staff Officers" was due to the payment of General Devine's pension having ceased on his death in the year under report.

Average cost.

153. The average annual cost per effective man was in the Artillery Rs. 668, in the Cavalry Rs. 473, in the Infantry Rs. 182 and in the Band Rs. 296. Taking the whole Force together, the average cost was Rs. 300 against Rs. 276 in the preceding year.

Number discharged.

154. 21 men were discharged on payment of gratuity amounting to Rs. 4,377.

Average daily attendance.

155. The average daily attendance of sick in the Force was 397·5 against 308 in the previous year. The rate of mortality in the Force was 7·5 per mille.

Regimental Schools

156. One hundred and eighty six Regimental children attended Government schools against 103 last year.

Irregular force.

157. The total strength of the Irregular force was the same as in last year, *viz.* 2,000 Mounted Effectives and 1,806 Foot, as detailed below:—

Horse.

Shiledari.	1,090
Shibandi.	379
Paganihaya.	199
Khalsa.	332
	2,000

Foot.

Shibandi.	1,139
Khalsa.	667
	1,806

158. The expenditure incurred on account of the Irregular force was as noted below:—

Cost of the Irregular force.

	1893-94	1894-95	Increase or decrease.
	Rs.	Rs.	Rs.
Horse.	10,71,941	10,69,625	– 2,316
Foot.	1,79,583	1,83,470	+ 3,887
Other establishments...	1,34,509	1,20,857	–13,652
Total...	13,86,033	13,73,952	–12,081

The decrease under "Horse" was due to a smaller amount spent on the purchase of horses.

The increase under "Foot" was due to the filling up of vacancies and to the renewal of Poshaks granted to the Shibandi men.

The decrease under "Other establishments" was due to the reduction effected in the establishment and the absence of extra expenditure such as was incurred in the previous year.

159. The average cost per effective horse per annum was Rs. 534 and that per effective foot was Rs 100 against Rs. 535 and Rs. 99 respectively in the previous year.

Average cost.

160. The cost of the whole Force, Regular and Irregular, was more than that of the preceding year by Rs. 44,821 as shewn below:—

Total cost.

	1893-94	1894-95
	Rs.	Rs.
Regular.	13,53,918	14,10,820
Irregular.	13,86,033	13,73,952
Total...	27,39,951	27,84,772

161. In addition to the above expenditure a sum of Rs. 4,40,991 was debited to this Department on account of the annual contingent commutation money paid to the British Government.

Annual Contingent Commutation.

Public Works Department.

162. Mr. Graham R. Lynn, M. I. C. E., Chief Engineer, continued to be at the head of the Department.

Direction and control.

163. The total expenditure incurred on Public Works during the year amounted to Rs. 17,07,955 in mixed currencies against Rs. 16,82,510 in the previous year. In round figures, the expenditure on original works was nearly Rs. 13¼ lacs, on repairs about 2 lacs, on establishment Rs. 1¾ lacs and on tools and plant Rs. 10,000.

Total expenditure.

164. The sub-joined table shows the outlay of the Department in mixed currency during the year under report as compared with that of the previous year under the several heads.

Total outlay.

	1893-94.	1894-95.	Increase or decrease.
	Rs.	Rs.	Rs.
Original Works. ...	12,97,299	13,21,686	+24,387
Repairs...	1,98,637	1,90,641	-7,996
Establishment	1,75,003	1,85,563	+10,560
Tools and Plant. ...	10,696	10,065	-631
Miscellaneous	875	...	-875
Total...	16,82,510	17,07,955	+25,445

The increase under the head "Original Works" was chiefly due to a large amount having been spent in the year in connection with the village schools in the districts. The ratio of the cost of the Department to the total outlay was 12·26 per cent against 11·7 per cent last year.

Original works and repairs.

165. The out-lay during the year under the head "Original Works" and "Repairs" under the several classes of works is shown below:—

	Original works.	Repairs.	Total.
	Rs.	Rs.	Rs.
Military Buildings....	1,54,815	22,382	1,77,197
Civil Buildings.	7,34,633	54,171	7,88,804
Communications.	45,057	47,848	92,905
Miscellaneous Public Improvements..	2,15,227	3,473	2,18,700
Baroda Water Works.	52,727	19,462	72,189
Irrigation and Drainage.	1,05,936	10,880	1,16,816
Water Supply.	3,258	7,471	10,729
Public Park.	10,033	24,954	34,987
Total....	13,21,686	1,90,641	15,12,327

166. The following table shows the total outlay in mixed currencies in each division during the year under report.

Outlay in each division.

Division.	Original Works.	Repairs.	Establishment.	Tools and Plant.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.
Baroda City.	7,95,252	74,093	94,922	4,813	9,69,080
Baroda Water Works... ...	78,723	23,228	30,974	1,179	1,34,104
Baroda Division.	1,27,865	27,073	16,763	1,102	1,72,803
Nowsari Division....	1,21,725	18,265	11,783	332	1,52,105
Kadi Division.	1,43,117	26,360	15,511	541	1,85,529
Amreli Division....	55,004	21,622	15,610	2,098	94,334
Total....	13,21,686	1,90,641	1,85,563	10,065	17,07,955

167. No new roads were constructed during the year under report. Only those that were in progress at the end of last year were completed in the year, and they have been mentioned in the last year's report.

Roads.

The roads maintained during the year were about 232 miles in length and the expenditure incurred thereon was Rs. 38,191.

168. Mr. R. F. Chisholm, F. R. I. B. A., came out to India in the cold weather of the year under report and inspected several works that were being executed according to the designs furnished by him. He was satisfied with the progress of the works and the manner in which they were carried out.

Inspection by Mr. Chisholm.

169. The Public Offices at Mehsana, the designs of which were prepared by Mr. Stevens, made very little progress during the year owing to want of funds. The foundations were all filled in.

Public offices at Mehsana.

170 Mr. Goldring came out to India and joined his duties as Garden Architect on the 14th October 1894. As this was the last year of his term as per his agreement the question of continuing his services was considered and His Highness the Maharajah Saheb was pleased to direct that Mr. Goldring's services be continued on the original terms, and that he should come out to India for his final visit in the cold weather of 1896-97.

Mr. W. Goldring, F. R. H. S. E.

171. Signor Felici, sculptor, visited Baroda during the cold weather and executed several models of busts and figures.

Signor Felici.

172. The additions to the Nazarbag Palace were in progress. A hydraulic lift was put up in the Palace at a cost of Rs. 18,000. The extensive additions to and alterations in the palace at Makarpura were in progress. Arrangements were made to light this building with electricity. The work of erecting the hydraulic lift in this palace was commenced. The bungalow on the Race-course road was completed. A Boat-house near the Vishvamitri river and a masonry dam near the Boat-house across the river were constructed.

Government Houses and Residences.

173. The Museum in the Public Park was almost completed.

Museum.

174. The work was in progress and the walls of the whole building were raised to the top of the first floor.

Chimnabai Market.

175. Fair progress was made in the construction of the Female Training College building.

Female Training College.

176. The construction of a theatre-house at Makarpura was sanctioned and the building has been so designed as to make it feasible to use the building as a dining hall as well as a plant house. The building consists of iron pillars with trusses and corrugated sheet roof. The work was in progress during the year.

Theatre at Makarpura.

177. The Quarry operations at Motipura were continued during the year. Mr. J. Hemmingway was specially employed on these works in March 1895 to put the works on a satisfactory footing. Some stones taken out from the quarry were brought to Baroda for use in the Nazarbag and Makarpura palaces for balustrades, fountain pedestals, &c. A Scotch Derrick crane was purchased and erected on the site of the quarry.

Motipura quarry.

178. The following works were executed in connection with the Baroda Water Works.

Baroda Water Works.

The earth work and the dry brick pitching of the dam were kept in good repair.

The vegetable growth in the lake was daily cleared with the aid of the 3 boats kept for the purpose.

The bottom of the tower was raised by $1\frac{1}{2}$ feet by cement concrete in order to allow the whole water, which was standing after the tower was scoured out, to pass away.

The arrangements made last year to improve the purity of the water in the Anderson's revolving purifiers were continued during the year.

The two settling tanks at Nimetta were cleaned alternately every month and filled with fresh water.

The manholes were provided with wire-netting to prevent reptiles, sparrows, &c., entering the reservoir.

Two branches of $\frac{1}{2}''$ piping were given, one near the Lakshmi Vilas Palace compound for Bhangies, and another for the people of Navapura at the Mangleshvar Zampa.

House connection was carried out by the licensed plumbers, and the number of new connections made during the year was 239, raising the total number of house connections to 1,572 at the end of the year.

The following works in connection with the water supply to Government buildings and Gardens were done:—

1. Laying 1″ and 2″ pipes in the boarding-house attached to the Baroda College.
2. Laying 3″ pipes in the Baroda Spinning and Weaving Mills.
3. Laying pipe in the Nazarbag Palace for Hydraulic Lift.
4. Laying 5″ and 6″ independent line for Makarpura Palace.
5. Water supply to Lakshmi Vilas Palace and Vishrambag gardens.

Sankheda water supply scheme.

179. The Sankheda water supply scheme was sanctioned during the year and tenders for pipes, cisterns, &c., were received and were under consideration.

Water Works.

180. During the year the following surveys were made by the Executive Engineer, Baroda Water Works:—

1. Survey for a Bunder at Vellan in Amreli Division.
2. Survey for water supply to Vadnagar, and Chada Tank Feeder Project in Kadi Divison.
3. Survey of the Jankri river in Nowsari Division for irrigation purposes.

Plans and estimates for the first two were prepared and those for the last were under preparation.

Surveys.

181. The Drainage works carried out during the year are given below:—

Baroda Division.

1. Excavating a drain 0·50 miles in length near the Lunatic Asylum site at Baroda.
2. Excavating a drain to remove the water that collects by the side of the Makarpura road between the Goa-gate and the Goa-gate railway station.
3. Improving the Bhuki river from Nana Karala to Awakhal with a branch line from Puniad—13 miles.
4. Excavating eastern and western drains at Mangrol in Choranda Taluka—3 miles.
5. Excavating a drain from Padra town to the Vishwamitri river—4·50 miles.
6. Excavating a drain from Shiajipur near Umarva—1 mile.

Nowsari Division.

7. Putting up a dam across the river Ambika at Chunavari in Vyara Taluka.

Kadi Division.

8. Excavating a drain from Dagucha village in Kalol Taluka—5·5 miles.
9. Excavating a drain from Saij to Hajipur—8 miles.
10. Draining water from Indral Bol.
11. Irrana to Indrol Bol Project.
12. Making a drain from Nani Kadi to Siapur tank.
13. Draining the water of Gothva village–13¾ miles.
14. Making a drain from Khervada to the Khari river—5·5 miles.
15. Draining water from Irrana to Indral and to Vamaj.
16. Draining water from Indral to Vamaj.
17. Making a drain from Untva to Kundal—9 miles.
18. Making a drain from Kundal to Roja—1 mile
19. Making a drain from Budasan to Ferozpur–3 miles.
20. Making a drain from Mahadeo Tank near Chhatral to Patdi Nulla.
21. Making a drain from Aeldeson Bol to Kadi Tank.
22. Making a drain from Rupal to Piej–4 miles.
23. Making a drain from Jafra Bol near Rajpur to Chandasan drain.

Original works and repair.

182. The following are the principal original and repair works costing Rs. 5,000 and upwards which were completed during the year.

Number.	Description of works.	Amount sanctioned.	Total expenditure in mixed currencies.
	ORIGINAL WORKS.	Rs.	Rs.
	Military.		
	Baroda City.		
1	Constructing Roads and Gutters in the 3rd Class Paga	12,275	11,167
2	Clearing and levelling the grounds in the 3rd Class Paga	5,832	5,598
3	Wooden railing to the six stables of the 2nd Class Paga...	10,294	9,818
4	Constructing 4 Naib Sarnobats' bungalows in the 3rd Class Paga.	60,491	60,196

	COMMUNICATIONS.		
	Nowsari Division.		
27	Bridges and Culverts on Sarthana-Kamrej road.	8,201	7,299

Number.	Description of works.	Amount sanctioned.	Total expenditure in mixed currencies.
	Amreli Division.	Rs.	Rs.
28	Road from Kodinar to Ghatwad	19,200	18,482
29	Dwarka Koranga road 1st section. ...	23,977	20,846
	IRRIGATION AND DRAINAGE.		
	Baroda Division.		
30	Heran river survey....	5,000	2,162
31	Excavating a channel from Kookud to Parbhya Kotar	16,632	14,960
	Kadi Division.		
32	Excavating channels from Sarsav towards Balsar village and Jaisalpur and Visalpur Branches....	15,770	12,911
33	Drainage of Ranuj in Patan Taluka. ...	13,650	13,232
34	Excavating a drainage channel from Mathasal to Jaisalpur	5,609	4,201
35	Draining the Ghumasan Bol in Kadi Division through the Patdi Vangha. ...	7,929	5,933
	WATER SUPPLY.		
	Baroda Water Works.		
36	Altering the slope of Waste Weir channel.	16,800	22,801
37	Raising the floor of the covered Service Reservoir....	15,718	14,349
38	Baroda City Distribution.	6,07,895	5,20,832
39	Covered Service Reservoir at Nimetta. ...	1,77,873	1,62,296

Number.	Description of works.	Amount sanctioned.	Total expenditure in mixed currencies.
		Rs.	Rs.
40	Laying pipes from Kothi to Dandya bazar road to Makarpura old road junction. ...	21,000	33,632
41	Constructing two cascades at the Settling Tanks.	6,382	5,970
42	Constructing koondies near the stand-posts in the City.	11,400	10,459
	Baroda Division.		
43	Improving the Kumbharia Tank at Jarod.	19,468	13,136
	REPAIRS, COMMUNICATIONS.		
	Baroda City Division.		
44	Repairing the ıd from Police Chowky to Goa-gate Railway station.	5,061	4,833
	Baroda Division.		
45	Annual repairs to the Petlad-Cambay road...	6,461	5,209
46	Special repairs to the Jarod road 1st section	5,705	5,688
	Public Garden.		
47	Maintenance of Public Garden for 1894-95	22,213	17,851
	IRRIGATION AND DRAINAGE.		
	Kadi Division.		
48	Repairs to Sarmista Tank at Vadnagar. ...	8,350	9,857
	WATER SUPPLY.		
	Baroda Water Works.		
49	Filling in at Wagli Nulla and Surya river and repairing the portion of the dam ...	9,500	9,853

MUNICIPALITIES.

Baroda City Municipality.

183. The following statement shews the details of the expenditure incurred by the City Municipality in the year 1894-95 as compared with that of the previous year:—

Expenditure.

Item.	1893-94	1894-95	Increase or Decrease.
	Rs,	Rs.	Rs.
General Establishment ...	36,731	31,370	— 5,361
Public Works.			
(1) Roads			
(a) New	18,937	7,054	— 11,883
(b) Repairs	71,933	34,371	— 37,562
(2) Wells and Tanks ...			
(a) New	...	...	...
(b) Repairs	2,593	2,159	— 434
(3) Buildings			
(a) New	2,788	7,500	+ 4,712
(b) Repairs	2,234	976	— 1,258
Planting trees	2,391	1,580	— 811
Conservancy	79,901	78,068	— 1,833
Watering roads...	32,583	33,786	+ 1,203
Lighting	22,211	24,680	+ 2,469
Fire Establishment	4,593	5,641	+ 1,048
Dead-stock and Live stock ...	19,277	2,078	— 17,199
Miscellaneous	28,689	40,010	+ 11,321
Total...	3,24,861	2,69,273	—55,588

There was a decrease in expenditure of Rs. 55,588 due to the curtailment of the Budget grant during the year under report.

The decrease of Rs. 5,361 under the head of establishment was due to the absence of expenditure on office dead-stock and printing in connection with the election of municipal members in the year under report.

In 1893-94 a large sum of Rs. 71,933 was spent for repairing thoroughly a large number of the principal roads; and as there was no necessity for incurring any large expenditure on them in 1894-95, there was a decrease under "Roads."

The large expenditure under the head of dead-stock and live-stock in 1893-94 was due to the purchase of conservancy carts, tools, one fire engine, and lamp posts. As no fresh outlay was needed in 1894-95 on these articles, there was an appreciable decrease under this head.

There was only one road, *viz.* from Wadi Chowkhandy to Hathiakhad, about half a mile in length, made in the year under report at a cost of Rs. 7,054. About 100 miles of roads in the City and suburbs were maintained at an expenditure of Rs. 34,371.

Roads about 46 miles in length were watered during the year at the total cost of Rs. 33,786.

Fires.

184. There were 18 accidents from fire in the City during the year under review, causing damage to the extent of about Rs. 46,280.

Classification of Expenditure.

185. The following is a comparative statement of expenditure incurred during the year under report and the preceding year under the different service heads :—

	1893–94	1894–95
	Rs.	Rs.
Public health	87,993 ...	75,631
Public safety	37,245 ...	33,842
Public convenience	34,636 ...	33,813
Public communications... ...	1,20,105 ...	79,219
Establishment	44,875 ...	46,644
Miscellaneous	7 ...	124
Total...	3,24,861 ...	2,69,273

In addition to the above, Rs. 16,946 were expended by the City Municipality on account of other departments for which refund was received.

Miscellaneous improvements.

186. The work of widening the important thorough-fares in the City in the dense and crowded localities was proceeded with, and the expenditure incurred in this connection during the year under report amounted to Rs. 35,093.

Income.

187. The income of the City Municipality which was derived from the fees levied on permits granted for the erection of new houses, privies, &c., and from the sale of land was Rs. 13,233 against Rs. 16,220 in the previous year.

District Municipalities.

Number of Municipalities.

188. The number of Municipalities at the end of 1893-94 was 32 and one new Municipality was established during the year at Bhadran in the Baroda Division. There were 12 Municipal towns in Kadi, 9 in Baroda, 6 in Nowsari and 6 in Amreli in 1894-95.

Constitution and management.

189. The management of all the District Municipalities with the exception of those at Billimora, Vaso and Oonza was vested in two bodies, a Working Committee presided over by the senior Medical Officer of the town or village, and a Gene-

ral Committee presided over by the principal Revenue Officer of the taluka or sub-division. The members of these Committees were nominated according to the provisions of the Sudharai Nibandh. The Municipalities at Billimora, Vaso and Oonza were, during the year under report, managed respectively by the Wahiwatdar of Gandevi, the Town Magistrate of Vaso, and the Wahiwatdar of Sidhpur.

Receipts and expenditure.

190. The subjoined statement shows the grants made, the Municipal receipts, and the expenditure of the several Municipalities.

No.	Names of Municipal Towns.	Receipts.				Expenditure.	
		Grant.	Special Grant.	Municipal Receipts.	Total.	1893-94	1894-95

	Total...	15,170	501	912	16,583	14,988	15,480
	Grand Total...	1,35,322	19,623	17,501	1,72,446	1,18,079	1,27,231

191. The total receipts for the year amounted to Rs. 17,501 against Rs. 17,374 in the year 1893–94.

Receipts.

192. Almost the whole amount expended in District Municipalities was devoted to the sanitary improvement of the towns, the charges for schools, dispensaries, vaccination, &c., being defrayed separately by the State. The total expenditure amounted to Rs. 1,27,231 against Rs. 1,13,079 in the previous year. The increase of Rs. 14,152 was due partly to the establishment of a new municipality at Bhadran and partly to larger outlay on the conservancy of several municipalities. The total expenditure was distributed among the four Divisions as under:—

Expenditure.

	1893-94 Rs.	1894-95 Rs.
Baroda... ...	25,709	31,265
Kadi	51,401	61,075
Nowsari ...	20,981	19,411
Amreli... ...	14,988	15,480

193. Several Municipalities were inspected during the year by the Sanitary Commissioner and the Subhas of the Divisions during their tours.

Inspections.

Railways.

194. The following lines of His Highness the Gaekwar's State Railway were at work at the end of the year under review:—

Railway lines.

	Miles.
Dabhoi Railway (2′—6″ *Gauge*) ...	71¾
Miyagaum *via* Dabhoi to Bodeli ...	42¼
Dabhoi to Chandod	10½
Dabhoi to Viswamitri	19
	71¾

Mehsana Railway (*Metre Gauge*) ...			92½
Mehsana-Kheraloo		27¾	
Mehsana-Viramgaum		40¼	
Mehsana-Patan		24½	
		92½	
Anand-Petlad Railway (*Standard Gauge*)			13¼
		Total...	177½

Dabhoi Railway.

(2′–6″ *Gauge*)

Capital expenditure.

195. The total capital authorizations upto 30th June 1895 in connection with this line amounted to Rs. 19,16,688 and the actual expenditure on capital account up to that date was Rs. 18,85,852.

The total capital contributions up to the end of the calendar year 1894 amounted to Rs. 18,95,935 and the actual expenditure on capital account was Rs. 18,70,726. Thus the balance available for further expenditure on 1st Jannary 1895 was Rs. 25,209. The expenditure during the calendar year 1894 on capital account amounted to Rs. 32,851.

Earnings and expenses.

196. The gross earnings during the year amounted to Rs. 2,40,315 against Rs. 2,52,106 or Rs. 11,791 less than the realizations of the previous year. There was also an increase of Rs. 25,288 in the working expenses from Rs. 1,19,599 to Rs. 1,44,887. The result was a decrease of Rs. 37,079 in the net earnings of the line which amounted to Rs. 95,428.

197. The financial result of the working of the line during the year was a surplus profit of Rs. 20,740, the net earnings being Rs. 95,428 and the interest at 4 per cent on the capital outlay being Rs. 74,688. The net earnings gave a return of 5·10 per cent on the productive capital as compared with 7·20 per cent in the year preceding.

Net earnings.

198. The financial position reached by this line at the close of the year was as noted below:—

Financial position.

	Rs.
Net revenue realized from the date of the opening of the line ...	10,44,641
Interest on capital expended up to 31st December 1894 ...	10,04,503
Excess of net revenue over interest ...	40,138

199. The mean mileage open was the same as in the preceding year, *viz*, 71·66 and the earnings, expenses and net profit per mile open were:—

Mean mileage.

	1893 Rs.	1894 Rs.
Earnings....	3,518	3,354
Expenses...	1,669	2,022
Net profit	1,849	1,332

200. The train mileage run and the average receipts, expenses and net profit per train mile, were as follows:—

Train mileage

Years.	Number of train miles run.	Average earnings per train mile.	Average expenses per train mile.	Net profit per train mile.
1892	89,142	2-10-6	1- 7-11	1-2-7
1893	88,797	2-13-3	1- 6- 3	1-7-0
1894	82,322	2-14-3	1-13- 6	1-0-9

Earnings.

201. Taking the earnings separately under their main heads, there was an increase under "Coaching traffic" and "Sundries" and a decrease under "Goods traffic" and "Telegraph" earnings as shown below:—

	1893	1894	Increase or decrease.
	Rs.	Rs.	Rs.
Coaching traffic ...	1,41,323	1,43,727	+ 2,404
Goods traffic... ...	1,08,801	94,110	- 14,691
Telegraph earnings ...	1,632	1,367	- 265
Sundries	350	1,111	+ 761
Total...	2,52,106	2,40,315	- 11,791

Number of passengers carried and earnings therefrom.

202. The increase in the number of passengers carried and in the earnings therefrom was Rs. 7,700 and Rs. 2,737 respectively as shown below:—

	1893		1894	
	No.	Rs.	No.	Rs.
Upper class ...	6,049	4,700	5,320	4,811
Lower Do. ...	4,43,058	1,31,170	4,51,487	1,33,796
Total...	4,49,107	1,35,870	4,56,807	1,38,607

Goods traffic carried

203. The tonnage of goods carried fell from 55,456 to 49,037 tons and the earnings from Rs. 1,08,801 to Rs. 94,110. In public goods traffic alone there was a decrease of 7,305 tons in the quantity carried and of Rs. 15,087 in the earnings. The following abstract shows the fluctuations in the principal articles:—

	Description.	Increase over 1893.		Decrease over 1893.	
		Tons.	Rs.	Tons.	Rs.
1	Cotton raw	...	...	2,302	3,759
2	Grains (Wheat).	...	...	22	316
3	,, (other than wheat).	...	...	613	1,695
4	Oil-seeds.	688	452	...	...
5	Salt	59	...	...	290
6	Stone and lime.	...	...	611	1,427
7	Sugar refined and unrefined.	...	...	31	83
8	Timber.	...	...	577	1,108
9	Fire wood.	467	2,052	...	...
10	Mowra flowers and seeds.	...	...	2,876	7,185
11	All other articles.	...	...	1,487	1,780
	Total.....	1,214	2,504	8,519	17,591
	Net...			7,305	15,087

1. *Cotton raw.*—The decrease under this head was chiefly from Karvan, Mandala and Dabhoi to Broach and stations between Surat and Ahmedabad.

2. *Grains* (other than wheat).—The decrease was chiefly in traffic forwarded from Dabhoi, Bahadarpur and Bodeli to Surat and from Nulla and Dabhoi to stations between Surat and Ahmedabad.

3. *Oil-seeds.*—The increase was from Dabhoi and Bahadarpur to Bombay.

4. *Mowra flowers and seeds.*—The decrease was chiefly in traffic from Bodeli and Bahadarpur to stations between Bombay and Surat and Broach.

5. *Stone and lime.*—The decrease was chiefly due to the small quantity brought from Bodeli to Goa gate.

6. *Timber.*—The decrease was chiefly in traffic from Chandod to Dabhoi.

Goods traffic received.

204. The goods traffic forwarded to and received from the B. B. & C. I. Railway and other Railway stations in the past two years is shown below:—

	1893		1894	
	Tons.	Rs.	Tons.	Rs.
Forwarded	23,226	48,359	18,719	39,742
Received	9,478	17,466	9,211	16,724
Total	32,704	65,825	27,930	56,466

The working of the line.

205. The line was worked by the B. B. & C. I. Railway Company at a total cost of Rs. 1,44,887 which exceeded that of the previous year by Rs. 25,288. The proportion of charges to earnings was 60·29 per cent as against 47·44 per cent in the preceding year. The expenditure under the main heads of account during the past two years is shown below:—

	1893 Rs.	1894 Rs.
Maintenance of way, works and stations...	36,868	49,963
Locomotive expenses	36,695	43,978
Carriage and waggon expenses... ...	11,175	13,888
Traffic expenses	22,584	24,206
General charges	12,276	12,844
Special and miscellaneous expenditure ...	1	8
Total...	1,19,599	1,44,887

The expenditure under 'Maintenance of way, works and stations' showed an increase of Rs. 13,095 due mainly to expenditure incurred in repairing the heavy damages caused by monsoon floods.

The Locomotive expenses showed an increase of Rs. 7,283 due partly to the repairs of engines and the higher price of coal and partly to loss by exchange on English materials.

The increase of Rs. 2,713 under 'Carriage and waggon expenses' was due partly to an adjustment of a large under-charge on wheels used in the previous year and partly to loss by exchange.

The increase of Rs. 1,622 under 'Traffic expenses' was due chiefly to a larger outlay on waggon covers and ropes.

The increase of Rs. 568 under 'General charges' was on account of the rent of telegraph wires and a small increase under Police signallers.

Petlad Railway.

(Standard Gauge).

Capital expenditure.

206. The capital outlay upto the end of December 1893 amounted to Rs. 7,02,375. The amount expended during the year 1894 was Rs. 9,337. The total capital outlay on the 31st December 1894 thus amounted to Rs. 7,11,712.

Gross earnings and expenses.

207. The gross earnings rose from Rs. 63,953 to Rs. 69,668 and the working expenses from Rs. 23,326 to Rs. 25,631. The net earnings were Rs. 44,037 and showed an improvement of Rs. 3,410.

The percentage of working expenses to earnings, the return per cent on capital outlay, the train mileage run and the earnings per train mile compare with those for the previous year as under:—

	1893	1894
Percentage of working expenses to earnings.	36·47	36·79

	1893	1894
Return per cent on the capital outlay.	5·78	6·19
Train miles run.	19,451	19,557
Earnings per train mile ...	Rs. 2·08	2·25

Mean mileage, earnings and expenses per mile.

208. The mean mileage open was the same as in the previous year, *viz.*, 13·35 miles and the earnings, expenses and net profit per mile open were:—

	1893. Rs.	1894. Rs.
Earnings	4,790	5,218
Expenses	1,747	1,920
Net profit.	3,043	3,298

Details of earnings.

209. Of the earnings, Rs. 49,577 were derived from "Coaching traffic," Rs. 19,034 from "Goods traffic," Rs. 625 from "Electric telegraphs" and Rs. 432 from "Sundries."

Passenger traffic.

210. The number of passengers (including season ticket holders) carried on the line and the earnings derived therefrom compare with those of the previous year as under:—

Class.	Number.		Rs.	
	1893	1894	1893	1894
First class.	234	133	197	111
Second class.	2,129	2,188	840	839
Third class.	243,176	268,935	42,430	46,790
Total...	245,539	271,256	43,467	47,740

The increase in the number of passengers carried and in the earnings derived therefrom amounted to 25,717 and

Rs. 4,273 and was chiefly due to an improvement in the third class passenger traffic.

Goods traffic earned.

211. The tonnage of goods carried fell from 21,337 tons to 20,649 tons; but there was an increase of Rs. 1,495 in the earnings which amounted to Rs. 19,034 against Rs. 17,539 last year.

The principal articles in which there was a decline were grains (other than wheat) and oil seeds; in cotton raw, salt, sugar, timber and tobacco there was an increased traffic as shown below:—

Classes of goods.	Increase over 1893.		Decrease over 1893.	
	Tons.	Rs.	Tons.	Rs.
Cotton raw.	349	280	...	...
Grain and pulse (other than wheat)...	...	...	686	890
Oil seeds.	...	...	453	205
Salt.	160	156	...	...
Stone and lime.	...	...	45	124
Sugar, refined and unrefined	197	158	...	...
Timber.	184	220	...	...
Tobacco.	460	512	...	...
All other articles.	...	608	1,244	...
Total...	1,350	1,934	2,428	719
Net...	...	1,215	1,078	...

1. *Cotton raw*—The increase was chiefly from Petlad to Nariad and Ahmedabad.

2. *Grains and pulse (other than wheat)*—The decrease was chiefly from Nariad and stations on

the Godhra Branch and Ahmedabad to Petlad line.

3. *Oil-seeds*—The decrease was chiefly from Bombay *via* Dadar junction and *via* Sabarmati to Petlad.

4. *Salt*—The increase was chiefly in traffic from Kharaghoda to Petlad.

5. *Sugar*—The increase was chiefly from *via* Dadar junction and *via* Sabarmati to Petlad.

6. *Timber*—The increase was chiefly from Godhra to Petlad.

7. *Tobacco*—The increase was chiefly from Petlad to Bombay and stations between Bombay and Surat.

Goods traffic received.

212. The goods traffic forwarded to and received from the Bombay Baroda and Central India and other Railway stations *via* Anand junction was as under:—

	1893.		1894.	
	Tons.	Rs.	Tons.	Rs.
Forwarded	8,372	7,911	8,851	9,067
Received.	12,727	8,920	11,125	8,913
Tatal	21,099	16,831	19,976	17,980

The increase over 1893 in the traffic forwarded to the B. B. & C. I. Railway and connected lines was chiefly in raw cotton. The decrease in the traffic received from that line was in grains and pulse (other than wheat) and oil-seeds.

Working expenses.

213. The working expenses amounted to Rs. 25,631 against Rs. 23,326. The expenditure under the main heads in the year was as under:—

	Rs.
Maintenance of way, works and stations ...	5,796
Locomotive expenses	10,118
Carriage and waggon expenses	2,593
Traffic expenses	3,951
General charges	2,557
Special and miscellaneous expenditure ...	616
Total ...	25,631

The increase in the working expenses was due to the increase in the varying percentage of expenses to gross earnings at which the line is worked by the Bombay Baroda and Central India Railway Company.

Mehsana Railway System.

(Metre-Gauge.)

Capital outlay.

214. The total capital outlay on the lines comprising the Mehsana system at the end of the calendar year 1894 amounted to Rs. 30,94,578 as detailed below:—

	Rs.
Mehsana-Kheralu Section	9,35,025
Mehsana-Viramgam Section	12,34,387
Mehsana-Patan Section	7,34,751
Carriage and Waggon Reserve Stock	16,026
Additional accommodation at Mehsana ...	16,557
Adding one span of 60 ft. girder at the south end of Motipura bridge	22,076
Demarcating boundaries of the Gaekwar's Mehsana Railway with stone posts	1,498
Additional water column and piping at Mehsana	288
Additional water-way required on the Patan Branch	37,540
Patan-Harij Survey	3,183

	Rs.
Re-arrangement at Viramgam station yard to admit Mehsana Viramgam Railway ...	93,247
Total ...	30,94,578

Earnings and expenses.

215. The gross earnings increased from Rs. 3,36,859 to Rs. 3,79,972 or by Rs. 43,113, but as the working expenses increased by Rs. 4,977, the net earnings showed an improvement of only Rs. 38,136. The earnings and expenses for the year compare as under with those of the previous year:—

		1893.	1894.
Earnings	Rs.	3,36,859	3,79,972
Expenses	Rs.	1,38,608	1,43,585
Net profit ...	Rs.	1,98,251	2,36,387
Percentage of working expenses to earnings ...		41·14	37·79
Return per cent on the capital outlay		6·22	7·64
Train miles run		101,394	118,972
Earnings per train mile	Rs.	3·32	3·11

Mean mileage open.

216. The mean mileage open was the same as in the preceding year, namely, 92·63 miles and the earnings, expenses and net profit per mile compare as under with those of 1893:—

	1893. Rs.	1894. Rs.
Earnings	3,636	4,101
Expenses	1,496	1,550
Net profit	2,140	2,551

217. Of the earnings, Rs. 1,62,456 were derived from "Coaching traffic," Rs. 2,14,766 from "Goods traffic," Rs. 2,658 from "Electric Telegraph" and Rs. 92 from "Sundries."

Details of earnings.

218. The number of passengers carried and the earnings derived therefrom compare with those of the previous year as under:—

Number of passengers carried.

Class.	1893. No.	1893. Earnings Rs.	1894. No.	1894. Earnings Rs.
First ...	388	756	343	743
Second ...	3,295	2,939	3,177	2,752
Third ...	569,902	1,38,413	619,148	1,49,679
Total	573,585	1,42,108	622,668	1,53,174

The increase in the number of passengers carried and in the earnings therefrom was due to the general development of traffic.

219. The tonnage of goods carried rose from 132,720 tons to 162,617 tons and the earnings from Rs. 1,84,607 to Rs. 2,14,766. In public goods traffic alone there was an increase of 29,496 tons in the quantity carried and of Rs. 29,596 in the earnings as detailed below:—

Goods traffic carried.

Description.	Increase over 1893.		Decrease over 1893.	
	Tons.	Rs.	Tons.	Rs.
Cotton raw...	416	1,634	.....	...
Grain and pulse (wheat)...	238	...	.....	75
,, ,, (other than wheat.)	4,800	5,520	.....	...

Description.	Increase over 1893.		Decrease over 1893.	
Oil-seeds	8,935	9,410	.....	...
Salt...	7,569	8,224	.....	...
Sugar	1,880	3,150	.....	...
All other articles	5,658	1,733	.....	...
Total...	29,496	29,671	.....	75
Net...	29,496	29,596	.....	...

1. *Cotton raw*—The increase was chiefly in traffic fowarded to the Rajputana-Malwa Railway stations *via* Mehsana.

2. *Grain and pulse (wheat)*—The increase was chiefly in traffic from stations on the Rajputana-Malwa Railway to Wadhwan and to stations on the Bhawnagar-Gondal-Junagad-Porbandar Railway.

3. *Grain and pulse (other than wheat)*—The increase was chiefly in traffic forwarded from the Rajputana-Malwa Railway and stations beyond Viramgam.

4. *Oil-seeds*—The increase was chiefly from stations on the Rajputana-Malwa Railway to stations on the Bhavanagar-Gondal-Junagad-Porbander and Morvi Railways *via* Viramgam junction and from the Mehsana-Patan and Mehsana-Kheralu branches to Bombay *via* Sabarmati.

5. *Salt*—The increase was chiefly in traffic received from Khara Ghoda *via* Viramgam for stations on the Rajputana-Malwa Railway and beyond.

6. *Sugar*—The increase was chiefly in traffic from the Rajputana-Malwa Railway and of stations beyond Viramgam.

220. The working expenses under the main heads were as follows:— Working expenses.

	Rs.
Maintenance of way, works and stations ...	23,739
Locomotive expenses	60,568
Carriage and Wagon expenses	14,890
Traffic expenses...	23,259
General charges...	18,702
Special and miscellaneous expenditure ...	2,436
Total ...	1,43,585

EDUCATION.

221. The department of education may be broadly divided into two branches, English and Vernacular. All English and Anglo-Vernacular institutions are under the control of the Director of English Education, while the Vernacular schools are under the management of the Director of Vernacular Education, these two authorities being independent of each other. During the year under report the office of Director of English Education was held by Mr. T. S. Tait, M. A., B. Sc., Principal of the Baroda College, while that of the Director of Vernacular Education was held by Mr. H. Littledale, M. A., Vice-Principal of the College. Direction and Control.

Expenditure of the Department.

222. The following is a comparative statement of the total expenditure of the Educational Department during the year under report as compared with that of the preceding year:—

Classes of Institutions.	Expenditure in mixed currency.	
	1893-94.	1894-95.
	Rs.	Rs.
Baroda College including the Agricultural classes and the Experimental farm. ...	96,497	95,077
Baroda and Pattan High Schools and the Anglo-Vernacular Schools.	56,218	60,925
Grant-in-aid to the Nowsari Zarthosti Madrassa and other Anglo-Vernacular Schools.	7,320	7,142
Vernacular Schools including Aided, Funded and Village Schools.	4,77,343	5,40,648
Technical Institute or Kala Bhavan.	78,841	74,956
Educational Buildings.	1,35,928	90,559
Total ...	8,52,147	8,69,307

Excluding the expenditure incurred on Educational buildings, the total expenditure for the year was Rs. 7,78,748 against Rs. 7,16,219 in the year 1893-94.

Baroda College.

The College staff.

223. The staff of the College at the end of the official year 1894-95 consisted of the Principal, the Vice-Principal, eight Professors, 2 Lecturers, 2 Fellows, 1 Shastri, 1 Farm Superintendent, 2 Laboratory Assistants and one Librarian, making up a total of 19, the number being the same as in the previous year.

224. The number of students on the rolls in the month of July 1895 was 164 against 148 in July 1894. The increase occurred mainly in the Junior B. A., the Intermediate and the Previous Examination classes.

Strength of the College.

225. The following tabular statement gives information about the number of students, their nationality, the average attendance, monthly rate of fees, &c.

Name of Institution.	When established.	Number of students on the rolls at the end of the Official year.					Average monthly number on the rolls during the year.	Average daily attendance.	Monthly rate of fees.
		Hindus.	Parsees.	Mahomedans.	Others.	Total.			
1	2	3	4	5	6	7	8	9	10
Baroda College.	January 1st 1832.	156	4	4	0	164	152	128·75	B. A., Intermediate, B. Sc., 2nd and 3rd Agricultural classes Rs. 5. P. E., 1st year's class in Agriculture and Law Rs. 2-8-0.

226. The number of students sent up in 1894 for University Examinations from the College classes and the number who passed are shown in the following table:—

University Examinations.

Examination.	Number sent up.	Number passed.	Class.
2nd B. Sc.	1	...	
2nd B. A.	18	16	2nd Class. 8
1st B. Sc.	1	...	
Senior B. A.	2	1	

Examination.	Number sent up.	Number passed.	Class,
Intermediate....	25	14	2nd Class, 8.
Previous.	63	28	
1st LL. B..	12	11	
3rd Agricultural.	6	2	
2nd Agricultural.	11	8	
1st Agricultural.	3	1	

In the year under report in the 2nd. B. Sc. and the first B. Sc. examinations no student of the College passed, the only student who appeared for each of the examinations having failed. In the Second B. A., 16 passed out of 18, in the senior B. A., one out of two, in the intermediate, 14 out of 25 and in the first LL. B., 11 out of 12. These results are satisfactory.

University scholarships.

227. It is also gratifying to note that three of the scholarships awarded by the University of Bombay, the Melvill memorial scholarship (Rs. 20 per mensem), the Sir Frank Souter scholarship (Rs. 15 per mensem), and the Bhau Saheb Desai scholarship (Rs. 72 per term), were held by students of the Baroda College. One of the Kazi Shahabuddin scholarships (Rs. 45 per quarter) awarded by the Director of Public Instruction Bombay, to a poor Mahomedan student was also held by a student of the Junior B. A. class of the College.

Baroda State scholarships.

228. The Baroda State scholarships of Rs. 20 per mensem were held by 3 students, one studying in the Poona College of Science and 2 in the Victoria Technical Institute

Bombay. In connection with the College, the scholarships mentioned below, of the aggregate monthly value of Rs. 165 were awarded by the State.

B. A.	classes	3	of the aggregate value of	Rs.	30
Intermediate	Do.	2	Do.	„	15
Previous	Do.	5	Do.	„	25
2nd. B. Sc.	Do.	2	Do.	„	20
1st. B. Sc.	Do.	2	Do.	„	15
Agricultural classes, scholarships			Do.	„	60
				Total.	165

Other scholarships.

229. The Kazi Shahabuddin scholarship and the one awarded by the Poona Deccan Association were also held by students of the College.

Library.

230. The number of books in the College library on the 31st July 1894 was 4,321; 458 volumes were added during the year and the number was 4,779 at the end of the year. The number of volumes issued to students during the year under report was 2,040.

Boarding House.

231. The new Boarding house in connection with the College, a handsome and commodious building, was completed during the year under report. The house is capable of accomodating 89 students, but there were only 40 students in the house during the year. A delightful small garden is also attached to it.

Receipts and expenditure of the College.

232. The receipts of the College amounted to Rs. 7,569-14-0 comprised of Rs. 6,772-9-6 levied as College fees, Rs. 738 (exclusive of Rs. 129 not sent to the treasury but reserved for contingent expenses), rent for Boarding

house, and Rs. 59-4-6 College garden returns. The expenditure amounted to Rs. 80,398 in mixed currencies.

Reading Room.

233. The Reading Room is provided with a good number of newspapers and magazines.

The College Union.

234. A College Union composed of College Professors and students was formed during the year and in connection with it the following institutions were formed; the Debating Society, the Physical, Chemical and Biological Society and the Shakespeare Reading Fortnightly Club. The Union also looks after the business of the annual social gathering of students, the publication of a College Magazine every term, Cricket, Football and Lawn Tennis. The expenses of these institutions are met from a small fee of one rupee per term levied from the students and the amounts subscribed by the Professors of the College.

Agricultural Classes.

235. Professor T. H. Middleton continued to supervise the Agricultural classes and the farm.

Results.

236. 21 out of 22 students receiving instruction in the College were sent for the University Examinations and 11 were successful. It may be noted that in the Examinations for Diploma in agriculture which was more difficult than usual, the only two candidates who were successful in the whole Presidency were students of the Baroda College.

Strength of the College.

237. When the College opened after the University Examinations only one new student joined the Agricultural classes and the total number on the roll was eleven-7 in the senior, 2 in the Middle and 2 in the Junior class. Mr. T. H. Middleton writes "The students of the senior class have since passed their examination and the Agricultural

classes have almost ceased to exist." He attributed the paucity of candidates to the absence of adequate prospects for students who decide upon this course of study and to an erroneous impression on the part of students that after his departure from Baroda the two appointments on Rs. 60 a month in the Revenue Department reserved to them, would be discontinued.

The College Farm.

Season and rainfall.

238. The monsoon was characterised, Mr. Middleton observes, by an excessive rainfall amounting to 62·68 inches against 34·56 inches, the average of the past 10 years. The out-turn of crops was disappointing. The unusually damp season produced a large bulk of straw of poor quality and but little grain. Unseasonable weather during harvest injured the ripe Kharif crops. Rice in the Kharif and Gram Val, Jiru and vegetables in the Rabi season were good crops. Sugarcane, tobacco, wheat, and castors were fair. The chief staples, Bajri, Math, Kodra, Tuer, and Sundhis were poor.

Crop Experiments.

Suger-cane.

239. With a view of ascertaining which of the manures within the reach of the cultivator was best suited for cane growing, several experiments were made. Farm-yard manure at the rate of 30 tons per acre was compared with dried night-soil at the rate of 20 tons. The same 2 manures were tried in conjunction with (a) castor cake, 2000 lbs per acre, (b) bone-ash, 1960 lbs per acre and (c) with both castor cake and bone-ash. Additional plots were laid out to compare the effects of night-soil in the dried state with night-soil in the fresh state. The results proved that 20 tons per acre of dried night-soil applied to the crop before planting was a full manure for cane; but that 30 tons of ordinary cattle dung was insufficient and that unless castor cake at the rate of 2000

lbs per acre be added to it, the cane would not grow well Night-soil in a fresh state was also a valuable manure, but 15 tons per acre was insufficient for the wants of the crop. The effects of phosphates and potash this season were shown to be inappreciable. Nitrate of potash was not found to be a suitable manure for the Baroda soil which is light and easily beached; the manure was also expensive and ineffective.

Sorghum Saccharatum.

240. An experiment was made with Sorghum Saccharatum (a kind of *Jowari*) in order to test its value as Gol produce. " Sorghum has had a full trial", Mr. Middleton writes, " at Baroda and as a sugar producer it must be reckoned as a failure " though it is an excellent fodder crop.

Tobacco.

241. 4·54 acres were laid under tobacco. The plants grew well but were damaged by the October rains. In curing tobacco a certain amount of success was met with. A few maunds of tobacco were cured and about 20 lbs of the best quality were sent to Calcutta and Madras for examination by experts. As might be expected, the opinions of experts differed, " Messrs. McDowell &Co. having nothing good to say about our tobacco, whilst both Messrs. Spencer & Co. and Mr. Caine give it a fair character. "

Cotton.

242. Cotton received much attention and the only one which produced good results on the light *goradu* soil was an American species acclimatised in Bengal.

Vegetables and garden crops.

243. 3·84 acres were laid under vegetables and a number of varieties were tested. For general garden purposes in Baroda Mr. Middleton recommends Sutton's Express cabbage and Schweinfurt. Sutton's Early London White is a very good cauliflower suited to Baroda soil. All varieties of Knol-Khol thrived

well Turnips, Carrots, Beets, Spinach Limia beans grew well. Tomatoes proved a failure. The climate of Baroda was too hot for Cape Gooseberry.

Fruit trees.

244. Graft mango trees were procured from Gwalior and Poona and planted.

Implements.

245. Mr. Middleton writes " I have now tried upon the Farm a great variety of patterns of ploughs and other cultivating implements, all indeed which seemed to have any chance of obtaining favor in Guzrat and the only one which I find really suited to the country and likely to benefit it is the Turnrest plough. It will be unnecessary to experiment any further with new tillage implements; what we now want to learn is how to make the most use of this plough and how to get cultivators to take it up. "

Behcea Sugarmill.

246. This mill did all the crushing of the cane crop; 14 tests were made and it was found on an average to crush 240 lbs of cane per hour at a cost of As. 12·5 per 1000 lbs crushed. It extracted 60 per cent of juice and the cane was squeezed fairly dry, though not so effectually as in the wooden mill.

Dairy implements.

247. A Windsor Separator, a Victoria Churn and a " Normandy Delaitense " were purchased during the year. The Babcock Milk Tester was used for analysing the Farm Cows' milk with satisfactory results.

Live-stock.

248. There were 106 animals of all descriptions, of which 13 were working bullocks, 2 bulls, 35 cows and 56 young animals.

Dairy produce.

249. The sale proceeds of the dairy produce amounted to Rs. 2,071 against Rs. 1,670 in the previous year. Butter-making was begun in November and continued throughout the year.

Improvements.

250. Several permanent improvements were made on the farm; a road was constructed round the buildings, the cattle sheds were paved with brick and a combined silo and tobacco house was built under-ground. The land round the buildings was reclaimed and levelled.

Income and expenditure.

251. The total income amounted to Rs. 4,152 and the total expenditure to Rs. 14,679.

District Farms.

252. The Hira Bag farm, maintained for imparting practical instruction in agriculture to the students of the Training school and Kala Bhavan agricultural class, did not thrive well during the year under report owing to excessive rain-fall. Several crops and vegetables were raised on the farm. But experiments made in American tobacco and Egyptian and Sea Island cotton were not successful owing to excessive rains. In the Government garden at Kadi in addition to the cultivation of tobacco and the usual garden crops, experiments were made in ground-nut and the result was encouraging. The Dhanka School farm at Songad was worked entirely by the boys of the Kali Paraj Boarding school. At Dwarka an intelligent cultivator from the Petlad Taluka was employed to teach Charotar methods of cultivation to the Wagher and Memon cultivators; tobacco cultivation was introduced with very successful results.

The Akota grass farm yielded a net profit of Rs. 271 against Rs. 234 in the preceding year. Salt-petre was tried as manure for rice and tobacco in Petlad and yielded very fair results.

Seed and manure depots were opened at Padra and Kheralu. The total quantity of seed and salt-petre manure sold was 1044 maunds and the sales fetched Rs. 1,857. A

new kind of iron plough designed by Mr. Raoji Bhailal was tried by some cultivators and it is reported that it meets requirements. Cattle and agricultural shows were held during the year under report at Gandevi, Mahuwa, Kalol and Vijnagar. Attempts were made at rearing silk worms and a passed agricultural student of the Baroda College was sent to Berhampur in Bengal to obtain instruction in sericulture. The Government waste lands of the Baroda, Savli, Waghodia, Sankheda, Dabhoi and Sinor were planted with 4,60,700 Babul trees. In connection with cattle breeding operations, 103 mares and 31 she-buffaloes were served by the horse and buffalo stallions kept for the purpose.

Expenditure from the Revenue Department.

253. A sum of Rs. 14,232 was spent by the Revenue Department in connection with the various experiments in agriculture alluded to above against Rs. 29,768 in 1893-94.

The Baroda and Patan High Schools and the Anglo-Vernacular Schools.

Number of Schools.

254. During the year under report there were 2 High Schools (one at Patan and the other at Baroda) and 13 Anglo-Vernacular Schools against 11 in the previous year. The increase in the number of A. V. Schools was due to the opening of a Second grade A. V. School teaching up to the 4th Standard at Vadnagar on the 1st August 1894 and the conversion of the Billimora School from a Grant-in-aid into a State School. Of the 13 A. V. Schools, 5 were in the Baroda Division, 5 in the Kadi Division, 2 in the Amreli Division and 1 in the Nowsari Division.

Their strength, &c.

255. The following table gives particulars regarding the number of students in the above mentioned 15 schools, their nationality and the annual cost of educating each pupil.

Number.	Name of Institution.	When established.	Number of students on the rolls at the end of the Official year.					Average daily attendance.	Average monthly number on the rolls. 	Total...	.....	1,753	55	99	2	1914	1,418	1,794	...	4,884	60,925	27- 9- 3

256. The total strength of all the schools increased from 1,660 in 1893-94 to 1,914 in 1894-95. The increase of 254 students was due to the establishment of a new school at Vadnagar, to the conversion of the Billimora school into a Government one, to the opening of the Sixth standard classes in the Petlad and Visnagar A. V. schools, and to the improvement in attendance at the Vaso and Kadi A. V. schools. The number of Mahomedan students increased from 41 in 1893-94 to 55 in 1894-95.

Total strength.

The Baroda High School.

257. The strength of the High School was 560 against 566 in the previous year.

Strength.

258. At the close of the year, the staff of the High School consisted of 1 Head-master, 19 Assistant masters (of whom 8 were graduates), 1 Writing master, 1 Drawing master and 1 Gymnasium teacher.

Staff.

259. At the University Examination held during the year, 38 students passed the Matriculation Examination against 22 in the previous year. In the University School Final Examination 8 passed against 14 successful candidates in 1893-94.

University Examinations.

260. Tha drawing class was well attended, the number in the voluntary Drawing class being 58 in the first grade and 6 in the second grade against 63 and 11 respectively in the previous year. Seven out of 28 students sent up for the first grade drawing examination of the Sir J. J. School of arts, Bombay passed. In the second grade examination 4 passed out of 8 sent up.

Drawing Class.

Gymnasium.

261. The Gymnasium attached to the High School was well attended. The average daily attendance was 45.

Patan High School.

Strength.

262. The number of students increased from 143 in 1893-94 to 159 in the year 1894-95.

Number of successful students.

263. The number of students sent up for the Matriculation and School Final examinations were 8 and 3 respectively. Out of the above, 4 and 1 came out successful.

Grant-in-Aid Schools.

Number of Schools.

264. There were 4 Grant-in-aid schools at the end of the year, three in the Nowsari Division and one in the Baroda Division, against five in the previous year. The decrease was due to the conversion of the Grant-in-aid School at Billimora into a Government School.

Strength.

265. The following table gives particulars regarding the number of students in these schools:—

Number.	Name of Institution.	Number of pupils on the rolls at the end of the Official year.				Average daily attendance.	Average monthly Number on the rolls during the year.	Total annual cost including all charges.	Annual average cost of educating each pupil.
		Hindus.	Parsees.	Mahomedans and others.	Total.				
									Rs.A.P.
1	Sir C. J. Nowsari Zarthosti Madrassa...	40	132	1	173	152	160	8,669	54-1-0
2	Sir C. J. Gandevi English School ...	26	62	3	91	74	85	4,055	47-0-0
3	Dadabhai C. Tata Nowsari Anglo-Vernacular school	13	115	2	130	102	282	3,562	12-6-3
	„ Vernacular „	41	133	4	178	126			
4	Rustomjee P. B. Billimora Anglo-Vernacular school	14	42	2	58	46	57	719	11-8-0
5	Padra Anglo-Vernacular school... ...	26	...	...	26	13	17	282	11-3-5
	Total...	119	351	8	420	341	601	17,287	20-0-4

The number of students at the end of the year was 420 against 445 in the previous year. The decrease was nominal as the number in the Billimora A. V. School was left out of account in the year under report.

Results.

266. Out of 20 candidates sent up for the Matriculation examination from the Nowsari Zarthosti Madrassa 9 passed. Of these, 6 were Parsees. In June 1894 the School Final class was opened and 4 students were sent up for the examination and 3 passed.

Inspections.

267. All the schools except the Padra Anglo-Vernacular School were examined by a Special Examiner appointed for the purpose. Out of 280 students on the roll, 267 were examined and 144 passed in all the subjects.

Receipts and expenditure.

268. The receipts in these Anglo-Vernacular Schools were comprised of a Government grant of Rs. 7,122, school fees Rs. 3,375 and contributions from other sources Rs. 6,356, making up a total of Rs. 16,873. The expenditure was Rs. 17,287. The average cost of educating a pupil in these schools was Rs. 20-0-4 ayear.

Vernacular Instruction.

Number of Schools.

269. The total number of regular Government schools at the beginning of the year was 514 and 66 new schools were opened during the year, thus making a total of 580 at the end of the year under review. In addition to the above there were 705 Government village schools, 46 Aided indigenous schools, 2 Fund schools and 5 schools under inspection.

Number of scholars.

270. The subjoined table shows the total number of Vernacular schools and the number of children receiving instruction in them.

Class of Schools.	Number of Schools.		Number of Scholars.	
	1893-94.	1894-95.	1893-94.	1894-95.
Regular Government schools. ...	514	580	54,915	58,156
Village schools	728	705	23,701	22,738
Aided indigenous schools... ...	45	46	4,154	4,127
Fund schools.	2	2	197	205
Schools under Inspection. ...	4	5	315	351
Total...	1,293	1,338	83,282	85,577

There was in the year under report an increase of 45 schools and 2,295 scholars over the figures of 1893-94.

Compulsory Education scheme.

271. At the special desire of His Highness the Maharajah a commencement was made last year to open schools under the system of compulsory education in the Amreli Mahal. The number of schools opened in Amreli town and in 19 villages around it in furtherence of the scheme was 32 in addition to 12 existing schools. Of these 44 schools, 8 were schools for girls and 5 were Antyaja schools. The total number of children attending all these schools, new and old, was 3,694, of whom 2,929 were of the compulsory age. The total number of children of school-going age under the compulsory law in Amreli and in the 19 villages to which the law has been made applicable was according to latest statistics 3,016; of these, 86 children were absent from their native places and 1 was sick. The remaining 2,929 children or 97·2 per cent, who should under the law attend schools, did so. Of the total population of the

tract where this law has been enforced, 14·7 per cent, *i. e.* a little less than the figure generally accepted as the percentage of the population of the school-going age, received the benefits of education.

Schools for boys.

272. Of the regular Government schools, the number of schools for boys was 508 or 58 more than in last year and the average number on the rolls was 52,810 against 48,849, the increase in the former being 12·9 per cent and that in the latter 8·1 per cent. The average daily attendance was 34,438 against 31,683 in the previous year.

Schools for girls.

273. There were 74 regular Government schools for girls against 64 in 1893-94, the average number on the rolls was 7,281 against 6,511 and the average daily attendance was 3,562 against 3,248.

Aided indigenous schools.

274. The number of Aided indigenous schools and that of pupils attending them were 46 and 4,127 respectively. The corresponding figures for the year 1893-94 were 45 and 4,154.

Education of the backward classes.

275. The backward classes received their education free and most of the pupils were provided with school books and other requisite materials at State expense. There were, besides, four Boarding Schools for the boys of the Dhanka community in the Nowsari Division. The number of schools for the boys of the Antyaja class was 21 of which one in each District was a Boarding institution. Advanced boys were also given scholarships. The total number of boys attending the Antyaja schools was 1,496 against 1,100 in the previous year. There was in Baroda a girls' school for the girls of the Antyaja class.

276. Fifty three children of Sirdars, Darakdars and similar classes attended the Vernacular schools against 79 in the previous year; with the exception of 3, all of them attended the Marathi schools.

Children of Sirdars.

277. In the year 1893-94 there were 4 schools, "under inspection" and one new school was opened at Karamdi in the year under review. The names of these five schools are given below :—

Schools under Inspection.

(1) The Navaj Bai Tata girls' schools at Nowsari.

(2) The Sanskrit school established by Sheth Premji Dayal at Beyt.

(3) The Guzerati school at Miagam. } established
(4) The Guzerati school at Karamdi. } by the Thakore Saheb of Miagam.

(5) The Guzerati school at Khandha, founded by the Thakore Saheb of Khandha.

278. The following abstract shows the number of schools classified according to the number of pupils attending them:—

Number of schools and scholars.

Grade.	1893-94		1894-95	
	Number of schools.	Number of scholars.	Number of schools.	Number of scholars.
1st Grade schools having 400 pupils and upwards ...	14	6,658	15	6,947
2nd Do. Do. 300 and upwards.	14	4,831	16	5,211
3rd Do. Do. 200 Do.	24	5,738	25	5,911
4th Do. Do. 100 Do.	154	21,190	153	20,420
5th Do. Do. 50 Do.	290	19,902	315	21,588
6th Do. Do. less than 50	772	23,824	789	24,451
Total...	1,268	82,143	1,313	84,528

In the above statement one Female Training College, 4 Music schools, 1 Cookery school for boys and 1 Tanjore Dancing class and 18 Sanskrit schools, numbering 25 in all, have not been included.

279. The classification of schools according to the languages taught in them is as follows:—

According to languages.

Languages.	1893-94.		1894-95.	
	Number of schools.	Number of scholars.	Number of schools.	Number of scholars.
Guzerathi...	1,206	75,209	1,246	77,475
Marathi	36	3,755	38	3,619
Sanskrit	18	599	18	529
Urdu	33	3,719	36	3,954
Total...	1,293	83,282	1,338	85,577

In the above, the Music schools have been included under Urdu schools.

280. The number of schools in each division of the State is given below:—

According to Districts.

Name of Division.	1893-94.		1894-95.	
	Number of schools.	Number of scholars.	Number of schools.	Number of scholars.
Kadi Division.	430	25,720	442	27,066
Baroda Division — Baroda City. ...	63	7,446	67	7,443
Baroda Division — „ Mahals. ...	432	29,716	458	30,023
Nowsari Division.	209	11,919	205	11,683
Amreli Division — Amreli Division excluding Okhamandal.	145	7,222	151	8,097
Amreli Division — Okhamandal. ...	14	1,259	15	1,265
Total...	1,293	83,282	1,338	85,577

The average monthly number on the rolls throughout the year rose from 81,640 to 88,520 and the average daily attendance from 55,132 to 58,730. The percentage of the daily average attendance to the average monthly number on the rolls was 66·3 against 67·5 in the previous year.

Schools in Baroda City.

281. The following table gives details regarding the schools in the Baroda City.

Schools.	1893-94.		1894-95.	
	Number of schools.	Number of scholars.	Number of schools.	Number of scholars.
Special Institutions.	5	367	5	352

	Total...	202	33,317	479	26,418	632	24,793	1,313	84,528

Female Education.

284. The number of primary schools for girls and the pupils in them increased from 62 and 6,434 to 72 and 7,231 respectively. There were besides 2,213 girls in the schools for boys in which they were admitted in accordance with the orders of Government to try the experiment of having mixed schools for boys and girls in places where special schools for girls did not exist or could not be opened. The results of the experiment are stated to have been satisfactory.

Zenana classes.

285. There were 8 Zenana classes for giving instruction to grown-up girls and women unable to attend the regular schools for girls and 331 ladies attended them. Every girl's school has been provided with a teacher of needle-work and some have special teachers of embroidery as well. Instruction was given in the principles of cookery in all the schools, and practical cookery was taught in 5 of the chief girls' schools in the State. Girls above the age of ten were given scholarships as an inducement to remain longer in schools and the system has been sucessful. Drawing was taught in 2 schools in the Baroda city and in the girls' Schools at Petlad, Patan, Sojitra, Visnagar and Amreli. Special music classes for girls were continued in the year under report in two girls' schools of the capital. Thus on the whole female education has made and is making satisfactory progress.

Sanskrit Schools.

286. There were 18 Sanskrit schools with 529 pupils, in which instruction was given in the old Hindu style. Grammar, classical poetry, logic, astronomy, chanting of the Vedas and Brahminical rituals were taught in them. Classes for teaching Dharmashastra and Medicine were continued during the year. The classes opened for imparting instruction in English and Vernacular languages to the students attending the Sanskrit schools were closed in May 1895.

Inspection and Examination.

287. During the year under report, the Director and his Assistant inspected 14 schools. The Inspectors, Deputy Inspectors, the Urdu Examiner, and the Sanskrit Supervisor examined 1,827 schools and inspected 759 schools.

Results.

288. The following table shows the results of the examination of the several schools in the territory:—

Names of Division, &c.	1894-95.			1893-94.
	Number on the rolls.	Percentage of the number presented to the number on the rolls.	Precentage of the number passed to the number presented.	Percentage of the number passed to the number presented.
Kadi Division	17,830	76·5	65·9	66·7
Baroda Division — Baroda City	5,871	68·4	57·4	55·6
Baroda Division — Baroda Mahals	20,776	76·4	54·8	54·1
Nowsari Division	7,832	78·9	57·3	54·4
Amreli Division — Amreli Division excluding Okhamandal	4,568	76·4	57·3	55·5
Amreli Division — Okhamandal...	1,149	72·3	83·8	65·7
Fund Schools	195	82·5	86·3	57·2

Village Schools.	23,651	75·5	60·2	62·0
Special Institutions	588	54·5	78·8	70·3
Schools under inspection	303	92·1	77·7	57·3
Total...	86,417	75·1	59·4	58·2

Fifth and higher standard classes.

289. The total number of students attending the fifth and higher standard classes rose from 4,409 to 4,774; of these 1,704 passed the annual examinations qualifying them for employment in the State service.

290. The expenditure under "direction," "inspection," and other items was as follows in the past 2 years.

Expenditure.

Items.	1893-94.	1894-95.	Increase or Decrease.
	Rs.	Rs.	Rs.
Direction and subsidiary charges. ...	21,889	21,542	– 347
Inspection and subsidary charges. ...	40,282	38,758	– 1,524
Instruction including educational expenditure not coming under the above heads...	4,15,173	4,80,348	+ 65,175
Total... ...	4,77,344	5,40,648	+ 63,304

The charges amounted to Rs. 5,40,648 as against Rs. 4,77,344 in the previous year. The increase was mainly due to (1) the opening of new schools; (2) the increments of pay sanctioned to teachers; (3) the employment of additional teachers; and (4) miscellaneous charges.

291. The expenditure of the Department during the year under review as compared with budget allotments is shown below:—

Expenditure compared with budget allotments.

	Allotment. Rs.	Charges. Rs.
Direction...	25,083 ...	21,542
Inspection.	45,752 ...	38,758

Miscellaneous (tile-turning, &c.)	42,033 ...	41,553
Dead-stock and Books ...	13,431 ...	10,934
Shravan Mas Dakshina ...	46,000 ...	41,165
Total...	6,94,792	5,40,648

Grants.

292. The grants awarded to Aided schools according to the results system amounted to Rs. 11,579 against Rs. 10,475 in the year 1893-94.

Prizes.

293. A sum of Rs. 6,716 was spent in awarding prizes to pupils against Rs. 6,619 in the preceding year. In addition to this, prizes and sweet-meats to the value of Rs. 3,593 were distributed in various schools by private gentlemen.

Free scholars.

294. No fees were charged in girls' schools, Sanskrit schools, Urdu schools, Special institutions, and the Dhanka Boarding schools. Fees were not also demanded from poor and deserving students to the extent of one-fifth of the number on the rolls. Boys of backward classes were exempted from payment of School fees. The number of students receiving education gratis was on the whole 46·6 per cent of the total number of pupils in Government schools against 40·2 per cent in the previous year.

Fees.

295. The fee collections amounted to Rs. 39,064 against Rs. 36,962 in 1893-94, and deducting the receipts from the charges, the net expenditure amounted to Rs. 5,01,583 or Rs. 61,201 more

than in 1893-94. The average cost of educating each pupil was Rs. 5-10-5 against Rs. 4-14-6 in the preceding year.

Female Training College.

Strength.

296. This institution provides competent female teachers for girls' schools. There were at the close of the year 36 pupils in the school; 22 were of the Brahmin, 6 Bania, 1 Patidar, 2 Rajput, 1 Lavana, 1 Maratha, 1 Goldsmith, 1 Barber, and 1 of the carpenter castes.

Results.

297. The following table shows the results of the examination held by a committee appointed for the purpose.

	4th year.	3rd year.	2nd year.	1st year.	Preparatory Class.	4th Standard.	Total.
Students on the rolls.	5	3	4	10	8	2	32
Do. presented for examination.	5	3	4	8	6	2	28
Do. passed. ...	5	3	2	6	5	2	23

Employment of pupils after training.

298. Five pupils of the highest classes were employed after the annual examination as teachers on salaries ranging from Rs. 12 to Rs. 25.

Average cost.

299. The average annual cost of training and educating each pupil was Rs. 125-4-6 against Rs. 159-15-6 in the previous year. This includes the amount of scholarships paid to 32 pupils.

Music Schools.

300. These schools were popular and were *held in the* evening to enable the pupils of the day-schools to attend without prejudice to their regular studies. There were 4 for boys and 2 for girls. The number of pupils at the end of the year in the former was 353 and in the latter 108, against 367 and 117 respectively in the previous year. The results of the annual examination held were satisfactory. The total cost of maintaining these classes amounted to Rs. 7,554 against Rs. 7,118 in the previous year.

Number of schools, strength, &c.

301. In the special class for teaching Tanjore Dance opened in 1892, there were 6 pupils at the end of the year, but this has since been closed.

Dancing class.

Cookery School for boys.

302. There was one school for giving theoretical and practical instruction to boys in cookery consisting of two branches, one for teaching the preparation of vegetarian and the other of non-vegetarian food. There were 9 and 8 students respectively in the two classes against 8 and 10 in the previous year. The maximum number of pupils to be admitted into the school was fixed at 20. Both the branches were examined by examiners appointed for the purpose and they reported favorably on the working of the school.

Strength.

Boarding Schools.

303. The four Boarding schools for the Dhanka students at Songad, Arkanti, Vyara and Mahuva and the four Antyaja Boarding schools at Baroda, Patan, Nowsari and Amreli made satisfactory progress during the year. There were 344 pupils in the Dhanka and 365 boys in the Antyaja Boarding schools, against 327 and 353 respectively

Number of schools strength, &c.

in the previous year. These boys were provided with boarding, lodging and education free at the cost of the State. The highest standard taught in the Dhanka Boarding schools was the 6th in Songad, Vyara, and Mahuva, while in the Antyaja Boarding schools it was the 7th standard in Patan and Nowsari. The results of the annual examinations were satisfactory. An Agricultural farm has been attached to the Songad Dhanka Boarding school to enable the boys to learn practical Agriculture. Arrangements were also made to give elementary instruction in carpentry. The total expenditure on these schools was Rs. 30,984 against Rs. 31,125 in the previous year.

Night-schools.

304. There were 22 Night-schools at the close of the year under review against 20 in the previous year and 1,107 pupils received instruction in them against 1,052 in the previous year. The schools were meant for and attended mostly by the members of the labouring and industrial classes.

Translations into Vernaculars.

305. To enrich the vernacular literature four Sanskrit works from the Patan Jain Bhandars were translated and published. In the year 1893-94, the work of translating into Guzerati two books in the Marathi language was entrusted to two competent scholars and the translation of one of them (Iran) was received during the year under report and sent to the press. Dr. Balabhai was entrusted with the work of translating into Guzerati an English work on "Food." Three small books useful for female readers prepared by private persons were patronised by the State.

Book Depot.

306. The amount of the permanent advance made for the purchase of books to be kept in stock remained the same as in the preceding year, *viz.*, Rs. 15,000.

Stock of books.

307. The Government stock account at the end of the year was as shown below:—

Credit.	Amount.	Debit.	Amount.
	Rs. a. p.		Rs. a. p.
Value of books on hand on 1st August 1894.	25,955- 6- 3	Sale proceeds of books. ...	24,640- 12- 7
Value of stock received during the year. ...	27,382- 3-10	Commission paid during the year.	4,539- 4-10
Commission realised during the year.	5,198- 5- 2	Balance on 31st July 1895 [books and cash.] ...	29,355- 13-10
Total....	58,535- 15- 3	Total....	58,535- 15- 3

The number and value of books sold during the year under review and in the three preceding years were:—

	Number of books.	Value Rs.
1891-92	1,13,918	20,141
1892-93	1,15,867	22,262
1893-94	1,43,040	26,263
1894-95	1,41,487	24,640

Kala Bhavan.

308. Mr. T. K. Gajjar, M. A., B. Sc., continued to be in charge of the institution.

Exhibition and conversazione.

309. An Exhibition and Conversazione were held in the month of March 1895. The exhibition was formally opened by H. H. the Maharajah on the 1st March and was kept open for 10 days when the residents of the city and adjoining districts visited it in large numbers. The exhibition gave great publicity to the Bhavan and the work done in it.

Students of the Bhavan.

310. The subjoined table shows the number of students in the different branches of the Institute at the end of the year:—

Schools.	Number on the rolls at the end of July 1895.	Average monthly number on the rolls.	Average daily attendance.
School of Art Pupil Teachers	1	1	0·9
Do. Apprentices	22	7·1	6·6
Do. Third Grade	16	14·4	11·2
Do. Second Grade...	25	20·5	14·5
Do. First Grade	36	34·1	19·9
Do. Do. Ordinary	6	3·2	1·9
Do. Preparatory	34	29·5	17·8
School of Architecture, Post-Graduates ...	1	1·7	1
Do. Apprentices	...	1·6	[illegible]
Do. Third Grade	4	5.9	4·2
Do. Do. Ordinary	...	2	1·8
Do. Do. Apprentices	2	3·4	2·9
Do. Second Grade...	6	8·9	7·1
Do. Do. Apprentices	1	1·4	0·7
Do. Third Grade	13	11·9	8·1
Do. Do. Ordinary	...	4	2·2

Do. First Grade	41	41·6	37·3
Do. Preparatory	19	21·6	16·7
Total...	464		

The number of students at the end of July 1895 was 464 against 414 in the previous year and the average daily attendance 322·8 against 296·9.

Classification of students according to the profession of their parents or guardians.

311. Classified according to the occupation of their fathers or guardians, the students in the different schools were distributed as under:—

Schools.	Government Officers.	Other Government Servants.	Land-lords.	Farmers and Tenants.	Following the learned professions.	Following the Mechanical professions.	Merchants and Bankers.	Petty tradesmen and commercial classes.	Artisans.	Labourers.	Persons without any profession.	Priests.	Total.	Remarks.
School of Art.... ...	2	67	...	16	9	1	4	7	23	...	1	10	140	
School of Architecture.	...	16	...	6	...	...	...	5	28	...	3	1	59	20 Carpenters.
School of Mechanical Technology. ...	...	33	3	14	6	...	9	6	28	1	2	6	108	19 Blacksmiths.
School of Chemical Technology. ...	2	19	...	10	4	...	2	6	5	...	...	5	53	5 Bhavsars.
School of Agriculture.	...	2	...	10	...	...	...	1	...	...	...	1	14	9 Patidars.

Total...	4	150	3	102	20	1	21	36	85	1	6	35	464	

Classified according to religion.

312. Classified according to religion, there were at the Bhavan 436 Hindus, 19 Mahomedans, 8 Parsees, and one Christian.

Examinations.

313. The annual examinations were held in October 1894 and were conducted by specialists and members of the Educational Department. The results were satisfactory. The following table gives the number of successful students:—

Names of Schools.	First Class.	Second Class.	Third Class.
School of Art, Third Grade...	...	4	2
Do. Second Grade	...	...	7
Do. First Grade	...	2	12
School of Architecture, Third Grade	...	2	5
Do. Second Grade	...	...	3
Do. First Grade	...	...	1
School of Mechanical Technology, Third Grade...	...	...	8
Do. Do. Second Grade.	1	2	2
Do. Do. First Grade...	...	1	11
School of Chemical Technology, Third Grade ...	...	5	9
Do. Do. Second Grade ...	...	...	1
Do. Do. First Grade ...	...	...	5
School of Agriculture, Third grade	4	4	1
Do. First Grade	...	3	2
School of Pedagogy, Third Grade	...	5	1
Do. Second Grade	2	8	10
Do. First Grade	2	14	9

Additional subjects taught.

314. The following additional subjects were taught to the Third Grade students besides the subjects necessary for the Government Arts certificate examinations.

(1) Painting in water and oil colours.
(2) Architectural drawing and design.
(3) Sculpture and modelling.

Of the students who presented themselves for these examinations, 22 passed in the First Grade and 19 in the Second Grade.

Empire of India

315. Mistry Lalloobhai Mansukharam, master-carpenter of this institution was sent as a State Artizan to the Empire of India Exhibition held at Earls Court, London, in May 1895 and his work was approved of. Several articles of car-

ving in ebony and wood and lacquer work were sent to the Exhibition; and all small articles commanded a ready sale on account of their workmanship and cheap prices. The largest exhibit sent from the Bhavan was a wood-model of an Indian palace, a two-storied building showing different styles of architecture; this proved most attrative.

School of Mechanical Technology.

316. This school attracted a large number of students from Kathiawad, but the average strength of the school suffered because of the non-recognition of the school under the Boiler Inspector's Act. Mr. Bhaichand Ghelabhai, the fitter in the school, was sent to the Empire of India Exhibition, London.

The school of Chemical Technology.

317. There was a decrease in the strength of this class but several students did well at the examination and found employment in the dyeing factories attached to mills.

School of Pedagogy.

318. For want of vacancies, some of the passed students had to wait before they could secure employment. The number of students attending the Practising School at the end of the year was 250.

Expenditure.

319. The sum expended in the purchase of drawing materials, carpentry tools, dyeing and mechanical appliances, furniture, books, &c, was Rs. 8,388 in mixed currency. The expenditure on salaries, scholarships, house-rent, and contingencies was Rs. 55,004 mixed currency. The annual average cost of educating each pupil was Rs. 119 against Rs. 167 in the preceding year.

Workshops.

320. The Workshops turned out work of the value of Rs. 58,249 during the year against Rs. 62,616 in the preceding year.

321. The staff of the Bhavan consisted in the year of:— Staff.

1. The Principal
2. Art Master.
3. Applied Art teacher.
4. Photographer.
5. Civil Engineer.
6. Architectural Drawing Teacher.
7. Superintendent of the Workshops and Mechanical Engineer.
8. Assistant Superintendent.
9. Lecturer on Mechanical Technology.
10. Superintendent of the Dye-house.
12. Calico printer.
13. Professor of Agriculture and Superintendent of the Farm.
14. Agricultural Chemist.
15. Vice-Principal and Professor of Literature.
16. Language Teacher.
17. Lecturer on History.
18. Shastri.
19. Munshi.
20. Professor of Chemistry.
21. Professor of Physics and Mathematics.
22. Lecturer on Biology.
23. Gymnastic Teacher.
24. Drill Instructor.
25. Boarding Superintendent.
26. Head-Master of the Practising School.

In addition to these, there were 8 Assistant Teachers, 4 Demonstrators, 10 Foremen and maistries at the Work-

shops and Ateliers, and 3 Laboratory and Dye-house Assistants.

Distinguished Visitors.

322. During the year under review, the Honorable A. Webb, M. P., the Hon'ble Mr. Justice Jardine, Mr. G. Reid, Commissioner, Dr. J. Pollen, His Highness the Maharajah of Benares and Mr. E. Wimbridge of Bombay, visited the Bhavan and all of them were favourably impressed with the institute and its working.

District schools.

323. The District industrial schools showed their usual progress in the year. At Patan a mechanical class was added as well as a class for teaching pottery and these attracted a larger number of students. The strength at Petlad decreased, as all the students of the highest class were transferred to the Bhavan at Baroda. The Kathore school mantained its strength as before. The following statement contains particulars regarding the working of these Schools.

Schools.	Number on the roll at the end of July 1895.	Average monthly number on the roll.	Average daily attendance.	Total expenditure.	Annual cost per student.
				Rs.	Rs.
Patan Industrial school ...	97	85·8	57·9	4,872	50
Petlad Industrial school ...	44	37·4	24·4	3,992	91
Kathore Industrial school...	22	22·7	16·5	1,700	77

Expenditure in District schools.

324. The total expenditure on account of these District schools amounted to Rs. 10,564 and the average cost of educating each pupil was Rs. 64. The corresponding fi-

gures for the previous year were Rs. 9,616 and Rs. 55 respectively.

The Dnyana Munjusha.

325. The progress made in the preparation of the Dnyana Munjusha series or Vernacular books on scientific and literary subjects from standard English works was satisfactory. Two books, History of Pedagogy, and Drawing copy books parts 1 and 2, were ready. About 8 works were being printed and manuscript compilations on Mensuration, Chemistry, Practical Geometry, Physics, Logic, Mechanics, and Practical Chemistry were received.

Museum.

326. The year 1894-95 marked the beginning of regular work for the Baroda State Museum

Control and Direction.

327. Professor Masani was appointed Curator and to start the Museum and place it on a satisfactory footing, Professor J. F. Blake an European expert was appointed Director. He took charge of his office on the 27th January 1895, but shortly after Professor Blake had to go to Europe on three months' leave.

Staff.

328. There were also a sub-curator, and an establishment of clerks costing Rs. 370 per mensem.

Fittings &ca.

329. To determine the sort of cases which would best suit the requirements of the Museum, three sample cases were ordered after the pattern of Kensington Museum cases at Mackenzie's, Byculla, Bombay, at an aggregate cost of British Rs. 3,175, of which one was a wall case, the second was a free standing centre case and the third, a table case.

Collection of exhibits.

330. A good collection of rocks, minerals and fossils was obtained from the Khangi for the Museum. A collection of eggs of Indian and European birds was purchased. The State Geologist made a collection of rocks, minerals and fossils. To the above were added some good samples of Motipura marbles. Good samples of local art, such as Sankheda lacquer work and Billimora sandal wood and ivory inlaid work, were obtained. The Curator made a tour in the north of India and procured metal, stone and marble work, ivory and wood carving, clay figures and agate work. Three samples of Surat embroidery work were purchased. A fair collection of local fish, reptiles, birds and small mammals was made.

Advances made.

331. A grant of £. 400 was made to Mr. Foote when he went to England for the purchase of Museum fittings and accessories, specimens of Ipsen Terra Cotta statues, electrotypes of Elkington & Co's Venetian glass, &c.

Total expenditure.

332. The total expenditure incurred during the year in connection with the Museum was as follows:—

	Rs.
Pay	8,301
Purchase of exhibits in both the departments of Science and Art and other miscellaneous things	14,217
Fittings	3.770
Contingency	2,199
Batta and Railway fare	666
Total...	29,053

Baroda State Library.

333. The Library was as in previous years under the supervision of a Managing Committee.

334. There were 295 subscribers for the State Library and 85 for the Branch against 302 and 80 respectively in the preceding year.

Number of subscribers.

335. There were at the close of the year 5,400 volumes against 5,199 in the previous year as detailed below.

Number of volumes.

English	2,555
Sanskrit	333
Marathi	1,233
Gujrathi	1,034
Persian	195
Total...	5,400

336. The total number of volumes issued to subscribers was 2,370 against 2,102 in the previous year.

Books issued.

337. The receipts of the Library amounted Rs. 1,931 and the expenditure was Rs. 2,203 in mixed currency, against Rs. 2,110 and Rs. 1,832 respectively in the previous year.

Receipts and expenditure.

Government Printing Press.

338. The value of work (including the value of paper) done by the Government Press in the year under report as compared with that in the previous year is shown below:—

Receipts.

	1893-94. Rs.	1894-95. Rs.
1 Printing, Composing &c. ...	59,247	67,565
2 Realizations from Printing papers.	87,778	81,724
3 Miscellaneous.	222	223
Total...	1,47,247	1,49,512

The increase in the first item was due to the increased work done for the various Departments.

The decrease in the second item was due to the rates at which the paper required for the Press was purchased being lower than the rates paid for in the previous year.

339. The expenditure as compared with that of the previous year was as shown below:—

Expenditure &ea.

	1893-94	1894-95
	Rs.	Rs.
Establishment... ...	32,793	36,272
Contingencies	8,613	8,571
Printing Papers ...	80,467	76,000
Total...	1,21,873	1,20,843

The increase under establishment charges was due to the increase in the number of hands employed to cope with the increased work.

The net earnings amounted to Rs. 28,669 as against Rs. 25,374 in the previous year, showing an increase of Rs. 3,295. This does not, as in the previous year, include the salary of the Press Superintendent, the loss from the depreciation of the machinery, rent of the Government building, interest, &c., and postal charges.

The number of copies of the Adnya Pátrika issued per week was 2,675 *i. e.* the same as in the previous year.

Medical Department.

340. The number of Hospitals and dispensaries in the State was 51 against 50 in the previous year. They were of the following classes:—

Number of Hospitals and dispensaries.

Hospitals.	Civil.	Military.
1st Class ...	3	1
2nd Class ...	5	...
3rd Class ...	1	2
Dispensaries	35	4

The increase in the number was due to the opening of a new dispensary at Moti Khas Paga.

Strength of the department.

341. The following tabular statement gives particulars about the strength of the department on the 31 July 1895 and on the corresponding date of the previous year:—

	1893–94	1894–95
Medical Officers...	23	21
Hospital Assistants	59	60
Medical Pupils ...	68	69
Midwives and Nurses	5	5
Assistant Assay Master	1	1
Veterinary Surgeons	2	2
Total ...	158	158

The decrease of two in the number of Medical officers was due to the reduction of two appointments owing to:—

(1) The termination of engagement for a temporary period with a Medical Officer.

(2) The transfer of another to the Central Jail as Superintendent.

The increase of one Hospital Assistant and Medical Pupil was due to the opening of the Moti Khas Paga dispensary.

Number of Patients.

342. The total number of patients treated was 3,45,681 against 3,33,443 and showed an increase of 12,238 or 3·6 per cent over the figures of the previous year. The increase occurred both in in-door and out-door patients, the increase in the former being 94 or 1·6 per cent and in the latter 12,144 or 3·7 per cent. The increase was spread over all the Divisions but Kadi, where there was a fall of 6,791 or 6·5 per cent. The statistics regarding each hospital are shown below:—

Names of Institutions.	1893-94.			1894-95.			Increase.	Decrease.
	In-door patients.	Out-door patients.	Total.	In-door patients.	Out-door patients.	Total.

Grand Total...	5,743	3,27,700	3,33,443	5,837	3,39,844	3,45,681	12,238	...

Total number of patients.

343. Of the total number of patients treated, 3,21,367 were from the civil population, 20,639 from the military, 288 from the police and 3,391 belonged to the jail population, as against 3,07,591, 22,436, 339 and 3,077 respectively in the preceding year.

In-patients.

344. Of the 5,837 in-door patients, 5,324 were cured, 103 absented themselves, 179 died and 231 remained under treatment at the close

of the year. The percentage of deaths to the total number of in-patients treated was 3·0 against 2·5 in the previous year. The daily average attendance was 278·8 against 225·3 in 1893-94.

Out-door patients.

345. Of the total number of out-door patients *viz* 339,844 treated, 335,275 were cured, 24 absented themselves, 231 died and 4,314 remained under treatment at the end of the year. The ratio of deaths to the total number treated was 0·06 per cent against 0·09 in the previous year. The daily average attendance was 3,516·0 against 3,288·2 in the preceding year.

Number of male and female patients.

346. Of the total number of patients treated, 182,267 were males, 58,553 females and 104,861 children. Thus out of every hundred persons treated there were 52·7 males, 17·0 females and 30·3 children; the respective proportions stood at 52·9, 17·5, and 29·6 in the previous year.

Classified according to religion.

347. Classifying the total number of patients according to religion, 271,057 or 78·4 per cent were Hindus, 55,229 or 15·9 per cent were Mahomedans 14,552 or 4·2 per cent Parsees, 307 or ·08 per cent Christians and 4,536 or 1·3 per cent were members of other castes. As compared with the previous year, the proportions showed little or no variations.

Surgical operations.

348. At the end of the previous year there were under treatment 9 patients and during the year under report 975 major surgical operations were performed. Of the total number, 978 persons were cured, in one case the result was not known as the patient absented himself, 2 died and 3 remained under treatment at the end of the year. Of the operations perform

ed, 15 were on the eye and its appendages, 12 were for the removal of calculi, 127 were incisions, 48 were operations on joints, 78 were on bones, 63 were for the removal of tumours, 17 were amputations, 80 were reparative operations, 332 were for the removal of foreign bodies, 1 was on artery, 1 was for Hemorrhage, 65 were obstetric and 136 were miscellaneous operations.

Minor surgical operations numbered 8,883 as against 9,381 in the previous year.

Average cost per patient.

349. The average cost per patient was Rs. 0-9-10 against Rs. 0-11-7 in the previous year. Excluding the cost of miscellaneous items, such as supervision, establishment of medical store depot, laboratory, Sanitary Commissioner's office, &c., the average cost per patient was Rs. 0-7-0 as against Rs. 0-8-2 in 1893-94.

Veterinary Hospitals.

Number treated.

350. The total number of cattle treated in the two Veterinary Hospitals at Dabhoi and Visnagar was 3,028; of those 2,586 were cured, 257 relieved and 185 died; 2,450 cattle were treated at Dabhoi and 578 at Visnagar.

Area affected with Cattle Diseases.

351. Cattle-diseases broke out in the year under review in the Talukas of Petlad, Savli, Baroda, Dabhoi, Padra, Kadi, Vadavli, Patan, Kheralu, Mehsana, Harij, Visnagar, Damnagar, Songad, Velacha, and Kamrej.

Expenditure.

352. The expenditure on the Medical department (exclusive of that on the Medical buildings and Vaccination) amounted to Rs. 2,14,894 against Rs. 2,36,410 in the previous year. The decrease was due to (1) smaller expenditure incurred on the purchase of medicines and (2) the saving effected by the re-

duction in the number of medical officers. Of the total expenditure, Rs. 1,54,736 or 72 per cent represented the pay of the establishment, Rs. 27,084 or 12·6 per cent was the cost of medicines and instruments and Rs. 33,073 or 15·4 percent was the cost of dieting, dead-stock and contingencies. The whole cost was borne by Government.

Vaccination.

Establishment.

353. The Vaccination staff consisted of, as in the previous year, 4 inspectors, 36 vaccinators of all grades, and 8 probationers, besides 40 peons.

Operations performed.

354. The total number of operations performed was 70,456 against 70,550 in the previous year. Of these 66,628 were primary vaccinations and 3,828 re-vaccinations. The corresponding figures for the previous year were 64,917 and 5,633 respectively. There was thus an increase of 1,711 in the former and a decrease of 1,805 in the latter.

Classified according to nationality.

355. Of the total number of persons primarily vaccinated, 56,602 were Hindus, 4,621 Mahomedans, 112 Parsees, 10 Christians and 5,283 of other castes, as against 55,107, 4,272, 1,256 and 5,407 respectively in the preceding year.

Classified according to sex.

356. The number of males and females primarily vaccinated were 34,796 and 31,832 respectively. The number re-vaccinated consisted of 3,025 males and 803 females. Thus the total number of males and females vaccinated was 37,821 and 32,635 respectively.

Percentages.

357. In primary vaccination the percentage of males was 52·2 and that of females 47·8. In re-vaccination the percentages were 79 and 21 respectively. The percentages of males and females

vaccinated and re-vaccinated were 53·7 and 46·3 respectively as against 54·1 and 45·9 in 1893-94.

Classified according to age.

358. The following are the particulars about the ages of those primarily vaccinated.

	1893-94	1894-95
Under one year	57,719	60,204
Between one and 6 years...	6,822	6,061
Above six years	376	343

Number successful.

359. 63,450 primary vaccinations or 95·2 per cent of the total number were successful. The number of unsuccessful cases was 2,053 or 3 per cent and that of unknown or doubtful cases was 1,309 or 1·8 per cent. 184 persons were operated on a second time on account of the failure of the first operation. Of the number of re-vaccinations, 2,408 or 62·9 were successful as against 3,540 or 62·8 per cent in the preceding year. In 386 instances the results could not be ascertained and in 1,036 the operations failed.

Comparison with the preceding year.

360. The following table shows the total number of vaccinations, the number and percentage of persons successfully vaccinated, as contrasted with the results of the two preceding years:—

Years.	Number of vaccinators employed.	Total number of persons vaccinated and revaccinated.	Number of persons successfully vaccinated.	Average number vaccinated by each vaccinator.	Percentage of successful vaccinations to the total number vaccinated.	Average number vaccinated per 1000 of population.
1892-93	36	70,699	67,243	1963·8	95·0	29·3
1893-94	36	70,550	66,000	1959·7	93·5	29·2
1894-95	36	70,456	65,758	1957·1	93·3	29·1

Inspection.

361. The 4 inspectors of vacciation travelled 7,960 miles, visited 1,356 villages and inspected 36,620 children on whom vaccine operations had been performed. The percentage of vaccinated children inspected to the total number vaccinated was 61·9 against 65·3 in the preceding year.

Cost of the Department.

362. The total expenditure on account of the vaccination department was Rs. 17,346 against Rs. 15,886 in 1893–94.

Average cost of successful operations.

363. The total number of successful operations was 65,758 against 66,000 in the year 1893-94. The average cost per successful case was As. 4-2 against As. 3-2.

Animal vaccination.

364. Animal vaccination was commenced from 19th March 1895. Thirty four calves were inoculated and all of them were successful. 254 children were vaccinated with bovine lymph in the city of Baroda and the lymph was distributed in 192 capillary tubes among 30 vaccinators in the districts.

Work of the midwife.

365. The midwife attended 74 obstetric cases against 65 in 1893-94. Of these, 39 were cases of natural labour, 5 unnatural, 17 of tedious and 13 of premature labour or miscarriage. In 3 cases Craniotomy was performed, in 4 the operation of turning was resorted to, and in one the neck of uterus was punctured to hasten delivery.

The number of females examined by the midwife for diseases of the genito-urinary organs was 100 against 87 in 1893-94.

Medico-legal cases.

366. The number of medico-legal cases received by the Chemical Analyser for analysis was 114 against 104 in the previous year and the number of articles examined was 399 against 428. Of

the 114 cases, 63 were of suspected human poisoning and 51 involved the examination of articles suspected to be stained with blood or other animal fluid. Of the 63 cases of suspected human poisoning, poison was detected in 17.

Analysis of water.

367. 100 samples of water, 12 of air of different places in the city and 12 miscellaneous cases consisting of 14 articles were examined and results reported on.

The Health Department.

368. The post of Sanitary Commissioner was held by Dr. Krishna Rao V. Dhurandhar, who supervised the work of the vaccination department, the registration of births and deaths, and the working of district Municipalities. He visited the Municipalities in the Baroda and Nowsari Divisions up to 31st May 1895 when he was made Deputy Sanitary Commissioner or Under Secretary in the Medical Department.

PALACE.

Expenditure.

369. The ordinary expenditure of the Palace in 1894-95 was Rs. 18,55,524 Babashai against Rs. 21,13,638 in the previous year. The following is a comparative statement of the expenditure under the principal heads in the last two years.

Heads of expenditure.	1893-94.	1894-95	Increase or decraase.
	Rs.	Rs.	Rs.
Household	10,42,435	9,04,812	— 1,37,623
Kharkhanas	4,98,805	3,71,777	— 127,028
Devasthans	40,849	42,095	+ 1,246
Gardens	25,192	59,082	+ 33,890
Dharmadaya	3,48,548	2,96,956	— 51,592
Miscellaneous	1,57,808	1,80,802	+ 22,934
Total... ...	21,13,637	18,55,524	— 2,58,113

Revenue Survey and Settlement.

Direction and control.

370. During the year under review Mr. F. A. H. Elliot, I. C. S., C. I. E., was on furlough and the office of Survey and Settlement Commissioner was held by Mr. A. F. Macanochie I. C. S. from 1st November 1894 to the 28th February 1895, by Mr. A. J. Patel from 1st to 31st March 1895 and by Mr. Kersaspji Rustamji from 1st April 1895 to 31st October 1895.

Barkhali and Survey Departments.

371. Both the Barkhali and the Survey Departments were placed under the control of Mr. Kersaspji.

Survey and Settlement Superintendent.

372. This office was held by Mr. A. F. Maconachie from 1st November 1894 to the 28th February 1895 and by Mr. A. J. Patell from 1st March 1895 to 31st October 1895.

Changes in the Staff.

373. The "H" measuring party was abolished on the 1st November 1894. Amongst the Kamdars there were several changes.

Parties.

374. There were three Measuring parties and one Classing party at work; the former was engaged in the Talukas of Okhamandal, Vijapur, Songad, Kalol and Vyara, and the latter at Vadavali, and Kalol.

Amount of field work.

375. The following statement shows the amount of field work done during the past 2 years:—

Year.	Field by field measurement.		Area traversed.	Total area.
	Survey Numbers.	Area.		
		Bighas.	Bighas.	Bighas.
1893-94	1,06,163	4,45,690	19,632	4,65,322
1894-95	53,344	3,48,523	29,567	3,78,090
Increase or Decrease.	— 52,819	— 97,167	+ 9,935	— 87,232

There was in the year under report a decrease of 52,819 in the number of fields and of 97,167 Bighas in the area measured field by field; in the area traversed there was an increase of 9,935 Bighas. The net decrease in the out-turn of work was 87,232 Bighas and this was mainly due to the following among other reasons:—

(a) The abolition of the "H" measuring party.

(b) The detention of half the number of men of the "C" party in Baroda till the end of February 1895 to finish the inspection work.

376. The following table shews the measurement work done in each Taluka.

Work done in each Taluka.

Talukas.	Field by field measurement.			Traversed.		Total.		Party.

Supervision.

377. The field work was supervised by the Superintendent and tested by the Assistant Superintendent, the Kamdars and the Nimtandars. The result of the test taken by these officers was satisfactory.

Work done by each Party.

378. The following table shows the quantity of work done by each of the measuring parties and the tests taken of the work:—

Party.	Number of days occuppied in measurement.	Field by field measurement.		Average annis.	Test.		Traversed.
		Survey numbers.	Bighas.		Survey numbers.	Bighas.	
A	1959½	7,843	1,55,837	99½	1,026	14,295	19,129
B	2807	24,008	1,01,238	67½	2,748	8,296	5,100
C	1568½	15,409	68,764	75	1,648	5,234	5,338
F	.....	6,084	22,684	.....	714	1,306	.....
Total	6835	53,344	3,48,523	.....	6,136	29,131	29,567

The work done by all parties exceeded the prescribed standard.

Classing parties.

379. The "E" party completed the classification of the Vadavli and Kalol Talukas. The "F" party classed 4 villages of the Baroda Taluka, 1 of Padra, 1 of Choranda, and 1 of Kadi. The following abstract shows the amount of classification work done in each Taluka and the tests taken of it:—

Talukas.	Number of villages.	Area classed.		Area tested.		Party.
		Survey number.	Bighas.	Survey number.	Bighas.	
Vadavali	70	48,616	1,90,618	7.249	23,770	"E"
Kalol	51	42,616	1,41,597	6,292	16,478	"
Baroda	4	938	4,044	127	631	"F"
Padra	1	753	2,431	88	300	"
Choranda	1	86	3,038	16	188	"
Kadi	1	136	588	21	125	"
Total...	128	93,145	3,42,316	13,793	41,492	

Work done in 1893-94 and 1894-95.

380- The amount of classification work done during the year under report as compared with that done during the previous year was as follows:—

	1894	1895
Survey Numbers classified....	1,79,522	6,77,443
Area classified (bighas). ...	93,145	3,42,316
Decrease...	86,377	3,35,127

There was a decrease of 86,377 in the number of fields and of 335,127 Bighas in the area classed. This decrease was due to the fact that during the previous year the work was done by two classing parties, while in the year under

report it was done only by the "E" party. The "F" classing party was employed on miscellaneous work throughout the year, such as, classing individual and isolated villages, splitting up large numbers into smaller ones, carrying out final orders in the field and in the survey papers with reference to boundary disputes settled.

Supervision.

381. The classing work was, like the measuring work, supervised by the Superintendent and checked extensively by the Assistant Superientendent, the Kamdars and the Nimtandars. The results of the tests were generally satisfactory.

Boundary disputes.

382. Appendix **Aab** shows the number of internal boundary disputes during the year under report. The number of cases for disposal was 38, of which settlement was effected by regular enquiry in 18 cases.

Appeals.

383. 16 appeals from the decisions of the Kamdars made during the year were heard and disposed of by the Survey and Settlement Superintendent. In 10 cases the original decisions were confirmed and in 4 they were modified. The remaining two cases were sent back for additional information. There was no appeal pending at the end of the year.

Jamabandi Settlement.

384. During the year under review the Jamabandi Settlement reports for the Kadi, Mehsana, and Visnagar Talukas of the Kadi Division and Mahuva of the Nowsari Division were under the consideration of Government.

Introduction of new rates.

385. The new rates proposed for Harij, Dehgam, Attarsumba, Kheralu and Vadnagar were sanctioned by Government and were introduced in the villages of the Harij,

Dehgam and Attarsumba Mahals. They were not introduced in the villages of Kheralu and Vadnagar Mahals as the Jamabandi papers of those Mahals were not ready before the end of the year.

City Survey.

386. In the following towns the work of the City Survey was proceeded with during the year under report:—

	Party I.		Party II.
1	Padra.	1	Dabhoi.
2	Visnagar.	2	Patan.
3	Vadnagar.	3	Mehsana.
4	Kadi.	4	Nowsari.
5	Petlad.	5	Gandevi.
6	Sidhapur.		
7	Amreli.		

Cost per Bigha.

387. The following table shows the cost per Bigha of measurement and classification in the year under report as compared with that in the two previous years. One-half of the expenditure of the Survey and Settlement Commissioner's office and three-fourths of that of the Superintendent's office were as usual taken into account in estimating the cost per Bigha.

	1892-93	1893-94	1894-95
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Measurement cost	0- 3- 5	0- 3- 8	0- 2-10
Classification cost	0- 1- 2	0- 1-10	0- 2- 1
Combined cost	0- 4- 7	0- 5- 6	0- 4-11

Total expenditure.

388. The total expenditure of the Survey and Settlement Department for the year was Rs. 2,35,114 against Rs. 2,70,681 in the previous year, showing a decrease of Rs. 35,567 as shown below.

Heads.	1893-94.	1894-95.	Increase or Decrease,
	Rs.	Rs.	Rs.
Direction	16,278	7,402	— 8876
Supervision	60,040	46,224	— 13,816
Office	10,706	8,847	— 1,859
Measuring	41,568	31,927	— 9,641

389. The reasons for the increase and decrease under each head were as follows:—

Reasons for increase or decrease.

Direction and Supervision.—The decrease was due to Mr. Elliot's absence on furlough and Mr. Maconochie's reversion to the British service.

Office and Measuring.—The decrease was due to the abolition of the " H " party.

Classing.—The increase was due to promotions given to classers.

Training.—The decrease was due to the absence of temporary establishment and to the discontinuance of the services of Umedwars.

Outfit and dead-stock.—The increase was due to the purchase of tents, &c.

Boundary marks.—The increase was due to the labourers employed in Okhamandal having had to be paid by Government instead of by the Khatedars.

Jamabandi.—The decrease was due to the saving in the salary of the Jamabandi Assistant consequent on his suspension.

Boundary Office.—The increase was due to the employment of additional surveyors and measurers.

Record.—The increase was due to the employment of Karkuns for Ferist work and promotions to measurers.

City Survey.—The increase was due to increase in the establishment and the employment of two separate parties on the work.

Barkhali.—The decrease was due to Mr. Elliot's absence on furlough, the Assistant's suspension, &c.

Cash.—The increase was due to promotions given to clerks.

Barkhali Branch.

390. The *personnel* of this branch underwent many changes in consequence of the enquiry held into charges of corruption preferred against Mr. Bapat and other officials. Till the beginning of October, much time of the establishment was taken up by the almost daily demands made for information and papers in connection with the Bapat enquiry. The work of arranging the records of the Barkhali Department and preparing the necessary indices was taken on hand and a special set of karkuns was enstrusted with the work. It was supervised by a Sub-assistant. The Salami, Havaldari and other Mamul Haks in the Sankheda Mahal, which fluctuated from year to year and were a source of great vexation to Government officials, were consolidated into one demand in the

Changes in the personnel.

month of November in all the villages of the Taluka. Powers were delegated to the Revenue Officers to settle simple cases of succession and registration of names where final settlements had been made by the Department. Rules for the disposal of Vadharo cases were provisionally sanctioned. Similarly proposals for the compulsory redemption of Adanya and Vechania lands were approved.

Settlement of Barkhali lands.

391. During the calendar year 1895 settlement of Barkhali lands in 85 villages of the Sankheda and Choranda talukas was effected; final settlement was effected in respect of 9,662 Bighas and as regards 6 Bighas settlement was provisionally made.

392. 392 cases of claims to cash allowances were adjudicated upon. The claims amounted to Rs. 76,792 of which Rs. 43,403 were continued; arrears to the extent of Rs. 1,92,732 were also claimed of which Rs. 1,25,581 were allowed.

Varshasan, Assamis, &c., of the annual value of Rs. 1,487 were purchased on payment of Rs. 23,620.

Work done in the Vatan Branch.

393. In the Vatan branch, no permanent settlement was made as the rules were under abeyance. Succession cases were only dealt with and provisional orders passed. The number of cases thus dealt with was 43 involving claims of the aggregate annual value of Rs. 8,654 of which Rs. 7,682 were continued. Arrears to the extent of Rs. 1,30,669 were allowed and claims to Rs. 322 were rejected.

Disposal of compensation cases.

394. 164 claims for compensation on account of Government and Barkhali lands taken up for public purposes were disposed of. The extent of land taken up was 655 Bighas and 121 Kumbhas. As regards Government lands taken up, compensation to the amount of Rs. 10,856 was granted in 25 cases and in

one case the claim for compensation was rejected. As regards Barkhali lands there were 138 claims and in respect of them Rs. 86,530 were paid in lump. Annual cash payments termed Kothli Santh amounting to Rs. 1070-8-8 were fixed, and lands to the extent of Bighas 0-11-17 and about 4 Kumbhas were given in exchange.

Season and Rainfall.

Season and Rainfall

395. The season was on the whole favorable during the year under report. The rainfall was considerably in excess of the normal fall and the average for five years. As compared with 1893-94 there was, however, a decrease of 13·23 inches in the Kadi division. The following statement shows the rainfall during 1894-95 at the head-quarter towns of the different divisions in comparison with that of the previous year and the average and normal rainfall:—

Name of Division.	Normal rain-fall.	Average rain-fall for five years.	1893-94.	1894-95.
	Inches.	Inches.	Inches.	Inches.
Baroda	32	35·67	43·79	62·99
Kadi	32	32·78	48·79	35·56
Nowsari	48	55·65	58·55	75·76
Amreli	25	21·31	19·7	32·82

State of crops.

396. In the Baroda Division, the rainfall was favorable to all crops except cotton which suffered much from excessive rainfall. In the Kadi division, the rainfall though considerably less than in the previous year, was sufficient for the rice, wheat, gram and sarsao crops ; but bajree, jowar and pulses suffer-

ed slightly. Owing to excessive rainfall in Nowsari, considerable damage was done to the Kharif crops. The cotton crop was also not satisfactory.

The crops did not suffer from any disease nor was any injury done to them by insects or worms in any of the divisions except in a few parts of Kadi. In this division the insects " Katras " did some slight damage to the pulses in the Kalol, Mehsana and Vadavli Talukas; the worm " Geru " did some injury to the wheat and java crops in the Kheralu, Kalol, Dehgam and the Kadi Talukas and the Attarsumba Peta Mahal. The yield of the rice-crop was good in all the divisions and that of the other crops was fair.

Water supply.

397. There was sufficient supply of water in all the divisions for men and cattle.

Prices of food-grains.

398. The following table gives the prices of the principal food-grains during the year 1894-95 and the previous year:—

Division.	Seers per British Rupee.											
	Wheat.		Bajree.		Jowar.		Rice.		Tuwer.		Chana Gram.	
	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.
Baroda	23	22	30	28	34	34	22	20	25	23	31	32
Kadi	30	25	28	28	37	30	17	15	22	21	39	38
Nowsari	21	28	28	28	30	35	21	22	19	21	30	32
Amreli	23	24	30	25	37	34	16	14	15	15	23	31

It will be seen from the above figures that in the year of report the price of wheat remained nearly stationary in the Baroda and the Amreli divisions. In the Nowsari division it was cheaper and in the Kadi division it was a trifle dearer.

Bajree was dearer in the Baroda and the Amreli divisions and stationary in the Nowsari and the Kadi divisions. Jowar was cheaper in Nowsari, dearer in Kadi and Amreli, and stationary in Baroda. Rice was dearer in all the divisions except Nowsari. The pulses were nearly stationary except in Amreli where they were cheaper.

Public health.

399. The public health was good in the Amreli, Nowsari and Baroda divisions. In the Choranda Taluka of Baroda, however, cholera prevailed in a mild form; 8 persons were attacked of whom 5 died; prompt medical aid was afforded to the patients. In the Nowsari division fever and cough were slightly prevalent. In the Kadi division public health was not satisfactory. Cholera prevailed in the Vijapur, Kadi, Kalol, Visnagar, Attarsumba, Dehgam, Kheralu, Sidhpur and Vadavli Talukas and 1,424 cases proved fatal. Fever prevailed throughout the division and carried off 9,843 persons. 56 persons died of small-pox. The total mortality in the division was 11,323. Medical aid was promptly given and effective sanitary arrangements were made to check the progress of the diseases as much as possible.

Land Revenue.

Settlement.

400. During the year 1894-95 the jamabandi of 2,818 villages was settled, the number in the previous year being the same. There was an increase of 2 villages in the Baroda and a decrease of 2 in the Kadi division. One alienated village in the Baroda Taluka was made Khalsa and another village was transferred to the Petlad Taluka from the Attarsumba Mahal of the Kadi division. In the Kadi division 3 villages in the Patan Taluka were amalgamated with other villages and a village in each of the Talukas of Patan and Dehgam was constituted a separate village. The jamabandi was, in all the divisions, completed within the year to which it related, with a few exceptions.

Land Revenue demand.

401. The following statement shows the land-revenue demand, the amount of remissions and the net amount for collection for the year under report as compared with the corresponding figures for the preceding year:—

Year.	Land Revenue proper.	Miscellaneous Land Revenue.	Total.	Remissions.	Amount for collection or net demand.
	Rs.	Rs.	Rs.	Rs.	Rs.
1893-94	94,53,331	14,97,637	1,09,50,967	27,889	1,09,23,078
1894-95	91,73,607	12,80,508	1,04,54,114	59,837	1,03,94,277
Increase or decrease....	— 2,79,724	— 2,17,129	— 4,96,853	+ 31,9498	— 5,28,801

From the above table it will be seen that there was a decrease of Rs. 2,79,724 in the gross demand under Land Revenue proper and a decrease of Rs. 2,17,129 in the miscellaneous land-revenue. Excluding remissions amounting to Rs. 59,837, the net demand for the year amounted to Rs. 1,03,94,277 and shewed a decrease of Rs. 5,28,801 as compared with the figures of 1893-94.

Land revenue proper.

402. The following table shows the details of the land revenue proper in each of the four divisions of the State.

Divisions.	1893-94 Rs.	1894-95 Rs.	Decrease. Rs.
Baroda	33,07,744	32,06,306	1,01,438
Kadi	33,94,335	32,57,619	1,36,716
Nowsari ...	17,68,012	17,43,292	24,720
Amreli	9,83,240	9,66,390	16,850
Total...	94,53,331	91,73,607	2,79,724

The decrease occurred in all the divisions and was generally due to a large extent of land classed under the head

"Government" having been transferred to "Barkhali" and to large relinquishments of land in the Kadi division.

Miscellaneous.

403. The demand under miscellaneous land revenue likewise declined in all the four divisions as shewn below:—

Divison.	1893-94	1894-95	Decrease.
	Rs.	Rs.	Rs.
Baroda ...	5,52,942	5,30,914	22,028
Kadi... ...	6,20,701	4,88,427	1,32,274
Nowsari ...	2,67,936	2,09,308	58,628
Amreli ...	56,058	51,859	4,199
Total ...	14,97,637	12,80,508	2,17,129

The decrease was due partly to smaller realizations from sales of land in auction and partly to other causes.

Remissions.

404. The remissions granted amounted to Rs. 59,837 against Rs. 27,889 in the previous year. In the Baroda division they amounted to Rs. 7,227, in Kadi to Rs. 49,355, in Nowsari to Rs. 2,959 and in Amreli to Rs. 296. In the Baroda division, the remissions were, as usual, granted on account of compensation to the Petlad Narvadars for the loss of their opium monopoly resumed by the State and for the stoppage of their brokerage for weighing tobacco. In the Kadi division remission of assessment to the amount of Rs. 20,488 was made by the Settlement Department in connection with the Talukas settled. A further sum of Rs. 25,720 was remitted in this division on lands which became impregnated with salt. The remission granted in Nowsari was in respect of lands on which Bagayat instand of Jeerayat rates of assessment were imposed and for Barkhali lands made Khalsa. A small amount was also remitted on account of mistakes made in the survey measurements.

Net revenue.

405. The actual revenue demand amounted to Rs. 1,03,94,277 against Rs. 1,09,23,078 in the previous year. Of this amount Rs. 99,50,866 were collected within the year, leaving a balance of Rs. 4,43,411 against Rs. 4,01,173 in the previous year as shewn below:—

Divisions.	Net land revenue demand.		Collections.		Balance.		Percentage of collections to demand.	
	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Baroda. ...	38,53,628	37,29,993	37,77,887	36,39,496	75,741	90,497	95·17	97·57
Kadi. ...	39,95,478	36,96,691	37,26,234	33,85,188	2,69,244	3,11,503	93·26	91·60
Nowsari. ...	20,34,892	19,49,641	19,89,011	19,13,981	45,881	35,660	97·74	98·17
Amreli. ...	10,39,080	10,17,952	10,28,773	10,12,201	10,307	5,751	98·99	99·43
Total....	1,09,23,078	1,03,94,277	105,21,905	99,50,866	4,01,173	4,43,411	96·32	95·73

The collections amounted to 95·73 per cent of the demand against 96·32 in the previous year. The percentage of collections was larger in all the divisions except Kadi where it was 91·60 against 93·26 in the previous year. The reasons for smaller collections in Kadi are stated to be excessive rains, deterioration in the productive capacity of land on account of its having turned salty and the poverty of the ryots. The balances were large in the Baroda and Kadi divisions as collections were suspended in disputed cases of Barkhali assessment and in cases where the Khatadars contended that their lands were assessed in excess by the Settlement Department.

A sum of Rs. 80,541 was collected in excess of the demand in the year under report against Rs. 40,683, of which Rs. 73,707 were in the Kadi division. In this division the

demand was fixed with reference to the new settlement rates in the Talukas of Patan and Dehgam, while the actual jamabandi was introduced only in the following year. The collections were, however, made according to the old rates; hence resulted the excess collections.

Coercive measures.

406. The extent to which coercive measures were resorted to for the recovery of arrears of revenue during the year under report as compared with that of the previous year is shewn below:—

	Number of cases.	
	1893-94	1894-95
Sales of Khatas (holdings).	270	340
Sales of other property.	64	127
Imprisonment of defaulters. ...	230	109
Mohsals (fines imposed).	16	30
Attachment of villages.	1	...

Notices of demand were issued against 68,209 persons as against 47,688 in the preceding year, shewing an increase of 20,521 notices during the year of report. The amount realized from the issue of these notices was Rs. 8,532 against Rs. 5,780. There was a larger number of sales of land and other property for realization of the revenue than in the previous year, but the number of persons imprisoned for default of payment of revenue was less. The revenue, for whose realization coercive measures above referred to, were resorted to, amounted to Rs. 13,42,462 against Rs. 6,03,632 in 1893-94.

Relinquishment of land.

407. During the year, lands to the extent of 34,605 Bighas assessed at Rs. 49,969 were relinquished by 4,278 Khatadars as against 14,630 Bighas assessed at Rs. 22,736 by 1,738 Khatadars in the previous year. The increase of

relinquishments occurred mostly in the Baroda and Kadi divisions and was due in the former division to the imposition in the Baroda Taluka of Bagayat rates of assessment which the Kheduts considered to be too heavy and in Kadi to excessive rainfall during the last 2 or 3 years which rendered the lands unfit for cultivation by saturating the soil with salt.

Waste lands taken up for cultivation.

408. The following table gives the extent of waste lands taken up for cultivation during the year of report, as compared with the corresponding area in 1893-94.

Year.	Lands granted on full assessment.			Lands granted on a sliding scale of assessment.			Total.		
	Bighas.	Kumbhas.	Assessment.	Bighas.	Kumbhas.	Assessment.	Bighas.	Kumbhas.	Assessment.
			Rs.			Rs.			Rs.
1893-94	54,510	2	53,820	17,499	...	16,881	72,009	2	70,701
1894-95	32,522	...	30,361	13.071	...	7,727	45,593	...	38,088
Decrease.	21,988	2	23,459	4,428	...	9,154	26,416	2	32,613

There was a large falling off in the extent of land taken up for cultivation in all the divisions. The reasons for the decrease were the following.

In the Baroda division there was not much waste land available for cultivation. In the Kadi division, a large area of land was rendered uncultivable by being saturated with salt owing to the excessive rain-fall of the past two or three years. In the Nowsari division a large extent of land was taken up in the previous year and there was asmaller demand for waste lands in the year under report.

Transfer of land.

409. The following figures shew the transfers of land made in the year under review as compared with those of the previous year.

		1893-94	1894-95
Number of persons whose lands were transferred.		8,403	7,630
Extent of land transferred	Bighas	1,37,350	1,14,794
	Kumbhas	76	98
Assessment on the above	Rupees	2,71,964	2,63,053

Advances to Ryots.

410. For the purposes of agricultural improvements, His Highness the Maharajah was pleased to authorize the Huzur Revenue Department to grant any sum up to three lacs of rupees per annum, as Takavi advances. Besides this, a sum of Rs. 2,50,000 was sanctioned for opium cultivation. Advances to the amount of only Rs. 1,39,769 were made to the ryots against Rs. 2,68,699 in the preceding year. The decrease in advances was due to smaller number of applications having been received in the year. The following abstract shews the purposes for which the advances were made.

	1893-94	1894-95.
	Rs.	Rs.
For effecting improvements in land...	92,317	29,801
For purchasing seeds, implements & cattle for agricultural purposes	79,218	13,389
For opium cultivation	97,164	89,349
For other purposes...	...	7,230
Total...	2,68,699	1,39,769

Revenue public works.

411. Including the unspent balance of the previous year, the total sum sanctioned for useful public works, such as wells, havadas, tanks, chowras, dharmashalas, bridges, roads, drains, &c., for execution by the Revenue Department amounted to Rs. 6,02,498. The contributions from the villages amounted to Rs. 1,00,403 and the total amount available for being spent on such works was Rs. 7,02,901. Of this amount Rs. 2,19,961 were spent. In addition to this,

the revenue Department spent Rs. 14,599 on the constr uction and repair of Government buildings.

ARREARS OF PREVIOUS YEARS.

412. The arrears of revenue from all sources outstanding at the end of 1893-94 amounted to Rs. 35,44,912; of this, Rs. 1,57,617 were remitted and Rs. 2,78,207 were collected during the year leaving a balance of Rs. 31,09,088 at the end of 1894-95. The particulars as regards each of the divisions are given in the subjoined table:—

Divisions.	Balances out-standing at the end of 1893-94.	1894-95.			Balances out-standing at the end of 1894-95.
		Amount written off.	Amount collected.	Total.	
	Rs.	Rs.	Rs.	Rs.	Rs.
Baroda	17,04,205	36,608	70,663	1,07,271	15,96,934
Kadi	15,54,322	1,17,959	1,29,617	2,47,576	13,06,746
Nowsari	2,12,197	2,195	68,372	70,567	1,41,630
Amreli.	74,188	855	9,555	10,410	63,778
Total...	35,44,912	1,57,617	2,78,207	4,35,824	31,09,083

CUSTOMS.

413. The customs revenue in all the divisions except in the Talukas of Amreli, Dhari, Damnagar and Songad, was collected departmentally; in the above named four Talukas the revenue was farmed out for Rs. 14,795 against Rs. 14,425 in the previous year.

414. The demand, collection, and balance for the past two years are shown below:—

Government demand.

	1893-94 Rs.	1894-95 Rs.
Demand	8,06,398	7,20,326
Collections	8,06,279	7,20,237
Balance	119	89

Causes of decrease.

415. There was a decrease in the revenue of Rs. 86,042 due mainly to the falling off in the imports of sugar, gur, oil, &c., in the Baroda and Kadi divisions owing to a smaller number of marriages and to the decline in the exports of cotton seeds and cleaned and uncleaned cotton in consequence of deficient harvests. The particulars of revenue, &c., in each of the four divisions are exhibited in the subjoined table:—

Items.	1893-94.	1894-95.	Increase or Decrease.
	Rs.	Rs.	Rs.
Baroda Division.			
Demand	4,57,428	4,04,735	— 52,693
Realizations	4,57,428	4,04,649	— 52,779
Outstandings	...	86	+ 86
Kadi Division.			
Demand	2,62,816	2,30,588	— 32,228
Realizations	2,62,816	2,30,588	— 32,228
Outstandings	...	...	.....
Nowsari Division.			
Demand	20,282	20,007	— 275
Realizations	20,282	20,007	— 275
Outstandings			
Amreli Division.			
Demand	65,872	64,996	— 876
Realizations	65,754	64,994	— 760
Outstandings	118	2	— 116

Expenditure.

416. The cost of collection amounted to Rs. 1,00,781 against Rs. 98,509 in the previous year. There was an increase only in the Kadi

division and this was due to the construction of new Jakat nakas and the repairs of some old buildings. The percentage of expenditure to receipts was 13 against 12 in the preceding year.

Changes in customs duties.

417. The following changes were introduced during the year in the administration of the customs revenue:—

(1) The levy by the Bhangies of a pice and sometimes half a pice on every cart crossing the Mahi river at Fajalpur for maintaining the road in good order was stopped.

(2) In the Okhamandal Taluka the *ad valorem* duty on the exports of bhang, ganja, silk, and calabatu (gold thread) was raised from Rs. 4-11-0 to Rs. 6-4-0 per cent.

(3) The *ad valorem* duty on ivory and articles made therefrom was reduced from Rs. 4 to Rs. 2-8 per cent.

Abkari.

Sources of revenue.

418. The Abkari revenue is derived from the following sources;—

(1) Manufacture and sale of country liquor.

(2) Drawing and sale of toddy.

(3) Fees for licenses for sale of imported foreign liquor.

(4) Manufacture and sale of intoxicating drugs.

(5) Miscellaneous.

419. The still head duty central distillery and minimum guaranteed revenue system continued to be in force in the Baroda and Nowsari divisions, and the out-still and farming system in the Kadi and the Amreli divisions, except on the frontier villages of the Kadi division near

Ahmedabad. In these frontier villages liquor was brought from the distillery at Ahmedabad and sold, in accordance with the arrangement entered into with the British Government.

Tree-tapping.

420. In the Sankheda, Jarod, and Peta Tilakwada Mahals of the Baroda Division each family has been allowed to tap 5 trees for home consumption free of tax. The number of trees so tapped was 17,837 against 11,827 in the previous year. The number of trees tapped on payment of the license fee was only 247 against 192 in the previous year.

Tree-tax.

421. The revenue derived from the tree-tax in the Nowsari division was Rs. 45,935 against Rs. 45,062 obtained in the previous year; in the Baroda division it amounted to Rs. 219 against Rs. 163 in the perceding year. In the above two divisions no licenses were issued for selling toddy at the foot of the date and the palm trees.

Foreign liquor shops.

422. There were 15 shops licensed to sell imported foreign liquors and wines against 14 in 1893–94. The license fees in respect of these shops amounted to Rs. 675 against Rs. 640. The number of shops in the Baroda and Nowsari Divisions in the two years was the same, *viz.* 6 and 5 respectively. In the Amreli division there were 3 shops in 1893-94 of which 2 were closed in 1894-95. In the Kadi Division there was no shop in 1893-94; in 1894-95 three shops were opened.

Rates of still head duty and free tax &c.

423. There were no alterations in the rates of duty levied.

Revenue.

424. The total Abkari revenue derived during the year was Rs. 7,58,904 against Rs. 7,92,444 in the preceding year. The revenue in the several divisions is shown below:—

	1893-94	1894-95	Increase or Decrease
	Rs.	Rs.	Rs.
Baroda ...	2,04,908	2,09,910	+ 5,002
Kadi... ...	85,600	84,293	- 1,307
Nowsari ...	4,94,142	4,55,668	- 38,474
Amreli ...	7,794	9,033	+ 1,239
Total...	7,92,444	7,58,904	- 33,540

The increase in the Baroda and the Amreli Divisions was mainly due to larger bids at the auction sales of the farms. The decrease in the Kadi Division was due to a smaller bid for the Bhang and Ganja farm at the auction and that in the Nowsari Division to a decrease in the number of gallons of liquor removed from the distillery by the farmer for consumption.

Incidence of taxation.

425. The incidence of Abkari taxation per head of the population was 5 annas, against 5 annas 3 pies in the previous year. The following statement shows the incidence separately for each Division.

Division.	Population.	Revenue.	Incidence of taxation per head of population.
		Rs.	Rs. As. P.
Baroda.	817,023	2,09,910	0-4-1
Nowsari.	319,443	4,55,668	1-6-9
Kadi.	1,098,742	84,293	0-1-2
Amreli.	180,188	9,033	0-0-9
Total.	2,415,396	7,58,904	0-5-0

The incidence of taxation was as usual the highest in the Nowsari and the lowest in the Amreli Division.

426. The following statement shows the quantity of liquor (in gallons) distilled in the different distilleries in the year under report and in the previous year.

Quantity of liquor manufactured.

Year.	Nowsari including Vankal Branch Distillery.		Vyara including Malangdev Branch Distillery.		Baroda Distillery.			Total.		
	25° U. P.	60° U. P.	25° U. P.	60° U. P.	15° U. P.	25° U. P.	60° U. P.	15° U. P.	25° U. P.	60° U. P.
	gals.	gals.	gals.	gals.	gals.	gals.	gals.	gals.	gals.	gals.
1893-94	41,766	247,396	4,626	219,497	5,020	47,518	71,150	5,020	93,911	538,043
1894-95	39,872	194,870	3,315	185,806	12,383	61,566	87,104	12,383	104,753	467,780
Increase or Decrease.	-1894	-52,526	-1,311	-33,691	+7,363	+14,048	+15,954	+7,363	+10,842	-70,263

427. The quantity of liquor issued from the above mentioned distilleries on payment of still-head duty was as under :—

Quantity issued.

Year.	Nowsari.		Vyara.		Baroda.			Total.		
	25° U. P.	60° U. P.	25° U. P	60° U. P.	15° U. P.	25° U. P.	60° U. P.	15° U. P.	25° U. P.	60° U. P.
	gals.	gals.	gals.	gals.	gals.	gals.	gals.	gals.	gals.	gals.
1893-94	38,974	236,657	3,940	210,570	5,270	43,163	75,058	5,270	86,077	522,286
1894-95	38,731	186,994	3,813	191,888	6,525	47,458	83,007	6,525	90,002	461,869
Increase or decrease.	-243	-49,663	-127	-18,682	+1255	+4,295	+7,949	+1,255	+3,925	-60,417

There was, it will be seen from the above, a small increase in the issues of liquor, 15° and 25° U. P., and a heavy fall in the issues of liquor of 60° U. P.

Sales.

428. The quantity of liquor reduced to strength 25° U. P. sold in the Baroda and Nowsari divisions was 94,701 and 248,104 gallons against 89,380 and 274,604 gallons respectively in 1893-94. The consumption per head of the population was ·11 and ·77 gallons against ·10 and ·85 in the previous year.

Liquor supplied from the British Distilleries.

429. The quantity of liquor supplied to the isolated shops in the Nowsari, Kadi and Baroda Divisions from the British distilleries and the amount of still-head duty paid thereon were as shown below.

Name of distillery.		25° U. P.	60° U. P.	Total gallons.	Amount of duty.
					Rs.
Surat ...	1893-94	776	1,301	2,077	3,359
	1894-95	752	1,342	2,094	3,366
Ahmedabad ...	1893-94	2681	1,080	3,761	6,403
	1894-95	3,398	902	4,300	7,407
Broach ...	1893-94	25	25	50	87
	1894-95	64	140	204	319

Similarly the quantity of liquor supplied to the British isolated shops at Mota from the Nowsari Distillery and to the Baroda Cantonment from the Baroda Distillery and the duty levied thereon were:—

Names of Shops.	1893-94.				1894-95.			
	25° U. P.	60° U. P.	Total.	Duty.	25° U. P.	60° U. P.	Total.	Duty.
				Rs.				Rs.
Mota, Surat	171	2,794	2,965	2,961	200	2,070	2,270	2,342
Baroda Cantonment	3,900	300	4,200	9,150	3,921	250	4,241	9,293
Total...	4,071	3,094	7,165	12,111	4,121	2,320	6,511	11,635

Country liquor shops.

430. At the close of the year there were 326 country liquor shops in Nowsari and 271 in Baroda against 345 and 256 respectively in the preceding year. The sanctioned number of shops in each division is 455 and 358 respectively. The number of toddy shops in the two divisions was 177 and 4 against 210 and 2. There was at the end of the year one liquor shop for every 5·95 squares miles of territory and 979 persons in Nowsari and for 7 squares miles and 3,164 persons in the Baroda division.

Offences against Abkari Laws.

431. 159 cases of offences against Abkari laws involving 190 persons were investigated in the year under report. In 118 cases involving 137 persons, convictions were secured. In 1893-94 there were 249 cases against 302 persons; and in 197 cases against 235 persons convictions were obtained. The percentage of convictions to prosecutions fell from 79 in 1893-94 to 74 in 1894-95. The decrease in the number of offences against Abkari laws is satisfactory.

Expenditure.

432. The total expenditure incurred on account of the department amounted to Rs. 47,082 against Rs. 49,625 in the previous year. The decrease was due to the payment of arrear salaries in the previous year and the absence of similar payments in the year under report. The proportion of expenditure to the total realizations was 6·20 against 6·25 per cent in the previous year.

Opium.

433. The area under poppy cultivation and the yield of the juice in the year under report as compared with those of the preceding year are shown below:—

	1893-94.	1894-95.
Area in acres ...	7,579-32-11	6,649-34-15
Yield of Juice in lb..	67,952-8¾	87,961-23½
Average yield per acre	8·5	13·9

There was a decrease of 930 acres in the area cultivated and the decrease has been attributed to the ryots taking more to the cultivation of rape seed and less to poppy as the former gave them a better return with less labour than the latter. The increase in the average yield of juice was due to the favourable character of the season.

Price paid of the juice.

434. The price offered for the juice was Rs. 3, as in the previous year, per lb of 42½ tolas.

Quantity of Juice.

435. There were 67,055 lb and 16¾ tolas of juice on hand at the end of the year 1893-94. The quantity purchased during 1894-95 was 87,961 lb and 23½ tolas; 6 lb and 12 tolas of contraband opium juice were confiscated and the total quantity thus amounted to 155,023 lb and 12¼ tolas. Of this quantity 66,560 lb and 36½ tolas were used in the manufacture of opium and 1 lb and 3 tolas were destroyed, leaving 88,461 lb and 12¾ tolas in balance at the end of the year.

Opium stock.

436. The following figures show the balance of the manufactured opium at the end of the previous year, the quantity manufactured and disposed of in the year under report, and the quantity on hand at the end of the year in the Sidhpur Stores.

	lb	Tolas.
Balance of the previous year inclusive of dryage.	273,483	10
Quantity manufactured during the year ...	57,735	0
Total...	331,218	10
Deduct.		
Quantity sent to the Divisional depôts for retail sale...	59,640	0
Quantity written off the accounts as dryage...	9,702	30
Total...	69,342	30

	lb. Tolas.
Balance on hand on 31st July 1895, inclusive of dryage	261,875–20

437. The following is the result of the retail sale monopoly in the Divisional Depots in the year under report.

Retail sale.

		lb Talas
Balance of opium at the end of the preceding year	...	45,708– 3
Quantity received from the Sidhpur Stores	...	59,640– 0
Quantity of confiscated opium	...	3–12
	Total...	105,351–15
Deduct.		
Quantity issued to licensed vendors		...54,540– 4
Dryage		... 302–25
	Total...	54,842–29
Balance on 31st July 1895	...	...50,508–26

438. The quantity of opium sold by licensed holders in the year under report as compared with the sales of the preceding year and the consumption per head of the population are shown below :—

Sales.

Divisions.	Population as per last Census.	Opium sold by license holders in lb.		Consumption per head in Tolas.	
		1893-94	1894-95	1893-94.	1894-95.
Baroda ...	817,023	32,910-17	30,826-28	1·61	1·50
Kadi ...	1,098,742	13,617-30	12,542-26	·40	·45
Nowsari ...	319,443	3,567- 3	3,309-15	·45	·40
Amreli ...	180,188	12,696-24	12,252-23	2·83	2·71
Total...	2,415,396	62,791-34	58,931-12	1·40	·97

The decrease in the quantity sold is attributed to the increase in the issue rate by Re. 1 per lb.

439. The financial results of the retail sale monopoly were as follows:—

Financial results.

Cost

	Rs.	A.	P.
Cost of 54,540 lb and 4 tolas issued to the Izardars	2,20,387-	9-	3
Cost of 302 lb and 25 tolas lost by dryage.	1,479-	10-	7
Establishment charges	1,569-	6-	0
Contingencies.	1,345-	3-	2
Total ...	2,24,781-	13-	2

Receipts.

	Rs.	A.	P.
Price of 54,540 lb and 4 tolas of opium issued to the Izardars.	5,99,718-	14-	4
Miscellaneous.	711-	12-	4
Total ...	6,00,430-	10-	8

The net profits amounted to Rs. 3,75,649 as against Rs. 3,90,360 in the preceding year. The decrease in the profits was due to the decrease in the issues of opium.

440. The particulars relating to offences against the Opium Law are given below:—

Offences against Opium.

	1893-94	1894-95
Cases pending from the previous year	6	8
Number of prosecutions	52	21
Total ...	58	29
Cases disposed of during the year ...	50	29
Cases pending at the end of the year ...	8	...

Cases in which convictions were obtained	...33	22
Persons convicted	...34	24
Poppy juice seized	lb 1-2	5
Opium seized	lb 9-8	12-33

STAMPS.

441. The total Stamp revenue amounted to Rs. 5,52,556 against Rs. 5,13,500 in the year 1893-94, showing an increase of Rs. 39,056. The details of the receipts are given below:—

Receipts.

Items.	1893-94	1894-95	Increase	Decrease.
	Rs.	Rs.	Rs.	Rs.
Court-fee Stamps... ...	2,72,310	3,16,474	44,164	...
Ordinary Stamps... ...	1,88,180	1,88,231	51	...
Penalty levied on unstamped or insufficiently stamped documents	20,447	19,208	...	1,239
Miscellaneous	32,563	28,643	...	3,920
Total ...	5,13,500	5,52,556	39,056	...

The increase in the revenue from Court fee stamps has been attributed to an increase in the number of suits filed. The decrease in the amount of penalty levied and in miscellaneous receipts was due to the better acquaintance of the people with the provisions of the Stamp law.

442. The total expenditure amounted to Rs. 24,362 against Rs. 22,005 in the preceding year. The several items of expendiure are shown below:—

Expenditure.

Items of expenditure.	1893-94	1894-95	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Establishment	16,479	16,516	37	...
Dead-stock articles ...	1,077	2,859	1,782	...
Contingent and miscellaneous expenses ...	4,182	2,861	...	1,321
Paper for stamps ...	...	497	497	...
Public Works ...	267	1,629	1,362	...
Total...	22,005	24,362	2,357	...

The increase in expenditure was due to the employment of temporary establishment for arranging records, to the purchase of iron racks for keeping records and of paper for stamps and to the construction of new rooms in the stamp office building for keeping the stock of stamps. The decrease in the contingent expenditure was due to smaller amount of refunds made to purchasers on account of unused Stamp papers. The percentage of expenditure to the income was 4·74 against 4·28 in 1893-94.

Forests.

Control and direction.

443. Mr. Fernandez having reverted to the British service, Mr. Maneklal Sakarlal Desai, M. A. acted as Conservatar of Forests from 27th September 1894 up to 15th June 1895. Then Mr. G. K. Mediwala, a State scholar who had completed his course of study in the Cooper's Hill College, succeeded him and remained in charge of the office till the close of the year.

Area of forests.

444. The following statement shows the total area of forests in the State.

	Bighas.
Baroda	49,533
Nowsari	336,814
Amreli	81,546
Total...	467,893

The entire forest area in the Baroda Division has been reserved; the total area reserved in the Nowsari Division was 72,814 Bighas, and 264,000 Bighas have not yet been demarcated or classed. Reservation was extended for the first time to the Amreli division, the total area brought under reserve being 21,715 Bighas. Nothing was done in the Kadi Division to reserve land for forests excepting the preparation of a few rough maps.

Demarcation of forests

445. The selection and reservation of forests formed the major portion of the work of the Department. The progress made during the year was fairly satisfactory. The extent of land surveyed and demarcated in connection with forest reservation in each Taluka is shown below.

	Bighas.
Waghodia	15,560
Savli	3,873
Velachha	13,184
Vyara	15,672
Songad	3,507
Dhari	21,716

The total area demarcated was 77,512 Bighas against 66,552 Bighas in the preceding year.

Working plan of operations.

446. The preparation of the annual plan of operations was held in abeyance pending the selection, reservation and demarcation of the forest area.

Offences against Forest laws.

447. The following comparative statement shows the number of cases of offences against the forest laws taken to Court and disposed of during the year under report and the year preceding:—

Year.	Total number of cases.			Cases disposed of during 1894-95.				Balance at the end of the year.
	Cases pending from last year.	New cases.	Total.	Proved.	Not proved.	Dismissed.	Total.	
1893-94	4	16	20	8	2	6	16	4
1894-95	4	80	84	49	5	23	77	7

Extensive thefts of timber were committed by armed parties of Bhils and Vasawas of Rajpipla in the Vajpur Peta-mahal.

Ninety-nine cases were compounded under section 44 of the Jungle Nibandh and the amount of compensation received was Rs. 431. The number of such cases in 1893-94 was 50.

Pass system.

448. Sheep, goats and camels were prohibited from grazing in the Reserved forests. The other animals were permitted to graze on passes issued according to fixed rates of royalty. The system worked satisfactorily.

Fodder and grazing.

449. No land was reserved as Bir in the Baroda and Nowsari divisions. Cattle were permitted to graze on passes issued by the Department. In the Amreli division, the Sarassia and Govindpura Birs alone were preserved; the former was leased out and the latter was managed departmentally. The rest of the jungle was left open for grazing purposes on payment of the advertised rates.

Forest produce.

450. The right of collecting Asintara and Thimru leaves was leased out. There were 26 stills for distilling Rosha oil. The right to extract catechu was sold in auction. Gum, honey, Mahuda flowers, Hurda fruits and timber complete the list of forest produce. The revenue derived by the sale of the several forest products amounted to Rs. 21,082 against Rs. 7,453 in the previous year.

Improvement fellings were not made during the year.

Revenue.

451. The total revenue in mixed currency derived from the forests is given below:—

	1893-94	1894-95
	Rs.	Rs.
Demand.	1,29,813	1,21,958
Net realizations	1,28,385	1,20,293
Balance to be recovered ...	1,428	1,665

The amount recovered on account of former years' balances was Rs. 1,501 (British) and the total revenue was Rs. 1,21,794 against Rs. 1,33,465 in 1893-94.

Expenditure.

452. The expenditure amounted to Rs. 60,373 against Rs. 72,618 in the previous year as shown below:—

	1893-94	1894-95
Conservancy works &ca.... ...	13,155	19,986
Establishment, contingencies, travelling allowances, &c.	59,463	40,387
Total...	72,618	60,373

Surplus.

453. The surplus of the year was Rs. 61,421 against Rs. 60,846 in the previous year.

454. During the year under report, forest produce of the value Rs. 11,692 was given to people free of cost against produce worth Rs. 15,324 in 1893-94.

Free grants of produce.

Taxes abolished.

455. During the year of report the impost known as "Zapli-Jamani" which used to be levied from village servants in the Choranda Taluka of the Baroda Division, was abolished. The loss of revenue from the abolition of this levy was Rupees 140-10-0 per annum.

Mint.

456. The State Mint which was under the control of the Revenue Department was transferred to the Fadnis department on the 1st July 1895.

Control.

457. Minting operations which were suspended in the previous year were resumed on the 15th December 1894. Old Babashai Silver coins which had accumulated in the Treasuries were melted and rupees on the new pattern were struck. The number and value of the several descriptions of silvers coins struck during the year are given below:—

Minting operations.

Name.	Number.	Value.
		Rs.
Rupees	28,52,013	28,52,013
Half-rupees	4,27,166	2,13,583
Four anna pieces ...	4,59,524	1,14,881
Two anna pieces ...	146	18¼
Total ...	.....	31,80,495¼

The loss which accrued to the State by melting the old coins and striking new coins was Rs. 1,15,136. Of this loss, Rs. 75,485 represented the value of fine silver added to the mixture to raise the touch of the new rupee, which, it was ordered, should contain 144 grains of silver and 32 of alloy against 141·075 and 34·925 grains respectively in the old rupee.

No copper coins were struck during the year.

458. The charges incurred in connection with the working of the Mint amounted to Rs. 36,875 as shewn below:—

Establishment &c. charges.

	Rs.
Permanent Establishment.	1,368
Temporary do	33,920
Purchase of deadstock articles.... ...	1,325
Contingencies, &c.	262
	36,875

The total loss which accrued to the State on account of the Mint was Rs. 1,52,011.

459. The following statement shows the relative market value of the British and Baroda Rupees on the 1st day ofeach month of the year under report and the preceding 2 years.

Months.	Value of one hundred British rupees in Babashai currency.								
	1892-93			1893-94			1894-95

AUDIT AND ACCOUNTS.

Audit vouchers.

460. The Audit department disposed of 81,376 vouchers during the year under report and discovered excess and erroneous payments to the amount of Rs. 7,716.

Pension cases.

461. Ten fresh cases of pension and six of gratuity were received during the year. 15 cases of pension and 46 of gratuity were disposed of. The amount of pension awarded was Rs. 368 per mensem and the gratuity paid was Rs. 2,287. The Amanat Tasalmat Branch entrusted with the work of settling old items made good progress in the settlement of these items.

462. The cost of the Audit and Account Department was Rs. 1,00,904 against Rs. 1,05,845 in the preceding year.

Expenditure.

FINANCE.

463. The total receipts during the year under report amounted to Rs. 168,14,610 and the expenditure to Rs. 162,36,227. The subjoined statements show the receipts and disbursements in Baroda currency under each head of account during the past two years:—

Receipts and expenditure.

No.	Description of items.	1893-94.	1894-95.	Increase.	Decrease.
	Receipts.	Rs.	Rs.	Rs.	Rs.

The figures in the above statements do not agree in all cases with those mentioned in the previous parts of the report as the latter represented only the collections made and the expenditure incurred during the year and not sums actually paid into or drawn from the treasuries.

Reasons for variations.

464. The causes of increase and decrease in receipts and expenditure as compared with the figures of the previous year are briefly given below.

Receipts.

Land Revenue.—The decrease amounting to Rs. 5,81,865 was mainly due to the reduction of assessment in the new Survey Settlement and to the smaller realisations of arrears of years previous to Samvat 1930.

Tribute.—The increase was due to the adjustment of the amounts held in deposit in former years.

Stamps.—The increase was on account of the sale of a larger number of Court fee stamps.

Mint.—The decrease was due to the stoppage of the coinage of copper coins.

Education.—The increase was due to the increased sales of articles manfactured in the Kala Bhavan.

Railways.—The increase was due to the receipt in the year undr report of the arrears of the previous half year.

Forest.—The decrease was due to a decrease in the sales of building timber and fuel.

Jails.—The increase was due mainly to the increase in labour charges and sale-proceeds of the produce of the Jail garden.

Municipalities.—The decrease was due to a fall in the sums realised by the sale of old houses, furniture, &c.

Public Works.—The increase was due to the fees realised for the Sayajee Sarowar water.

Miscellaneous.—The increase was due to the dividend received from the Baroda Pedhi and to the exchange of coins of the different currencies.

Disbursements.

Palace.—The decrease was owing to the reduced outlay on jewellery, animals, carriages, &c., on medical fees and on Dharmadaya.

Huzur Cutcherry establishment.—The decrease was due to savings effected by the abolition of the office of Judicial Commissioner.

Land Revenue Department.—The decrease was due to the abolition of one party in the Survey and Settlement Department, to the savings effected under the head Establishment and to the absence of payments on account of arrears to the village servants, Watandars and village schools.

Opium.—The increase was due to the purchase of a larger quantity of opium juice.

Forest.—The decrease was due to the saving in the salary and bhatta of the Conservator of Forests.

Mint.—The increase was on account of the loss incurred in coining the new Babashai Rupees and in withdrawing and destroying the old copper coins.

Judicial establishments—The increase was due to the purchase of new dead stock articles and to the opening of new courts in certain Talukas.

Police Department.—The increase was due to certain old debts having been adjusted in the year.

Military Deparment.—The increase was due to the purchase of embroidered trappings for the bullocks of the gold and silver gun battery, to the Railway charges for

guns sent to Bombay to be filled with timbers, &c., in the arsenal, to the purchase of full dress uniform and horses, to the filling up of vacancies in the Cavalry and to the Nilgiri Swari expenses.

Assamdars, Nemnooks &c.—The increase was due to certain petty haks having been purchased and to the payment of arrears.

Education.—The increase was due to the increase in schools, to the exchange compensation allowanoe paid to the principal and Vice-Principal of the Baroda College and to the compensation paid for the purchase of land for the model farm.

Medical Department.—The decrease was chiefly due to the abolition of the post of the Jail Medical officer and of the General duty officer of Kadi and Amreli.

Municipalitiee.—The decrease was due to the completion of the special roads on which a very large sum was spent in the preceding year.

Miscellaneous.—The increase was due to the expenditure incurred in connection with the Museum.

Extraordinary Charges.—The amount spent last year was on account of the birth of a son to His Highness the Maharajah.

Tour expenses.—The increase under this head was due to the adjustment in the year of certain itemes of expenditure incurred in the 4th and 5th trips of His Highness to Europe, as well as of the Nilgiri Swari.

465. The appendices contain the usual detailed statistics appertaining to the several depatments.
